I am writing this grievance on behalf of feeling and being harassed by the Policy Chairperson. He has called or texted me on several occasions to inform me of what I am or what I am not doing right in composing the minutes and who he feels I need to send them to. I do the minutes according to the ASC guidelines and not the guidelines that the Policy Chairperson has compiled in his mind. I informed him that I report to the Area and not him.

I feel that he and a few members of the Policy Extended Committee Meeting continue to take jabs at me for guidelines that were changed and I am following. It is my conclusion that maybe those guideline changes that were made they feel no longer work for them and I need to go back to the way that they were originally created. I informed him that I would "NOT" change back to former procedures until I was directed to by our Area. Because I refused, the Policy Chairperson decided that he would contact members and tell them what was or was not included in the minutes instead of calling me himself as he usually does. I thanked them for informing me and decided to call him myself. I informed him that that the information that was in question to him was in fact included in the minutes. When I presented him this information his response was " Oh I didn't read them yet." So my question to him was why would he call around and ask members to speak to me regarding his neglect to read the minutes before accusing me of not fulfilling my responsibilities as the secretary. I have had enough of my character and integrity being put into question. I am asking Area LEGS to please put an end to this blatant harassment and disregard for my desire to serve my Area that I am receiving from our newly elected Policy Chairperson.

Sincerely,

Robin Y.- ASC Secretary
