

You deserve more than JUST Payroll ... and we provide it!

Busy employers like you are demanding their payroll providers do more than just provide paychecks to their employees. Businesses need **comprehensive human capital management (HCM)** solutions that integrate business functions into a single source, automate procedures, increase efficiencies and save money.

iSolved is a cloud-based, user-friendly solution that makes processing your payroll easier than ever before. **And** it increases accuracy. With iSolved, you have **time tracking, human resources and benefits enrollment all within one source**. No more duplicate data entry, or exporting and importing between disparate applications. Plus, your employees will have access to Employee Self-service - improving their engagement and satisfaction.

As an iSolved Certified Partner, we provide our customers with this **transformational HCM technology**, all while providing white glove service. Regardless of how many locations you have, or your number of employees, we process your payroll with **accuracy**. We handle all the reporting and filings so you don't have to.

Contact us at **800-872-2289** for more information on iSolved - **the solution that will transform your business.**
