**RE: North Country Environmental Services, Inc.
Landfill Facility - Bethlehem, NH
Permit # - NH DES-SW-SP-03-002
Facility Monthly Report; May 2019**

Dear Ms. Colby:

Attached to this correspondence please find a copy of the Monthly Facility Report for the NCES Landfill located in Bethlehem, NH consistent with Env-SW 806.08 (h) of the New Hampshire Solid Waste Rules. This report includes the following information for the above referenced reporting period:

- Summary report,
- Weekly Leachate Table,
- A Leachate Destination Report,
- An Inbound Waste Tonnage Report,
- The Sump and Tank Level Data,
- The Monthly Weather Data,
- Stage III liner repair photographs,
- No leachate breakouts on outside slopes.

This report also serves as notification that the secondary detection rate for Stage III is above 25 gallons per acre per day (g/a/d). The reported rate is 78 g/a/d. As stated in the April Report, we accomplished the repair of membrane cleanout boot on the south side of Stage III. There was a tear located outside the containment area along the outer edge of the anchor trench that exposed the geo-net between the primary and secondary liners. This tear was located within the perimeter ditch which allowed for the area to become saturated during snowmelt and rain. The liner crew (RTD Enterprises) was contacted and completed the repair (see attached photos). If you have any questions, please do not hesitate to call me at (603) 869-3366.

Sincerely,

NORTH COUNTRY ENVIRONMENTAL SERVICES, INC.

Annette Marquis
Permits & Compliance Assistant

John Gay, NCES

Monthly Summary Report

Facility: North Country Environmental Services Landfill
581 Trudeau Road
Bethlehem, NH 03574

Permit No: DES.SW.SP.03.002 (Stage V)
GWP. 198704033.B.003

Report Date: May-19

1. Landfill Gas Monitoring:

Gas monitoring is measured with a meter on a quarterly and weekly basis
(See attached Weekly Monitoring Chart and Gas Well Monitoring Program)

2. Leachate Management Data:

Month of 2019	Generation for Stage III		Generation for Stage IV Phase I & Stage V	Generation for Stage IV Phase I	Generation for Stage IV Phase II		Generation for Stage V
	Primary (Gallons)	Secondary (G/A/D)	Primary (Gallons)	Secondary (G/A/D)	Primary (Gallons)	Secondary (G/A/D)	Secondary (G/A/D)
May	189,540	78	311,749	8	464,852	9	3

3. Rainfall Data:

Month of 2019	Rainfall (Inches)	Snowfall (inch)
May	5.01	0.3

4. Monthly quantity of Waste Tonnage:

Month of 2019	Quantity (tons)
May	33,370

Totalizer Flows for NCES
