Christmas in the Air is a public outreach program to promote aviation in our community. For many years the RDG Airport Community has come together to donate time and resources to provide a fun filled day at the Reading Regional Airport. This event is for children of all ages! The event includes a craft show, vendors, music, games, activities, visits from Santa and centered around **FREE** flights for children. Free airplane rides are provided to children 8-17 through the local EAA Chapter. **ALL sponsorships or donations** apply directly to this event and provide airplane rides, games, toys, snacks and activities for children.
