

Race 1: Highsnobity woke up last out when dropping to today's class level when finishing second. She looks like a standout for Moquett. **Holy Ekati** has some recency in her form and drops in class and gets a break in weight with Morales taking the call. **Caspian Girl** will be a decent price on the board and could get a piece of the exotics.

Selections: 5-3-6

Race 2: Jokasa has been facing much tougher and drops in class for Foley and should get a good pace to run at. **Three Diamonds** comes from the red hot Hartman stable and drops to a level where she will be very competitive. **Zipperini** was claimed out of her last start and trainer Johnny Ortiz has put her back on the turf where she has earned the majority of her money.

Selections: 6-4-2

Race 3: Five O One is trained by Mike Tomlinson who absolutely put on a clinic at Churchill this spring. He was second as the favorite when claimed for 10,000 last out. Mike has elected to wait out the jail time and drop this lightly raced gelding to a spot where he should pick up his fourth career win. **Warcraft** was third last out to a horse that came back to win an allowance race in his subsequent start and figures to be a pace factor. **Li'L J** finished just ahead of my second choice and will be forwardly placed but doesn't have to have the lead to be effective.

Selections: 4-2-7

Race 4: Katie's Reward gets some class relief on the return to the lawn in here and gets the nod as the top pick with Bridge up. **As Fast As You Can** is in good form and hails from a hot barn. **American Cowgirl** posted a nice breeze last week and should benefit from a solid early tempo.

Selections: 5-2-6

Race 5: Parisian Stroll is working very well in Louisville and gets the nod here at first asking. **Alteration** just missed last out as the favorite when finishing second. She exits a good race where her stablemate, that finished right behind her, came back and won here on Wednesday. **Ghosted** has some traffic issues in her last start and is capable of better on the class drop.

Selections: 5-4-2

Race 6: Thetrashmanscoming has the pedigree to be a really good horse. He is by G1 winner Take Charge Indy, and is out of the G1 winning mare Awesome Humor. She has thrown 21% turf winners. He was a 125K yearling purchase and is my top pick. **Bundy & Rhett** are a coupled entry for Jimmy Corrigan and have been training well in Lexington. **Peter the Great** is bred for the distance and turf.

Selections: 8-1-7

Race 7: Mythical Tales drops in for a tag here after racing in stakes company in her last three and looks to be a standout. I will be singling her in all my multi race wagers. **Thirteen Songs** is a really good filly but on paper is second best in this spot. Ivy's College Fund is a versatile type filly and could add some value in the exotics.

Selections: 6-5-4

Race 8 (THE ELLIS PARK TURF STAKES): This is a very competitive race and I can make a case for every horse in here. **Burma Road** rates a slight edge and has the speed to go gate to wire. **Dubara** makes her U.S. debut and moves into a really good barn. Brendan does an extraordinary job in preparing these horses off the shelf and she gets first Lasix today. **May Lily** needs a perfect trip and a well judged ride from Saez.

Selections 7-1-3

Race 9: Layoffthehighones drops in class and races for the high percentage Sharp barn. He figures to improve switching to the grass. His dam has produced 4 winners from 5 starters with two turf winners. **Let Me Loose** was just beaten last out when changing tactics and sending from the start. He did run gamely, gets some class relief here and gets the return call from Burke. **Silky Good** is very well bred for the turf. Look for a vast improvement from this one.
