The Yearbook Staff would like to take this opportunity to express thanks to the many people who have made this yearbook possible.

The publication of this yearbook would not have been possible if it weren't for understanding teachers who were lenient and thoughtful enough to excuse students to sell ads for the yearbook and for the many interruptions when pictures were being taken.

We wish to acknowledge Mr. John E. Norton, photographer, of the Department of Economic Development, Augusta, for the transparency which made possible our End Sheets.

All in all, the completion of the yearbook was the result of the joint effort of the faculty, students, and the Yearbook Staff Members.
