Re: Ownership Transition at Consumat Sanco, Inc. Landfill

Dear Phil:

As we discussed last week, on behalf of National Waste Industries (NWI), I would like to arrange a meeting to discuss the ownership transition at Consumat Sanco Landfill. NWI has executed a Purchase and Sale Agreement to acquire the landfill from Consumat Systems, Inc. Further, Casella Waste Management, Inc. has executed a contract to take over management of the Consumat Sanco Landfill.

We would like to make use of an informal meeting setting to introduce you to the Principals involved with this ownership transition. Agenda items of interest which we would expect to discuss include the following:

- . Introduce NWI and Casella Waste Management;
- . Status of permit transfer application;
- . Status of the unlined landfill relocation project;
- . Status of the Phase IV operations permit; and
- . Status of relations with the Town of Bethlehem.

We expect that the following people will attend the meeting on behalf of NWI:

Jim Bohlig, President, NWI
John Casella, President, Casella Waste Management
Ron Cook, CEO, Consumat Sanco, Inc.
Paul Sanborn, Principal, GZA GeoEnvironmental, Inc.

A Subsidiary of GZA
GeoEnvironmental
Technologies, Inc.

We rely on your judgement to invite key Waste Management Division staff and other senior DES people as you deem appropriate. We look forward to hearing from you shortly with regard to a specific meeting date and time. Thanks for your consideration, Phil.

Very truly yours,

GZA GEOENVIRONMENTAL, INC.

Paul M. Sanborn
Principal
