Fresh Start for Dalton

To the Editor:

It's time for a fresh start in Dalton

We are the residents of Dalton. We love our town and we are proud to stand up for what is right for Dalton.

Let's get this straight once and for all!

NONE OF US WORKS FOR CASELLA.

NONE OF US SPEAKS OR ACTS FOR CASELLA.

NONE OF US ARE "CHOSEN MINIONS" OF CASELLA.

WE ARE 100% INDEPENDENT!

WE SPEAK SOLELY FOR OURSELVES!

Over the past few years, the boards have served only a single faction in our town. A small, aggressive group with people interested in just one issue. These boards have become sneaky and secretive and have created conflicts among our townspeople.

With these extremists on our town boards, Dalton's majority - our families, our businesses, our elderly - can no longer expect fair, open, and honest treatment.

OUR TOWN NEEDS A FRESH START.

We need new town boards that work for the whole town, not just a select few.

This is what the new boards need to do to bring Dalton back together:

- Be honest, open and welcoming to all townspeople.
- Understand the strains on Dalton's families, our businesses and our elderly.
- Do their best to keep our taxes low.
- Prioritize the most important services our people need.
- Understand our town's "live and let live" culture. Respect our desire to be free from unnecessary rules and regulations.

Working together, we can make this happen. We can make a better future for our town. The first step is to make a clean break with the past.

All of us have come together to support Tom Dubreuil, a new candidate for our town's selectboard.

Tom shares our values. He stands strongly for fair, open, honest government. We know Tom will work hard in the best interests of our whole town. We hope you'll have a chance to get to know Tom over the coming weeks and will give him your vote.

All of us are also part of the 100+ Dalton residents who signed the citizens' petitions to take the first steps to set up new town boards. New boards that will replace the old ones. New boards that will work for the whole town.

If these petitions pass, in one year by March 2024, Dalton will be able to have a new planning board and a new conservation commission.
