In Memory of Edward J. Kosko

KOSKO WOOD PRODUCTS, INC.

Casing, Baseboard, Molding, Millwork, Kiln Dried Hardwoods

We are proud to present the Fourth Edition of our product catalog.

Kosko Wood Products is a second generation hardwood lumber company that has always been noted for their quality workmanship and wood products.

We currently supply retail stores, contractors, cabinet manufacturers, finish shops and home owners with a wide variety of high quality hardwood products. Some of the many products we offer include the following:

- Hardwood Molding
- Specialty Molding
- Rosette and Plinth Blocks
- T & G Flooring and Paneling
- S4S Stock
- Glued Panels
- Jamb Extensions and Window Sills
- Doors- either slab or pre-hung units
- Stair Treads, Handrails and Stair Components

We stock many of the profiles listed in our brochure in both Red Oak and Poplar. Our profiles are also available in White Oak, Hard and Soft Maple, Ash, Cherry, Walnut and Hickory.

Kosko Wood Products, Inc. also offers the following services:

- Free estimates from your blueprints or take off
- Mitered casing frames
- Delivery to your job site
- Custom tooling to match almost any profile

Please do not hesitate to call us or visit our Mill on Route 119, approximately nine miles North of Punxsutawney, PA.

We Thank You for your interest in Kosko Wood Products, Inc. and are looking forward to serving you with all your hardwood needs.

MILL TERMS & REGULATION POLICY

1. Prices are subject to change without notice. List prices are based on supplying materials in random lengths. Add 20% to the list price for specified lengths.
2. All orders must be placed in advance. we will notify you when your order is complete.
3. To avoid errors and allow us to process your order in a timely manner, please submit orders in writing (fax). Verbal orders will be entered on a mill sheet and returned for your approval.
4. When ordering, please list the profile number, description, species and lengths required.
5. Orders requiring special tooling or non stock material will require a down payment to cover tooling and materials. Special orders are non-returnable
6. Orders for non stock profiles under 200 linear feet will require a \$75.00 set up charge.
7. All custom tooling becomes property of Kosko Wood Products, Inc.
8. Lead time is dependent upon our mill schedule, availability of species and lengths required, tooling required and other conditions beyond our control.
9. Delivery to your area is based on our delivery schedule. A nominal drop off fee will be added to your invoice based on distance and size of order. Please call for delivery schedule and fee to your area.
10. Orders not on account must be paid in full when picked up or on delivery.
11. Accounts are due net within 30 calendar days (no retainage)
12. A 25% restocking charge will be applied to all returns. Return items other than standard stock will not be accepted under any conditions.
13. Return of any purchased materials must be within 10 calendar days of the purchase. No damaged, soiled, cut or otherwise altered items will be accepted.
14. Replacement requests are subject to Kosko Wood Products inspection and approval
15. Our liability will not exceed the cost of our product.
16. Shortages or defects on materials must be reported upon receipt and prior to installation or finishing
17. Unless otherwise specified, all casing profiles will be 3/4" thick, and all base profiles will be 5/8" thick
18. Do not expose finish grade products to rain or snow while loading or unloading. Water spots will show up after finishing
19. Do not subject material to extremely high/low or fluctuating humidity.
20. Do not subject unfinished wood to wet concrete, plaster or drywall; as they will transmit moisture to unfinished wood products. Moisture will cause swelling, warpage or joint separation.
21. Do not expose unfinished wood products to excessive heat, dryness or sudden temperature changes, such as firing up a furnace
22. Please be aware that all wood products may require some preparation (sanding), before finishing
23. Wood products are derived from the various species of trees which are a natural resource. Natural wood products will have color variations, mineral stains and the grain will not always be uniform. Natural wood may not accept a stain or finish evenly. When installing natural wood products, it is advisable to lay out all materials prior to installation so that you can match the colors and grains. This process will also allow you to select the proper lengths.
