

2023 Becker High School Bass Team

"Providing Opportunities ~ We Only Dreamed Of!"

Thank You Sponsors and Volunteers!

Al Lindner said it best "Nobody likes to fish, what they like to do is catch!" We teach to catch!

Our focus is to teach kids and families how to catch fish and enjoy spending time together in the outdoors!

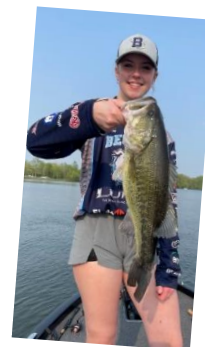

At any time of the year you may find us on a boat, shoreline, or on the ice with students and parents.

The photos and smiles say it best, we love being part of the the Bass Team!

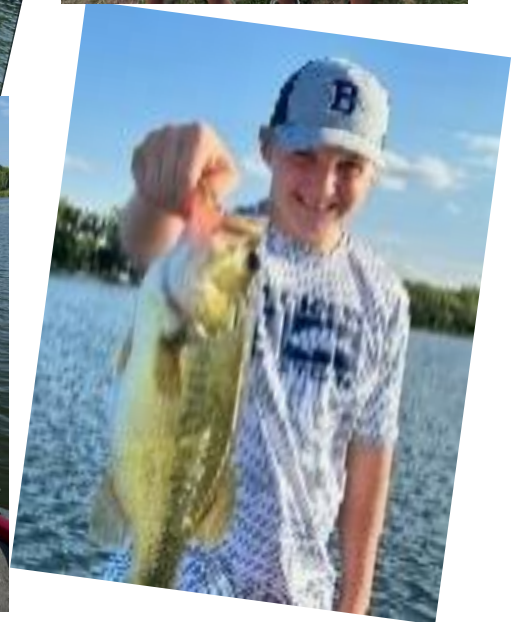

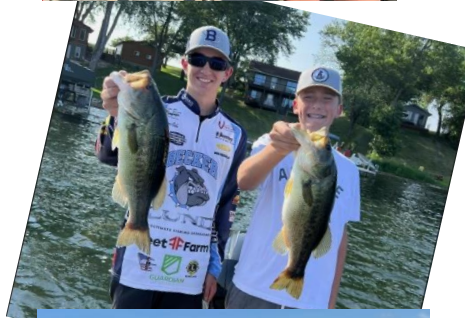

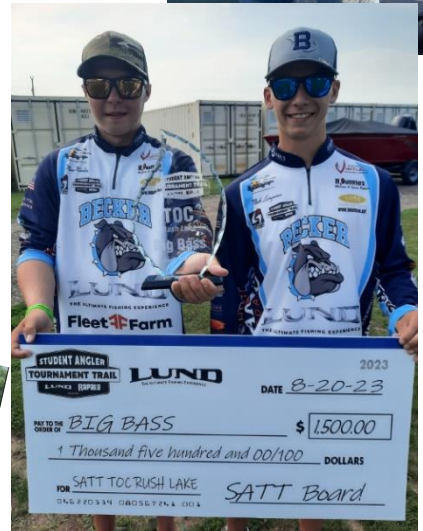

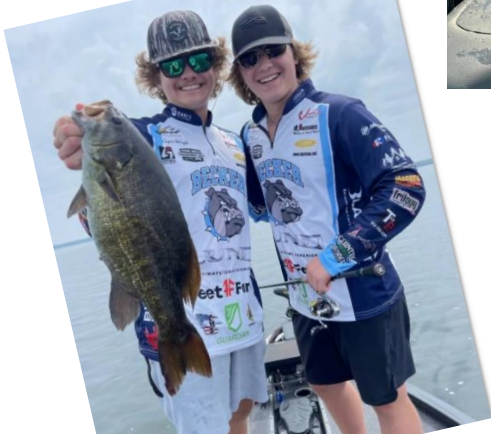

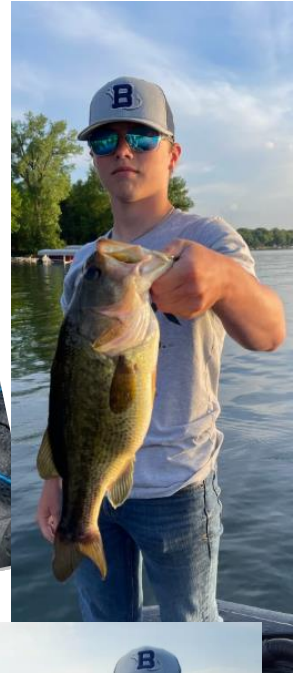

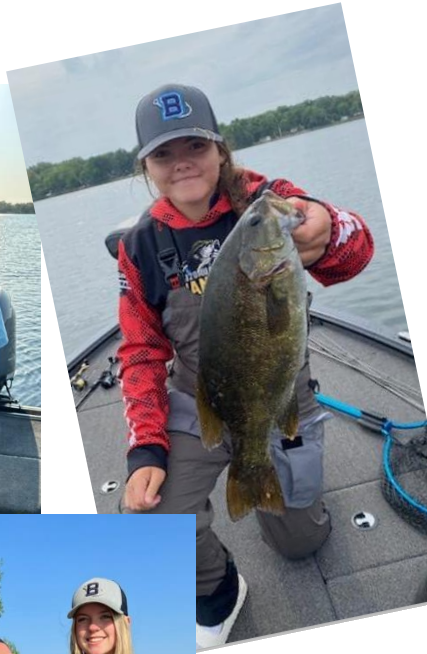

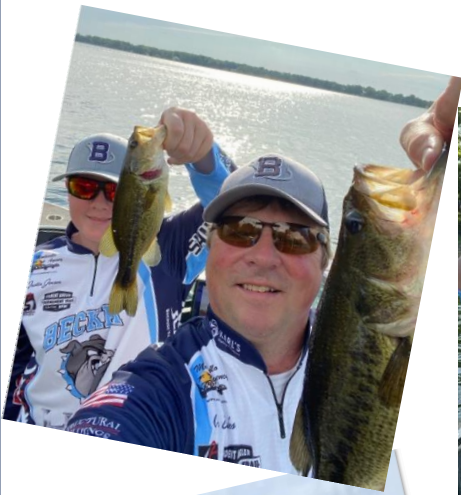

We coach with intention of teaching bass fishing. But we also mentor, encourage, and uplift our anglers. There is just something about fishing that provides those moments and opportunities to help. We want our anglers to be well rounded and successful in both fishing and in life. With our volunteers and sponsors we feel we have built a strong foundation that garners much respect in Minnesota. When we concentrate on helping our anglers, we found that we build an incredible team and ultimately a "family."

2023 Team Accomplishments

- ✓ **Becker Bass Team Presented OVER \$11,000 in Scholarships this year to our own students!**
