

1 _____, i.e., Medical Doctor, Lab
2 Technician, Nurse, Hospital Administrator, Statistician,
3 Embalmer, etc.

4 living wo/man

5 ___ Doctor, ___ Nurse, ___ Medical Profession

6 NPI/License #

7 On the county at Large, _____
8 c/o: _____

9 _____
10 _____
11 _____

12 **Covid Commonalities**

13 **Affidavit of**

14 _____
15 **in Relation to Covid 19**

16 **State of** _____)

17 Subscribed, affirmed, and sealed
18 _____
19 **county)**

20 1. I, _____, Affiant, do affirm upon
21 penalty of perjury that the following is true and correct to
22 the best of my knowledge, my personal experience and the
23 exhibits/evidence available.

24 2. Affiant appears from the Land/soil, on the county at Large,
25 _____ **county** in accord with the premises of Norton
v. Shelby County 118 U.S. 425 (1886), whereby Affiant appears
as a wo/man not a fiction-at-law.

3. There NEVER was a naturally occurring covid-19 pandemic. See
Exhibits 2, 3, 5-8, 44, 48, 54, 55, 56, 198, 222, 242, 259,
287, 325, 329, 344, 348, 350, 366, 370, 376, 378, 380, 381,
382, 387, 399, 485, 503, 529, 551, 554, 604

- 1 4. The term pandemic is hereby defined as "pandemic: 1. An
2 exceptionally widespread epidemic, that is, a disease or
3 outbreak that affects very high proportions of the population,
4 or populations throughout the world. 2. extraordinarily
5 widespread, said, for example, of diseases with global impact,
6 such as aids, the bubonic plague (in the Middle Ages), or
7 malaria period." Taber's Cyclopedic Medical Dictionary, 20th
8 Edition.
- 9 5. The cases of so-called covid-19/data gathering that created
10 the so-called "pandemic" was a misrepresentation. Neither the
11 global nor the United States mortality rates were any higher
12 than in 2018. See Exhibits 13, 23, 28, 34, 125, 127, 128, 174,
13 199, 238, 283, 312, 406, 422, 424, 569
- 14 6. Cases of COVID-19 were based on the manipulation of the PCR
15 test cycle threshold (CT), which led to an artificial rise in
16 the numbers of people said to have had COVID-19. True cases of
17 the COVID-19 condition are supposed to be based on the
18 presentation of clinical symptoms and not solely on the results
19 of a PCR test, let alone a faulty PCR test. See Exhibits 1,
20 26, 129, 157, 158, 268, 340, 400, 420, 421, 487, 490, 504,
21 607.
- 22 7. True cases of COVID-19 conditions were never accounted for.
23 See Exhibits 130, 155, 346, 418, 423, 520, 555, 614
- 24 8. At the cycle threshold (CT) at which the PCR Test was run
25 (greater than 24), the number of false positives was
extraordinarily high. Furthermore, the PCR test was never
designed to diagnose anything. In addition, the government ran
PCR tests at a CT of 40 or more in most jurisdictions. See
Exhibits 16, 156, 230 and 239.
9. The Safe and effective treatments for the Covid-19 condition
have been well established by doctors and scientists from
around the world since March 2020. See Exhibits 14, 47, 106,

1 115, 116, 335, 367, 368, 581, 586, 616, 624, 625, 626, 627,
2 628

3 10. Unfortunately, despite significant scientific and clinical
4 evidence, these doctors and scientists have been ignored and
5 censored. See Exhibits 41, 150, 163, 169, 177, 184, 186, 202,
6 205, 206, 213, 253, 292, 355, 386, 401, 476, 531, 543, 561,
7 574, 629, 631

8 11. Those with vitamin D levels of at least 50pg/nl had reduced
9 rates of hospitalization with the covid-19 condition. See
10 Exhibits 29, 119, 120 and 241.

11 12. We also know that vitamin D/K2, zinc and copper, quercetin,
12 HCQ, n acetylcysteine, vitamin C, ivermectin and inhaled
13 steroids, have been highly effective treatments for patients
14 with covid-19 conditions. In addition, all have helped to
15 reduce morbidity and mortality in those who received
16 treatment early in the course of their influenza-like illness.
17 See Exhibits 46, 113, 117, 118, 188, 210, 272, 281, 393, and
18 417.

19 13. The survival rate for COVID was 99.9% in the majority of the
20 population. Mortality has been skewed in the elderly
21 population, and in those patients who presented with
22 significant co-morbidities (e.g. obesity, diabetes, and low
23 vitamin D levels). See Exhibits 4, 21, 30, 372 and 373.

24 14. There was never a need for a "vaccine," because safe and
25 effective treatments were widely available. See Exhibits 11,
12, 19, 141, and 142.

15 15. The COVID-19 injections are not vaccines. They are
16 countermeasure prototype military biowarfare agents owned by
17 DOD until injected. Evidence is mounting that mRNA for gene
18 therapies operates like mini-computer operational systems. The
19 injections alter human DNA. See Exhibits 33, 49-53, 59-105,
20 138, 139, 172, 219, 220, 232, 233, 240, 256, 277, 297, 298,
21 311, 313, 314, 315, 330, 384, 428, 434, 443, 481, 491, 492,

1 493, 494, 495, 498, 506, 510, 522, 526, 527, 528, 538, 540,
2 544, 545, 550, 579, 590, 593, 605, 609, 630

3 16. The COVID-19 injections were never successfully,
4 scientifically proven to behave like vaccines. MRNA technology
5 has never before been used to prevent any illness in the past
6 and, with the use of the current MRNA injections for COVID-19
7 conditions we see that they cause illness. See Exhibits 39,
8 57, 110, 131, 132, 135, 136, 140, 227, 247, 248, 249, 254,
9 264, 266, 269, 274, 279, 302, 319, 341, 349, 351, 389, 480,
10 482, 486, 507, 521, 534, 537, 563, 582, 588, 589, 602, 603,
11 615

12 17. COVID-19 injections were not appropriately examined for
13 safety. Full disclosure of the contents of the injections is
14 still forthcoming. In other words, there's no package insert.
15 See Exhibits 18, 45, 108, 134, 137, 168, 170, 176, 179, 183,
16 189, 216, 225, 228, 229, 231, 258, 293, 343, 347, 363, 379,
17 384, 390, 415, 416, 426, 436, 437, 439, 447, 450, 452, 460,
18 470, 474, 479, 509, 516, 517, 530, 546, 583, 591, 595, 608,
19 613, 619, 620

20 18. The data from the COVID-19 injections clinical trials were
21 hidden from the public along with the large number of adverse
22 events and deaths associated with them. See Exhibits 35, 36,
23 38, 109, 123, 126, 154, 160, 161, 166, 190, 192, 197, 217,
24 218, 224, 226, 276, 286, 290, 291, 318, 321, 336, 403, 410,
25 429, 430, 431, 432, 433, 442, 444, 445, 448, 451, 473, 514,
515, 518, 523. 532, 535, 536, 539, 547, 548, 553, 559, 566,
568, 570, 575, 580, 584, 592, 596

19. The COVID-19 injections have caused unprecedented numbers of
deaths and severe adverse events; heart attacks, strokes,
blood clots, myocarditis, birth defects, sudden adult death,
autoimmunity, cancer, neurological disorders, including Bell's
Palsy, Dementia, and Guillain-Barre Syndrome, miscarriages,
stillbirths, and infertility. Long-term study outcomes are not

1 available. See Exhibits 15, 17, 22, 42, 111, 124, 133, 144,
2 145, 146, 148, 149, 152, 153, 164, 165, 171, 175, 187, 191,
3 193, 201, 208, 211, 237, 257, 261, 262, 265, 270, 271, 273,
4 275, 278, 282, 294, 296, 299, 300, 301, 303, 304, 306, 309,
5 322, 323, 324, 326, 332, 333, 337, 354, 357, 364, 365, 388,
6 396, 397, 398, 405, 407, 408, 409, 411, 414, 425, 427, 435,
7 440, 453, 454, 455, 456, 457, 458, 459, 461, 464, 466, 467,
8 468, 471, 472, 478, 488, 512, 513, 519, 524, 525, 557, 562,
9 564, 565, 573, 576, 577, 587, 606, 617, 632

10 20. The COVID-19 injections were authorized under the EUA
11 (Emergency Use Authorization) and could only be administered
12 to the public if safe and effective alternative treatments
13 were found not to be available. The fact that safe and
14 effective treatments were found to be available and were
15 banned and censored explains the use of underhanded and
16 coercive policies to make sure that these unsafe, unproven,
17 poorly tested, and deadly COVID-19 injections, would be
18 administered to everyone. See Exhibits 10, 20, 25, 32, 37,
19 58, 107, 147, 151, 162, 173, 178, 181, 182, 185, 195, 196,
20 204, 214, 221, 223, 235, 236, 244, 245, 250, 251, 252, 255,
21 267, 280, 285, 307, 308, 328, 338, 339, 342, 345, 352, 358,
22 377, 383, 385, 395, 404, 412, 413, 419, 497, 499, 500, 501,
23 502, 505, 508, 567, 597, 601, 610, 612, 618, 622, 623

24 21. Reporting of unprecedented numbers of deaths and adverse
25 events from the COVID-19 injections has been absent from
mainstream news sources, government agencies, medical
institutions, and the manufacturers themselves. See Exhibits
40, 143, 180, 200, 207, 209, 212, 215, 234, 243, 260, 263,
288, 289, 310, 316, 317, 320, 327, 438, 441, 446, 449, 462,
463, 465, 469, 475, 477, 483, 496, 541, 542, 560,

22. Patients admitted to hospitals were and still are subjected
to protocols driven by incentive payments for all things
related to COVID-19 through the CARES Act, insurance

1 incentives, and the threat of being fired. The use of
2 remdesivir continues to have deadly outcomes. See Exhibits
3 353, 356, 359, 360, 361, 362, 369, 371, 374, 392, 394, 402,
4 484, 511, 558, 578, 600

5 23. For the first time in history healthy people were
6 quarantined. The COVID lockdown measures, masks, social
7 distancing, and the closing of all but essential businesses,
8 did far more harm than good. See Exhibits 9, 24, 27, 31, 43,
9 112, 114, 121, 122, 159, 167, 194, 203, 246, 284, 295, 305,
10 331, 334, 375, 391, 489, 549, 552, 556, 571, 572, 585, 594,
11 598, 599, 611, 621

12 24. Exhibits in support of this affidavit are numerous and
13 available upon request and/or service of process in
14 litigation, civil or criminal.

15 25. "The record for judicial review generally has been limited
16 to the administrative record, so participants who fail to
17 develop evidence during internal review risk forfeiting the
18 use of that evidence in district court." Heimshoff v. Hartford
19 Life & Accident Insurance Co., 187 Fed 2d, 571 U.S. ____
20 (2013).

21 26. "Indeed, no more than [an affidavit] is necessary to make the
22 prima facie case." Id at 536, U.S. v. Kis, 658 F.2d 526, (7th
23 Cir. 1981).

24 27. This record by affidavit with exhibits constitutes a
25 testimonial evidentiary record.

JURAT

FURTHER AFFIANT SAYETH NAUGHT

I, _____, living wo/man, Affiant, being of sound mind, over 18 years of age, hereby state under penalty of perjury, to the best of my knowledge and belief that the above is true and correct to provide and place evidentiary testimony into the commercial record.

(Signature)

_____ living wo/man, Affiant
