

Contribution Letter

Since 1979 Crime Stoppers of Nevada has been supporting the state of Nevada by providing a program, which allows witnesses to provide anonymous information about a felony crime or wanted person. With the information provided by these tipsters, it allows law enforcement to make a more immediate response in the apprehension of the subjects involved in the criminal activity. Since its inception, Crime Stoppers has assisted law enforcement in making over 10,000 arrests and has paid out over \$1.5 million in rewards to eligible tipsters.

We are a privately funded, 501(c)3 non-profit organization with a volunteer board of trustees representing various segments of our community. Crime Stoppers relies on financial assistance from local businesses and individuals to reward eligible tipsters who provide anonymous information that directly leads to a felony arrest, felony arrest warrant, or felony indictment.

Your generous contribution will help us maintain sustainability for the program and allow us to provide the cash rewards to those eligible tipsters for years to come. With your support, we can continue to raise awareness within the community and assist law enforcement in their apprehension of the subjects involved in criminal activity from these tipsters.

If you can help support our community and become a sponsor please complete the Sponsorship Opportunities form provided in this packet, then make your selection on the Contribution Response form. If you prefer to contribute a different amount, please use the Contribution form and select the last option with your contribution amount. No donation is too small.

Thank You for your Contribution!
