Please join the BLM for a public open house for travel planning for 44,000 acres of public lands administered by the Missoula Field Office. BLM is evaluating roads and trails for recreation, landscape restoration, and tribal co-stewardship.

The open house format is an opportunity to:

- Review and comment on BLM's route inventory;
- Share information about the kinds of values and experiences we should consider; and
- Provide input on the criteria that should be considered as routes are evaluated.

Please arrive on time to allow time for interaction with BLM resource staff.
