(b) Purchaser acknowledges and agrees that (i) Pfizer's efforts to develop and manufacture the Product are aspirational in nature and subject to significant risks and uncertainties, and (ii) the fact that any other drug or vaccine to prevent, treat or cure COVID-19 infection is successfully developed or granted authorization earlier than the granting of Authorization for the Product shall not change the current situation of urgent needs for prevention of the spread of the COVID-19 infection that poses serious threats to and harmful effects on the lives and health of the general public.

(c) Notwithstanding the efforts and any estimated dates set forth in the Interim Delivery Schedule, the Parties recognize that the Product has completed Phase 2b/3 clinical trials and that, despite the efforts of Pfizer in research, and development and manufacturing, the Product may not be successful due to technical, clinical, regulatory, manufacturing, shipping, storage, or other challenges or failures.

(d) Accordingly, Pfizer and its Affiliates shall have no liability for any failure by Pfizer or its Affiliates to develop or obtain Authorization of the Product in accordance with the estimated dates described in this Agreement. Even if the Product is successfully developed and obtains Authorization, Pfizer shall have no liability for any failure to deliver doses in accordance with any estimated delivery dates set forth herein (other than as expressly set out in this Agreement), nor shall any such failure give Purchaser any right to cancel orders for any quantities of Product.

RN
SSS

Further, Pfizer shall have no obligation to deliver the Product to Purchaser unless and until the Indemnification Agreement is executed between the Parties in accordance with Section 8 (Indemnification).

(e) Pfizer shall keep Purchaser apprised of the progress of the material development of the Product and shall provide Purchaser with such information regarding that development as Purchaser reasonably requests.

(f) Purchaser, including any related Person or any agents of Purchaser, covenants to exclusively obtain all of its supply of any vaccine of Pfizer, BioNTech or their respective Affiliates intended for the prevention of the human disease COVID-19 (including the Product) either (i) directly from Pfizer or from Pfizer through the COVAX Facility, or (ii) from a Third Party, whether by donation, resale or otherwise, only if Purchaser has obtained Pfizer's prior written consent. Any breach of this Section 2.1(f) shall be deemed an uncurable material breach of this Agreement, and Pfizer may immediately terminate this Agreement pursuant to Section 6.2. For clarity, nothing in this Section 2.1(f) shall prevent Purchaser from purchasing competing vaccine products of any Third Party.

2.2 Capacity.

Pfizer shall use Commercially Reasonable Efforts to build or obtain manufacturing capacity to be capable of manufacturing and supplying the Product to Purchaser in accordance with the provisions of this Agreement.

2.3 Purchase Orders.

(a) On the Effective Date, Purchaser shall submit to Pfizer a legally binding and irrevocable Purchase Order(s) for Twenty million one thousand one hundred fifty (20,001,150) doses ("**Contracted Doses**") of the Product. Subject to Section 2.4(c) of this Agreement, Pfizer shall have the right, at its sole discretion, to update the Contracted Doses to the nearest possible number that is divisible by the Minimum Order Quantity.

(b) The Purchase Order shall be provided together with Purchaser's order number, VAT number, and invoice address. Pfizer shall accept the Purchase Order conforming to the terms set forth in this Agreement in writing, and the confirmed Purchase Order shall be binding upon the Parties and subject to the terms and conditions set out in this Agreement.

(c) The Purchaser may request additional doses during the Term of the Agreement through a legally binding and irrevocable Purchase Order(s), but only upon being advised that: (i) Pfizer has availability of supply of such additional requested doses (the "**Additional Order**") and (ii) Pfizer agrees, in its sole discretion, to allocate such Additional Order to Purchaser. Each Additional Order will be subject to the same terms and conditions set forth in the Agreement (and any subsequent amendments thereto), as applicable; provided such Additional Order must be placed during the Term of the Agreement. In such event, the doses subject to the

SSS RI

accepted Additional Order shall be Contracted Doses. After submission to, and acceptance by, Pfizer of an Additional Order, Purchaser shall pay Pfizer such additional advance payment within thirty (30) days of the purchase order of such Additional Order in accordance with the terms of Section 3.2 ("**Additional Advance Payment**"). Purchaser shall pay such Additional Advance Payment, and Pfizer shall provide an updated Attachment B to reflect such Additional Order. Full payment of the Additional Advance Payment is a condition to supply any doses subject to the Additional Order. If any failure by Purchaser to pay Pfizer for the Additional Advance Payment results in a delay in delivery, the undelivered doses will be at the sole risk of Purchaser, and Pfizer shall have no liability to Purchaser regarding such delay or further inability to supply by Pfizer.

2.4 Delivery Schedule.

(a) Pfizer shall deliver the Product Delivery at Place ("**DAP**") Incoterms 2020.

(b) The Parties shall reasonably agree, in writing, on the location(s) (including number of locations) for delivery of shipments of Product (**"Place(s) of Destination")** within five (5) Business Days from the Effective Date for the first expected shipment of Product, and for any subsequent delivery, at least eight (8) weeks prior to shipment of the Product; provided that, in each case: (i) each Place of Destination meets the requirements set forth in Attachment D, and (ii) the Place(s) of Destination are serviced by a contracted transportation carrier of Pfizer, and (iii) each Place of Destination is an authorized location to receive the Product, evidence of which shall be presented to Pfizer on Purchaser's official letterhead and Purchaser shall provide any additional information, as reasonably requested by Pfizer in advance of delivery, to verify such authorization ("**Shipping Agent**"). Pfizer shall have the ability, acting reasonably, to restrict the number of Places of Destination where shipments of Product shall be delivered. However, the Parties agree that Purchaser shall have full liability and responsibility for any further transportation and distribution following delivery to Place of Destination that is not a point of use of the Product, including but not limited to ensuring compliance with Attachment D. For the purposes of this Section 2.4(b), Pfizer agrees that it shall provide the Purchaser with such information as Pfizer considers necessary for the Purchaser to comply with the provisions of this section, to the extent in Pfizer's control and/or possession at the time, including details on the proposed Shipping Agent as part of Pfizer's logistics planning information.

(c) All shipment of Product shall be comprised of quantity of Product in increments of 195 vials/1170 doses ("**Minimum Order Quantity**"). Pfizer shall have the right to update such Minimum Order Quantity at its sole discretion from time to time upon notice to Purchaser.

(d) Pfizer may deliver the Product by separate installments and shall use Commercially Reasonable Efforts to meet the estimated delivery schedule set out in Attachment B (the "**Interim Delivery Schedule**"), provided that no Product shall be shipped until Authorization is received and Purchaser is compliant, in Pfizer's discretion, with

RN
SSS

the terms and conditions of this Agreement. All deliveries shall be accompanied by the documentation specified in Attachment C (which may be updated from time to time by Pfizer upon notice to Purchaser), and shall be in accordance with, and subject to, the delivery specifications to be set forth in Attachment D (as may be updated from time to time by Pfizer upon notice to Purchaser) ("**Delivery Specifications**").

(e) The Product shall be labelled and packaged in accordance with the packaging specifications to be set forth in Attachment E (which shall be populated following the Effective Date, but in any event before supply in line with the agreed Interim Delivery Schedule, and as may be updated from time to time by Pfizer upon notice to Purchaser) ("**Labelling and Packaging Specifications**").

(f) If an Authorization is granted after 15 February 2021 but before 30 September 2021, then the Interim Delivery Schedule will be revised to add the period of time between 15 February 2021 and the date of the Authorization ("**Adjusted Delivery Schedule**"). In the event that the Authorization is granted prior to 15 February 2021, Pfizer has no obligation to accelerate shipment of Product.

(g) If Authorization is received by 30 September 2021, but Pfizer is unable to deliver any Contracted Doses for technical or other reasons from the Facilities intended to produce the Contracted Doses under this Agreement, Pfizer agrees to use Commercially Reasonable Efforts to obtain supply of the Product from another location, subject to availability of supply.

(h) If Authorization is received by 30 September 2021, but by 31 March 2022 Pfizer is unable to manufacture or deliver any Contracted Doses for technical or other reasons from any Facilities, Pfizer will have no obligation to deliver against the Interim Delivery Schedule, Adjusted Delivery Schedule or a Purchase Order.

2.5 Product Shortages.

(a) If Authorization is received but there is insufficient supply to deliver the full number of Contracted Doses on the Interim Delivery Schedule (including the Adjusted Delivery Schedule), including to the extent any shortage is due to a requirement of Pfizer to divert available supply of the Product to another market, Pfizer shall work collaboratively to provide notice (and manage any communications associated with any Product shortages). Following receipt of such notification, Purchaser shall execute any instructions set out in the notice in a timely fashion (and in no event longer than 24 hours). Subject to the foregoing, including any requirement by Pfizer to divert Product to another market, Pfizer shall decide on necessary adjustments to the number of Contracted Doses and Interim Delivery Schedule due to the Purchaser to reflect such shortages based on principles to be determined by Pfizer under the then existing circumstances ("**Allocation**") which shall be set out in such notice. Purchaser shall be deemed to agree to any revision.

SSSRH

(b) Purchaser hereby waives all rights and remedies that it may have at Law, in equity or otherwise, arising from or relating to: (i) any failure by Pfizer to develop or obtain Authorization of the Product in accordance with the estimated dates described in this Agreement; or (ii) any failure by Pfizer to deliver the Contracted Doses in accordance with the Interim Delivery Schedule. In the event of an inconsistency between the provisions of this Section 2.5 (Product Shortages) and those of other sections of this Agreement, the provisions of this Section 2.5 (Product Shortages) shall control and supersede over those of other sections of this Agreement to the extent of such inconsistency.

2.6 Delivery Delays.

Under no circumstances will Pfizer be subject to or liable for any late delivery penalties.

2.7 Product Handling.

(a) Pfizer shall use Commercially Reasonable Efforts to assure the Product is manufactured in accordance with material Specifications and cGMP.

(b) Upon delivery of Product to Purchaser at the Place(s) of Destination and, to the extent applicable, for any onward distribution and/or transportation to a Place of Destination that is not a point of use of the Product, Purchaser shall store and handle the Product in the manner set forth in the Specifications, instructions on Attachment D and the instructions provided by Pfizer to ensure stability and integrity of the Product.

(c) For the avoidance of doubt, Purchaser shall bear all expenses for use of the Product upon delivery by Pfizer at the Place(s) of Destination, including, but not limited to, those for storage of the Product and distribution and administration of the Product (if applicable) in South Africa.

(d) Purchaser shall be solely responsible and liable for the proper storage, handling, distribution, transportation, administration, use and disposal of the Product in South Africa following delivery of the Product to Purchaser or its designee at the Place(s) of Destination. Without prejudice to the generality of the foregoing, Purchaser shall ensure that: (a) recipients of the Product shall follow the return and disposal instructions in Attachment F (which may be updated from time to time by Pfizer upon notice to Purchaser) when disposing of open and unused Product and its packaging components; and (b) such return and disposal complies with Laws regarding pharmaceutical waste, medical waste, or hazardous waste, as appropriate. Attachment F provides the ability for Pfizer to charge Purchaser for the cost of such packaging components, without limiting any other remedies available to Pfizer, in the event that Purchaser fails to comply with the return requirement set forth in Attachment F.

(e) Purchaser shall be responsible for and shall ensure that any equipment used to deliver the Product, for example the shipper(s) and monitoring device(s), are stored in an appropriate clean and secure location to protect and maintain the functionality

SSS RV

of such equipment (in controlled conditions, with no exposure to weather or pests, etc.). Within thirty (30) days of delivery of the Product at the Place(s) of Destination, subject to Section 4.4(b), Purchaser shall organize safe return of all such equipment, including the shipper and monitoring device, in accordance with Attachment F.

(f) Pfizer may provide Safety Data Sheets and other information to Purchaser to assist Purchaser to develop processes and procedures, including training, to handle the Product and Product Materials in a safe manner and in compliance with Laws, including occupational health and safety Laws. Purchaser represents and warrants that Purchaser has and shall ensure that all recipients of the Product and Product Materials have the requisite expertise to develop and implement appropriate procedures and training programs to enable proper handling of the Product and Product Materials in a safe and lawful manner.

2.8 Title to Product, Risk of Loss.

(a) Title to the Product, and risk of loss or damage shall pass to Purchaser at the Place(s) of Destination in accordance with Section 2.4(b). Pfizer reserves the right to change any supply point (being the point from which Pfizer shall supply the Product) by giving Purchaser adequate notice as acceptable under the Laws. Prices are quoted on DAP Place(s) of Destination basis in effect at the time and Place(s) of Destination. For purposes of this Agreement, the terms DAP shall have the meaning ascribed thereto in INCOTERMS 2020 as published by the ICC, Paris, France.

(b) Pfizer shall be the importer of the Product in front of the relevant customs authorities in the Territory ("**Importer of Record**") and shall be responsible to obtain, where applicable, any import license or other official authorization and to carry out all customs formalities for the import of the Product in South Africa. Pfizer shall also be responsible to pay, where applicable, all duties, taxes and other charges, as well as the costs of carrying out customs formalities payable upon import of the Products. Given the nature of the Product, Purchaser undertakes to support Pfizer and its appointed Shipping Agent to swiftly clear the Product from the relevant customs authorities within twenty four (24) hours from the arrival of the Product at the customs authorities, and to obtain any waivers required; and Purchaser acknowledges that any delay in such clearance process might affect the overall shelf-life of the Products. Both Parties confirm that the required documents for customs clearance of the Product are indicated in Attachment H of this Agreement. Without prejudice to the generality of the foregoing, Purchaser undertakes to take appropriate measures and exercise its reasonable efforts to ensure the smooth and efficient passage of the Product through the port of entry in accordance with applicable Laws of South Africa.

(c) Purchaser shall be responsible for the unloading of such Product from the transportation carrier. For the sake of clarity, Purchaser shall be responsible for unloading the Product from the transportation carrier and Pfizer's liability shall

SSS N

cease, and risk of loss or damage shall transfer, upon carrier's arrival at the Place(s) of Destination and immediately prior to the unloading of the Product. Without prejudice to the generality of the foregoing, following delivery of the Product to Purchaser, Purchaser shall be fully responsible for and liable in relation to any Product wastage, and for ensuring appropriate disposal in accordance with Sections 2.7(d) and 2.7(e). Pfizer will not be liable for any risks of loss or damage to the Product after delivering the Product at the Place(s) of Destination, including without limitation, temperature excursions, theft, or damages of any kind to the Product.

(d) Without prejudice to Section **Error! Reference source not found.**, Purchaser acknowledges that Pfizer will not, in any circumstances, accept any returns of Product (or any dose). In particular, following receipt of the Product in accordance with this Section 2.8, no Product returns may take place under any circumstances (inclusive of future changes in stock, expired Products, changes in Product allocation, delivery, demand or new product launch).

3. PRICE AND PAYMENT.

3.1 Purchase Price.

Purchaser shall purchase the Product from Pfizer at the price per dose set out in Attachment B, excluding VAT (the "**Price**") and in accordance with the terms of this Agreement. The Price shall include all of Pfizer's internal costs associated with the manufacturing and delivery of the Product to the Place(s) of Destination in accordance with this Agreement. The Price shall be firm for the Term.

3.2 Invoices and Payment.

(a) In partial consideration of the Contracted Doses, on the Effective Date, Pfizer shall invoice Purchaser, and Purchaser shall pay, an upfront payment of Forty Million two thousand three hundred US Dollars (USD 40,002,300) (calculated as two (2) USD per dose multiplied by the Contracted Doses) (the "**Advance Payment**"). Purchaser shall pay the Advance Payment within thirty (30) days from the Effective Date; provided, however, that Pfizer shall have no obligation to deliver any Product until receipt of the Advance Payment by Pfizer. All amounts due hereunder shall be converted to South African Rand which shall be determined based on the exchange rate used by Bloomberg BFIX at the close of business on the day prior to the invoice date 4:00 pm London time.

(b) Pfizer shall invoice Purchaser for the remainder of the Price for the Contracted Doses (the "**Delivery Price**") in advance of each calendar quarter during the Term. Purchaser shall pay all undisputed (in good faith) amounts on the first (1st) Business Day of the first (1st) month of each calendar quarter for the Batch of Contracted Doses to be delivered in such calendar quarter, or in the case of Batch 1, within five (5) Business Days of the issuance of Conditional Approval. All such amounts shall be due prior to delivery of the volume of anticipated doses to be delivered in

SSS RJ

such delivery, which Delivery Price shall be equal to the difference of the Price for the number of the Contracted Doses being delivered in such delivery and an apportionment of the Advance Payment based on the number of Contracted Doses in such delivery. Full payment of each prior shipment is a condition to Pfizer's obligation to supply any future shipment. If any failure by Purchaser to pay Pfizer for the Contracted Doses results in a delay in delivery, the undelivered doses will be at the sole risk of Purchaser, and Pfizer shall have no liability to Purchaser regarding such delay or further inability to supply by Pfizer.

(c) Invoices shall be provided to the Purchaser at the address set forth in the preamble of this Agreement. Pfizer shall include the following information on all invoices: the Purchase Order number and billing address; and shall also include, where applicable, the type description, part number (if any) and number of Contracted Doses delivered; the delivery date; the actual date of shipment; the Price; any applicable taxes or other charges provided for in the Purchase Order; and the ship-to destination.

3.3 Method of Payment.

(a) All amounts due under this Agreement shall be paid by the Purchaser to Pfizer in accordance with the provisions of Section 3.2(a) and 3.2(b). Payment shall be remitted by wire transfer in immediately available funds to the Pfizer bank account indicated below. Any payment which falls due on a date which is not a Business Day may be made on the next succeeding Business Day. Any dispute by Purchaser of an invoice shall be provided to Pfizer in writing (along with substantiating documentation and a reasonably detailed description of the dispute) within five (5) Business Days from the date of such invoice. Purchaser will be deemed to have accepted all invoices for which Pfizer does not receive timely notification of disputes, and shall pay all undisputed amounts due under such invoices within the period set forth in this Section 3.3(a). The Parties shall seek to resolve all such disputes expeditiously and in good faith.

(b) Any amount required to be paid by a Party hereunder which is not paid on the date due shall bear interest, to the extent permitted by law, at five percent (5%) above South African Reserve Bank Repo Rate (or any successor to such rate) effective for the date such payment was due, as reported in the Wall Street Journal (https://www.wsj.com/market-data/bonds). Such interest shall be computed on the basis of a year of three hundred sixty (360) days for the actual number of days payment is delinquent. In addition to all other remedies available under this

SSS

Agreement or at Law, if Purchaser fails to pay any undisputed amounts when due under this Agreement, Pfizer may (i) suspend the delivery of the Product or (ii) terminate this Agreement.

(c) Purchaser shall not, and acknowledges that it will have no right, under this Agreement, any Purchase Order, any other agreement, document or Law, to withhold, offset, recoup or debit any amounts owed (or to become due and owing) to Pfizer, whether under this Agreement or otherwise, against any other amount owed (or to become due and owing) to it by Pfizer or a Pfizer Affiliate.

3.4 Taxes.

It is understood and agreed between the Parties that any payments made and other consideration provided under this Agreement are exclusive of any VAT or similar tax and all other taxes which are incurred as a result of manufacturing and supplying the Product (including, without limitation, custom duties, levies and charges and all local taxes) ("**Taxes**"), which shall be added thereon as applicable. Where Taxes are properly chargeable on a payment made or consideration provided under this Agreement, the Party making the payment or providing the consideration will pay the amount of Taxes in accordance with the laws and regulations of the country in which the Taxes are chargeable.

In the event any payments made pursuant to this Agreement become subject to withholding taxes under the laws or regulation of any jurisdiction, the Party making such payment shall deduct and withhold the amount of such taxes for the account of the payee to the extent required by Law and such amounts payable to the payee shall be reduced by the amount of taxes deducted and withheld. Any such withholding taxes required under Law to be paid or withheld shall be an expense of, and borne solely by, the payee.

4. MANUFACTURING STANDARDS AND QUALITY ASSURANCE.

4.1 Manufacturing Standards.

Pfizer shall manufacture and supply the Product in material accordance with the Specifications and cGMP. Such Specifications may be revised through written notification by Pfizer to Purchaser to conform to the Authorization or changes to the manufacturing or distribution of the Product.

4.2 Legal and Regulatory Filings and Requests.

(a) Pfizer shall (a) comply with all regulatory or government licenses and permits, and (b) comply with all cGMP with respect to its manufacturing and packaging processes, the Facilities or otherwise, to permit the performance of its obligations hereunder.

(b) Pfizer shall ensure that all Product is properly labelled and packaged in accordance with the applicable Authorization, Specifications and material cGMP standards.

555
RJ

(c) Prior to delivery, Pfizer shall comply with all conditions (in the relevant timescales) set out in the Authorization; provided, however, that Purchaser shall grant, or obtain on Pfizer's behalf, all exemptions, exceptions, and waivers of country specific requirements for the Product granted or permitted by the Government authority (including but not limited to serialization, applicable laboratory or quality testing and/or marketing information form submission and approval), which requirements, absent an exemption, exception or waiver, would prevent Pfizer from supplying and releasing the Product in South Africa upon receipt of the Authorization. Purchaser acknowledges the Product will be supplied without serialization. Purchaser agrees to exercise its best efforts to cause the relevant Government authorities to facilitate the issuance of appropriate waivers and/or approvals in case of active serialization, track & trace, and/or 2D coding mandates within 24 hours. In order to maintain an efficient supply chain for the manufacture, release and supply of the Product, Pfizer will be solely responsible for determination of manufacturing and testing locations and will conduct testing in accordance with the Authorization. The Parties have agreed that Pfizer will not be required to respond to, or provide Product or method transfer in connection with, requests for local testing, requests for lot release protocols or requests for registration samples in this Agreement or in subsequent amendments or extensions of this Agreement.

(d) Due to the current pandemic situation and the fact that any anticipated Authorization will be initially under a Conditional Approval in conjunction with the agreement that Pfizer will only supply the Purchaser directly, the Purchaser agrees to the below conditions as a condition precedent to supply of the Product. Purchaser will issue, or make any other Government authority to issue, any necessary approvals to ensure enforceability of the same:

i. During the Term, Pfizer will not be required by the Purchaser or any other Government authority to appoint a local agent or distributor, including without limitation, for purposes of selling or supplying the Product or applying for the Authorization, unless Pfizer, in its discretion during the Term, appoints a local agent or distributor. For the avoidance of doubt, Purchaser also agrees that as of the Effective Date (1) Pfizer or any of its Affiliates will be the entity applying and submitting any regulatory files required for issuance of the Conditional Approval; and (2) the Conditional Approval will be issued under Pfizer's or any of its Affiliates name.

ii. During the Term, Pfizer will not be required by the Purchaser or any other Government authority to submit a price reference certificate for purposes of applying for the Conditional Approval or otherwise.

iii. In the event that during the Term a third party is the applicant or holder of the Authorization, any obligation on Pfizer under this Agreement shall be taken as a requirement on Pfizer to use Commercially Reasonable Efforts to procure the compliance of such third party Authorization applicant or

SSS

holder with such obligations to the extent necessary to ensure the relevant obligation is fully met.

4.3 Quality Tests and Checks.

Pfizer shall perform all bulk holding stability, manufacturing trials, validation (including, but not limited to, method, process and equipment cleaning validation), raw material, in-process, bulk finished product and stability (chemical or microbial) tests or checks required to assure the quality of the Product and tests or checks required by the Specifications and cGMP.

4.4 Rejection of Product; Disposal of Rejected Shipments.

(a) Purchaser may reject any Product that does not materially conform to Specifications or cGMP ("**Non-Complying Product**") by providing written notice of rejection to Pfizer and setting out detailed reasons for such rejection: (i) immediately (and in no event more than 24 hours) upon delivery of such Non-Complying Product to Purchaser; or (ii) immediately and in no event more than 24 hours upon its first knowledge of a Latent Defect. Pfizer shall respond to any rejection and notice of Non-Complying Product from Purchaser in a timely manner. For clarity, Purchaser shall not be entitled to reject any Product based on service complaints unless a Product does not materially conform to Specifications or cGMP.

(b) Pfizer shall conduct an analysis of the causes of any such quality-related complaint, and shall report to Purchaser on any corrective action taken. If Pfizer's inspection and testing reveals, to Pfizer's reasonable satisfaction, that such items of the Product are Non-Complying Product and that any such non-conformity or defect has not been caused or contributed to by any abuse, misuse, neglect, negligence, accident, improper testing, improper storage, improper handling, abnormal physical stress, abnormal environmental conditions or use contrary to any instructions issued by Pfizer, Pfizer shall use Commercially Reasonable Efforts to replace such Non-Complying Product as soon as practicable at no additional charge to Purchaser. In such circumstances, Pfizer will further arrange for reverse logistics for Product collection and manage the destruction of the Non-Complying Product. Until collection, Purchaser shall store and maintain the relevant Non-Complying Product in appropriately secure locations and in accordance with the manufacturers' specifications. Notwithstanding any other provision of this Agreement, this Section 4.4(b) contains Purchaser's sole and exclusive remedy for Non-Complying Product. The provisions of this Section 4.4 (Rejection of Product; Disposal of Rejected Shipments) shall survive termination or expiration of this Agreement.

4.5 Maintenance and Retention of Records.

(a) Each Party shall maintain detailed Records with respect to its activities under this Agreement as required by Laws.

(b) Purchaser will maintain a quality system for receipt, inspection, storage, traceability to further delivery points, and recall activities. If Purchaser does not

SSS
RI

have a quality system for the activities defined, Pfizer may share details of a proposed quality system for Purchaser's compliance.

4.6 Diversion Issues.

All Product delivered to Purchaser shall be: (a) stored securely by Purchaser; and (b) distributed by Purchaser only in South Africa in a secure manner appropriate to the transportation route and destination, in each case (a) and (b) to guard against and deter theft, diversion, tampering, substitution (with, for example, counterfeits) resale or export out of South Africa, and to protect and preserve the integrity and efficacy of the Product. Purchaser shall promptly notify Pfizer Quality Department ProductComplaintsZAF@pfizer.com and Pfizer Adverse Events Reporting by email ZAF.AEReporting@pfizer.comwithin forty-eight (48) hours (with follow up in writing in line with the notice provisions of this Agreement) if at any time Purchaser believes that any of the Product has been stolen, diverted, tampered with, substituted, or otherwise subjected to abuse, misuse, neglect, negligence, accident, improper testing, improper storage, improper handling, abnormal physical stress, abnormal environmental conditions or use contrary to any instructions issued by Pfizer. The notice shall provide all information relating to the Product diversion, including, but not limited to, detailed information including the date, time, location, number, batch number(s), expiration date, circumstances, and contact person(s) information. Purchaser shall cooperate with Pfizer or its designee, upon Pfizer's request, to cooperate in connection with such Product diversion. Purchaser shall not directly or indirectly resell, export, transfer, donate, or otherwise distribute Product outside of the Territory without Pfizer's prior written consent.

4.7 Recalls.

Purchaser shall be responsible for all costs of any recall or market withdrawal of the Product in South Africa, including, without limitation, reasonable costs incurred by or on behalf of Pfizer and its Affiliates or BioNTech and its Affiliates, except to the extent that such recall or market withdrawal results from willful misconduct (being a wrongful act, willingly and knowingly committed without legal or factual justification, with the intent to cause the harmful effects) on the part of, Pfizer or any of its Affiliates or any of their respective Personnel, in which event Pfizer will be responsible solely for: (a) any reasonable and documented out of pocket expenses directly incurred by Purchaser to third parties in implementing such recall or market withdrawal; and (b) replacing, at Pfizer's expense, the Product which has to be recalled.

5. REPRESENTATIONS & WARRANTIES.

5.1 Mutual Representations and Warranties. Pfizer and Purchaser each represents and warrants to each other the following:

(a) Organization and Authority. It has full right, power and authority to enter into this Agreement and to perform its respective obligations under this Agreement, including, in the case of Purchaser, that all necessary authorizations and approvals have been obtained by Purchaser to authorize its performance of all of its

SSS

obligations contained herein, that Purchaser has the authority to bind the Republic of South Africa and that Purchaser has exercised that authority to bind the Republic of South Africa as to each of the provisions and terms and conditions set forth in this Agreement;

(b) No Conflicts or Violations. The execution and delivery of this Agreement by such Party and the performance of such Party's obligations hereunder (i) do not conflict with or violate any Laws existing as of the Effective Date and applicable to such Party and (ii) do not conflict with, violate, breach or constitute a default under, and are not prohibited or materially restricted by, any contractual obligations of such Party existing as of the Effective Date; and

(c) Valid Execution. Such Party is duly authorized to execute and deliver this Agreement, and the Person executing this Agreement on behalf of such Party is duly authorized to execute and bind such Party to the terms set forth herein.

5.2 Warranties of Pfizer.

Pfizer warrants to Purchaser that:

(a) At the time of delivery, the Product (except for any non-compliance or failure to meet the relevant standard or requirement that could not be reasonably discovered given the state of medical, scientific or technical knowledge at the time when Pfizer delivered the Product):

(i) complies in a material manner with the relevant Specifications; and

(ii) has been manufactured in material accordance with current Good Manufacturing Practices.

(b) Subject to Pfizer's disclaimer of non-infringement of Intellectual Property rights of a third party (at Section 5.4(a) and (b) below), it has good title to the Product delivered to Purchaser pursuant to this Agreement and shall pass such title to Purchaser free and clear of any security interests, liens, or other encumbrances.

(c) The execution, delivery and performance of this Agreement by Pfizer will not violate any agreement or instrument to which Pfizer is a party.

5.3 Anti-Bribery/Anti-Corruption and Global Trade Controls.

(a) The Parties represent and warrant that, beyond the mutual consideration set forth in this Agreement, neither they nor their agents have provided or requested, or will provide or request, any additional incentive or benefit to or from the other Party or its agents to induce either Party to enter this Agreement or perform any part of this Agreement.

(b) Pfizer has not made, and will not make, in the performance of this Agreement directly or indirectly any payment, offer, promise, or authorization of payment of money or anything of value to a Government official, political party, candidate for

RJ

political office, or any other Person, and has not sought and will not seek improperly or corruptly to influence any Government official, political party, candidate for political office, or any other Person, in order to gain an improper business advantage.

(c) The Parties will comply with applicable economic sanctions, import, and export control laws, regulations, and orders in the performance of this Agreement.

(d) Activities performed under this Agreement will not involve Restricted Parties (defined as the list of sanctioned parties maintained by the United Nations; the Specially Designated Nationals List and the Sectoral Sanctions Identifications List, as administered by the U.S. Department of the Treasury Office of Foreign Assets Control; the U.S. Denied Persons List, the U.S. Entity List, and the U.S. Unverified List, all administered by the U.S. Department of Commerce; the entities subject to restrictive measures and the Consolidated List of Persons, Groups and Entities Subject to E.U. Financial Sanctions, as implemented by the E.U. Common Foreign & Security Policy; and similar lists of restricted parties maintained by relevant governmental entities).

(e) Notwithstanding any other provision of this Agreement, Pfizer shall not be required to take or refrain from taking any action prohibited or penalized under the laws of the United States or any applicable non-United States jurisdiction, including, without limitation, the antiboycott laws administered by the U.S. Commerce and Treasury Departments.

5.4 No Other Warranty.

Except to the extent set out expressly in this Agreement, all conditions, warranties or other terms which might have effect between the Parties or be implied or incorporated into this Agreement (whether by statute, common law or otherwise) are hereby excluded to the fullest extent permitted by Laws. Without prejudice to the general nature of the previous sentence, unless this Agreement specifically states otherwise and to the maximum extent permitted by Law, Pfizer expressly disclaims any representations or warranties with respect to the Product, including, but not limited to, any representation, warranties or undertaking as to (a) non-infringement of Intellectual Property rights of any third party, (b) that there is no requirement to obtain a license of third party Intellectual Property rights to enable the use or receipt of the Product, (c) merchantability, or (d) fitness for a particular purpose.

5.5 Purchaser Acknowledgement.

Purchaser acknowledges that the Vaccine and materials related to the Vaccine, and their components and constituent materials are being rapidly developed due to the emergency circumstances of the COVID-19 pandemic and will continue to be studied after provision of the Vaccine to Purchaser under this Agreement. Purchaser further acknowledges that the long-term effects and efficacy of the Vaccine are not currently known and that there may be adverse effects of the Vaccine that are not currently known. Further, to the extent applicable, Purchaser acknowledges that the Product shall not be serialized.

6. **TERM; TERMINATION**.

6.1 Term of Agreement.

This Agreement shall commence on the Effective Date and shall continue until the later of (a) delivery of the Contracted Doses of the Product under the accepted Purchase Order submitted on the Effective Date, and (b) twenty-four (24) months from the Effective Date, unless extended or terminated pursuant to this Section 6 (Term; Termination) or the mutual written agreement of the Parties ("**Term**").

6.2 Termination for Cause.

Either Party may terminate this Agreement immediately upon written notice to the other Party in the event of a material breach by the other Party of any term of this Agreement, which breach remains uncured for thirty (30) days following written notice to the other Party of such material breach. Notwithstanding the foregoing, if such material breach, by its nature, cannot be cured, the terminating Party may terminate this Agreement immediately upon written notice to the other Party. In the event that this Agreement is terminated by Pfizer under this Section 6.2, Purchaser shall pay within thirty (30) days of the date of notice of termination of this Agreement the full Price for all Contracted Doses less amounts already paid to Pfizer as of such date.

6.3 Mutual Termination Rights.

(a) In the event: (i) the Authorization has not been obtained in the Territory by 30 September 2021 (except in a case where such event is mainly or solely attributable to Purchaser or any ministry or secretary of the Government of the Republic of South Africa) Pfizer has supplied to Purchaser no doses of Product by 30 September 2021, subject to the extensions set forth in Section 2.4 (Delivery Schedule), or (ii) Pfizer is unable to supply all of the Contracted Doses by December 31, 2022, then either Party may terminate this Agreement upon written notice to the other Party. Purchaser may invoice Pfizer for a refund of fifty percent (50%) of the Advance Payment for the Contracted Doses not delivered (as determined ratably for the doses not delivered) except for cases where the cause of the termination is mainly or solely attributable to Purchaser. In the event this Agreement is terminated pursuant to this Section 6.3, the return of fifty percent (50%) Advance Payment shall be Purchaser's sole and exclusive remedy for the failure to deliver any Contracted Doses.

6.4 Termination in Event of Insolvency.

In the event that Pfizer: (a) becomes insolvent, or institutes or has instituted against it a petition for bankruptcy or is adjudicated bankrupt; or (b) executes a bill of sale, deed of trust, or a general assignment for the benefit of creditors; or (c) is dissolved or transfers a substantial portion of its assets to a third party (excluding any of Pfizer's Affiliates); or (d) has a receiver appointed for the benefit of its creditors, or has a receiver appointed on account of insolvency; then Pfizer shall immediately notify Purchaser of such event and Purchaser shall be entitled to terminate this Agreement.

SSS

6.5 Effect of Termination.

(a) Upon expiry or termination of this Agreement for any reason:

(i) Purchaser shall pay any sums owed to Pfizer pursuant to this Agreement within thirty (30) days of the date of invoice for the same; and

(ii) each Party shall use Commercially Reasonable Efforts to mitigate both (1) the damages that would otherwise be recoverable from the other pursuant to this Agreement, and (2) any costs, fees, expenses or losses that may be incurred by a Party, or for which a Party may be responsible, under this Agreement, by taking appropriate and reasonable actions to reduce or limit the amount of such damages, costs, fees, expenses or losses.

(b) The termination or expiration of this Agreement shall not affect the survival and continuing validity of Sections 1, 2.1(b)-(d), 2.5(b), 2.6, 2.7(b)-(e), 2.8, 3.1, 3.3, 3.4, 4.4, 4.5, 4.6, 4.7, 5.4, 5.5, 6.2 (final sentence), 6.5, 7, 8, 9.2, 9.3, 9.4, 9.5, 9.6, 10, 11, 12 or of any other provision which is expressly or by implication intended to continue in force after such termination or expiration.

(c) Expiry or termination of this Agreement for any reason shall be without prejudice to either Party's other rights and remedies or to any accrued rights and liabilities as the date of such expiry or termination; provided that (i) Pfizer shall have no liability for any failure by Pfizer to develop or obtain Authorization of the Product in accordance with the estimated dates described in this Agreement and (ii) even if the Product is successfully developed and Pfizer obtains Authorization, Pfizer shall have no liability for any failure to deliver Contracted Doses in accordance with any estimated delivery dates set forth herein.

7. **INTELLECTUAL PROPERTY**.

Pfizer US will be the sole owner of all Intellectual Property it generates during the development, manufacture, and supply of the Product or otherwise related to the Product. Neither Party will gain any rights of ownership to or use of any property or Intellectual Property owned by the other (whether by virtue of this Agreement, by implication or otherwise).

8. **INDEMNIFICATION**.

8.1 Indemnification by Purchaser. Purchaser hereby agrees to indemnify, defend and hold harmless Pfizer, BioNTech, each of their Affiliates, contractors, sub-contractors, licensors, licensees, sub-licensees, distributors, contract manufacturers, services providers, clinical trial researchers, third parties to whom Pfizer or BioNTech or any of their respective Affiliates may directly or indirectly owe an indemnity based on the research, development, manufacture, distribution, commercialization or use of the Vaccine, and each of the officers, directors, employees and other agents and representatives, and the respective predecessors, successors and assigns of any of the foregoing ("**Indemnitees**"), from and against any and all suits, claims, actions, demands, losses, damages, liabilities, settlements,

SSS RI

penalties, fines, costs and expenses (including, without limitation, reasonable attorneys' and other counsels' fees and other expenses of an investigation or litigation), whether sounding in contract, tort (delict), intellectual property, or any other theory, and whether legal, statutory, equitable or otherwise by any natural or legal person (collectively, "**Losses**") caused by, arising out of, relating to, or resulting from the Vaccine, including but not limited to any stage of design, development, investigation, formulation, testing, clinical testing, manufacture, labeling, packaging, transport, storage, distribution, marketing, promotion, sale, purchase, licensing, donation, dispensing, prescribing, administration, provision, or use of the Vaccine, any information, instructions, advice or guidance provided by Pfizer, or BioNTech or any of their respective Affiliates and relating to the use of the Vaccine, or any processing or transfer of anyone's personal information processed and transferred by Purchaser to the Indemnitees ("**Covered Activities**").

8.2 Assumption of Defense by Purchaser. The Indemnitee(s) shall notify Purchaser of Losses for which it is seeking indemnification pursuant hereto ("**Indemnified Claims**"). Upon such notification, the Indemnitee(s) shall have the option to conduct and control the defense or to require Purchaser to promptly assume conduct and control of the defense of such Indemnified Claims with counsel acceptable to Indemnitee(s), whether or not the Indemnified Claim is rightfully brought; provided, however, that Purchaser shall provide advance notice in writing of any proposed compromise or settlement of any Indemnified Claim and in no event may Purchaser compromise or settle any Indemnified Claim without Indemnitee(s)'s prior written consent, such consent not to be unreasonably withheld. Indemnitee(s) shall reasonably cooperate with Purchaser in the defense of any Indemnified Claims conducted and controlled by Purchaser.

8.3 Participation Rights. Each Indemnitee shall have the right to retain its own counsel and to participate in Purchaser's defense of any Indemnified Claim, at its own cost and expense except as set forth below. A failure by the Indemnitee(s) to give notice of Indemnified Claims or to offer to tender the defense of the action or suit pursuant to this Section 8.3 (Participation Rights) shall not limit the obligation of Purchaser under this Section 8 (Indemnification), except and only to the extent Purchaser is actually prejudiced thereby.

8.4 Assumption of Defense. Notwithstanding the foregoing and without prejudice to Section 12.5, Pfizer, directly or through any of its Affiliates or through BioNTech, may elect to assume control of the defense of an Indemnified Claim (a) within thirty (30) days of Indemnitee's notice to Purchaser of the Indemnified Claim or (b) at any time if, in Pfizer's sole discretion: (i) Purchaser fails to timely assume the defense of or reasonably defend such Indemnified Claim(s) in good faith to the satisfaction of Pfizer (or Pfizer's Affiliates and BioNTech); or (ii) Pfizer believes (or any of Pfizer's Affiliates or BioNTech believe) in good faith that a bona fide conflict exists between Indemnitee(s) and Purchaser with respect to an Indemnified Claim hereunder. Upon written notice of such election, Pfizer shall have the right to assume control of such defense (directly or through either one of its Affiliates or BioNTech), and Purchaser shall pay (as incurred and on demand), all Losses, including, without limitation, the reasonable attorneys' fees and other expenses incurred by Indemnitee(s), in connection with the Indemnified Claim. In all events, Purchaser shall cooperate with Indemnitee(s) in the defense, settlement or compromise of the Indemnified Claim.

SSS RJ

8.5 Privileges and Immunities. Purchaser acknowledges that its indemnification obligations under this Agreement are (a) expressly in addition to, and not limited by, any Privileges and Immunities, and (b) do not waive or relinquish Indemnitees' rights to any Privileges and Immunities.

8.6 Costs. Costs and expenses, including, without limitation, fees and disbursements of counsel, incurred by the Indemnitee(s) in connection with any Indemnified Claim shall be reimbursed on a quarterly basis by Purchaser, without prejudice to Purchaser's right to refund in the event that Purchaser is ultimately held in a final, non-appealable judgment or award to be not obligated to indemnify the Indemnitee(s).

9. INSURANCE AND LIABILITY.

9.1 Insurance.

During the Term, Pfizer or its Affiliates shall self-insure or procure and maintain such types and amounts of general liability insurance to cover liabilities related to its activities under this Agreement as is normal and customary in the pharmaceutical industry generally for companies that are similarly situated and providing similar manufacturing and supply services. For absolute clarity, this shall not include, nor constitute, product liability insurance to cover any third party/patients claims and such general liability insurance shall be without prejudice to Purchaser's indemnification obligation as set out in this Agreement.

9.2 Limits on Liability.

(a) Subject to the exclusions set forth in Section 9.3, in no circumstances shall (i) either Party be liable to the other Party or its Affiliates, whether arising in tort (including, without limitation, negligence), contract or otherwise, for any indirect, special, consequential, incidental or punitive damages, whether in contract, warranty, tort, negligence, strict liability or otherwise arising out of or relating to this Agreement, the transactions contemplated therein or any breach thereof (whether or not reasonably foreseeable and even if the first Party had been advised of the possibility of the other Party incurring such loss or type of loss), and (ii) in the case of Pfizer and its Affiliates, in no event shall Pfizer be liable to Purchaser for any direct damages except to the extent such direct damages were a result of a material breach of a representation or warranty by Pfizer under this Agreement that directly and solely caused the damage. In no instance shall Pfizer and its Affiliates be liable to Purchaser (whether arising in warranty, tort (including, without limitation, negligence), contract, strict liability or otherwise) for any liabilities of Purchaser to any third party, including, without limitation, through contribution, indemnity, or for any claim for which Purchaser would have to indemnify Pfizer if that claim were brought directly against Pfizer.

(b) The aggregate liability of Pfizer and its Affiliates (whether arising in warranty, tort (including, without limitation, negligence, contract, strict liability or otherwise) arising out of, under or in connection with this Agreement shall not exceed a sum

555 RJ

equivalent to one hundred percent (100%) of the total Price actually received by Pfizer under this Agreement for the Contracted Doses.

9.3 Excluded Liability.

Nothing in this Agreement excludes or limits the liability of either Party for:

(i) fraud or fraudulent misrepresentation;

(ii) any breach of Section 10 (Confidential Information);

(iii) in the case of Purchaser, the indemnity given by it under Section 8 (Indemnification); or

(iv) in the case of Purchaser, failure to pay the Price for the Product or any other sums properly owing to Pfizer under this Agreement.

9.4 Waiver of Sovereign Immunity. Purchaser, on behalf of itself and the Republic of South Africa, expressly and irrevocably waives any right of immunity which either it or its assets may have or acquire in the future (whether characterized as sovereign immunity or any other type of immunity), including any assets controlled by any agency, instrumentality, central bank, or monetary authority of the Republic of South Africa as specified by 28 U.S.C. § 1611 in respect of any arbitration pursuant to Section 12.2 (Arbitration) or any other legal procedure initiated to confirm or enforce any arbitral decision, order or award, or any settlement in connection with any arbitration pursuant to Section 12.2 (Arbitration), whether in the Republic of South Africa or any other foreign jurisdiction, including but not limited to immunity against service of process, immunity of jurisdiction, immunity against any judgment rendered by a court or tribunal (including any interim award or decision), immunity against any order to enforce the judgment, and immunity against precautionary seizure of any of its assets. Purchaser, on behalf of itself and the Republic of South Africa, further covenants and agrees not to assert any such immunity in any proceeding in connection with this Agreement. Purchaser, on behalf of itself and the Republic of South Africa expressly and irrevocably submits to the jurisdiction of the courts of New York, or any other court of competent jurisdiction, for the purposes of enforcing any arbitral decision, order or award, or any settlement in connection with any arbitration pursuant to Section 12.2 and represents and warrants that the person signing this Agreement on its behalf has actual authority to submit to such jurisdiction. Purchaser also expressly and irrevocably waives the application of any Law in any jurisdiction that may otherwise limit or cap its obligation to pay damages arising from or in connection with any Indemnified Claims. 12. **MISCELLANEOUS**.

12.1 Negotiations of Dispute.

Prior to commencing any arbitration with respect to any controversy, claim, counterclaim, dispute, difference or misunderstanding arising out of or relating to the interpretation or application of any term or provisions of this Agreement, a Party shall provide written notice

SSS RJ

to the other Party of the existence of such dispute. The Parties shall for a period of thirty (30) days following such notice enter into good faith discussions and negotiations in an attempt to resolve such dispute. If, by the end of such thirty (30) day period, unless such period is extended by mutual written agreement of the Parties, the Parties have been unable to resolve such dispute, either Party may initiate arbitration in accordance with the procedures set forth in Section 12.2 (Arbitration). The procedures specified in this Section 12.1 (Negotiations of Dispute) are a precondition to the initiation of arbitration by a Party, in connection with disputes between the Parties arising from or related to this Agreement or a Purchase Order; provided, however, that a Party may seek a preliminary injunction or other preliminary judicial relief, without attempting to resolve such dispute as provided in this Section 12.1 (Negotiations of Dispute), if in its judgment such action is necessary to avoid irreparable harm. The Parties expressly and irrevocably submit to the jurisdiction of the courts of New York, New York, U.S.A. for any such injunctive relief. Further, the requirement to attempt to resolve a dispute in accordance with this Section 12.1 (Negotiations of Dispute) does not affect a Party's right to terminate this Agreement as provided in Section 6 hereof, and neither Party shall be required to follow these procedures prior to terminating the Agreement. The failure of either Party to participate in good faith discussions and negotiations in an attempt to resolve such dispute shall not delay the date by which the other Party may initiate arbitration under this Section 12.1 (Negotiations of Dispute).

12.2 Arbitration.

Any dispute, controversy, or claim arising out of, relating to, or in connection with this Agreement, including with respect to the formation, applicability, breach, termination, validity or enforceability thereof, or relating to arbitrability or the scope and application of this Section 12.2 (Arbitration), shall be finally resolved by arbitration. The arbitration shall be conducted by three arbitrators, in accordance with the Rules of Arbitration of the International Chamber of Commerce ("**ICC**"). The claimant shall nominate an arbitrator in its request for arbitration. The respondent shall nominate an arbitrator within thirty (30) days of the receipt of the request for arbitration. The two (2) arbitrators nominated by the Parties shall nominate a third arbitrator, in consultation with the Parties, within thirty (30) days after the confirmation of the later-nominated arbitrator. The third arbitrator shall act as chair of the tribunal. If any of the three (3) arbitrators are not nominated within the time prescribed above, then the ICC shall appoint the arbitrator(s). The seat of the arbitration shall be New York, New York, U.S.A. and it shall be conducted in the English language. The Parties undertake to maintain confidentiality as to all aspects of the arbitration, including its existence, content and result, and as to all submissions, correspondence and evidence relating to the arbitration proceedings. The foregoing sentence shall survive the termination of the arbitral proceedings. Notwithstanding the foregoing, a Party may disclose information relating to the arbitration proceedings to the extent that disclosure is required to protect or pursue a legal right related to the arbitration; enforce or challenge an award in bona fide legal proceedings; respond to a bona fide compulsory order or request for information of a governmental or regulatory body; make a disclosure required by securities laws, rules of a securities exchange, or other similar laws, regulations, or rules; or seek legal, accounting, or other professional services. The costs of the arbitration, including, without limitation, the Parties' reasonable legal fees, shall be borne by the

SSS RJ

unsuccessful Party or Parties. However, the arbitral tribunal may apportion such costs between the Parties if it determines that apportionment is reasonable, taking into account the circumstances of the case. The arbitration award shall be final and binding on the Parties, and the parties undertake to carry out any award without delay. Judgment upon the award may be entered by any court having jurisdiction of the award or having jurisdiction over the relevant party or its assets.

12.3 Publicity.

A Party shall not use the name, trade name, service marks, trademarks, trade dress or logos of the other Party in publicity releases, advertising or any other publication, without the other Party's prior written consent in each instance.

12.4 Governing Law.

All disputes shall be governed by the Laws of the State of New York, USA, without regard to conflict of Law principles other than Section 5-1401 of the New York General Obligations Law, except that any dispute regarding the arbitrability or the scope and application of this Section shall be governed by the Federal Arbitration Act of the United States.

12.5 Third Party Rights.

(a) Purchaser agrees the applicable rights granted or provided to Pfizer under this Agreement are also granted or provided to Pfizer's Affiliates or to BioNTech to the extent that those rights relate to such Affiliates or BioNTech, including but not limited to the indemnification in Section 8(a) (each a "**Third Party Beneficiary**" and together the "**Third Party Beneficiaries**"). Each Third Party Beneficiary shall be entitled to enforce the terms of this Agreement; provided that, to the extent permissible by Law and where reasonably practicable, any claims, demands or actions from any Third Party Beneficiary shall be brought by Pfizer itself on behalf of the relevant Third Party Beneficiary.

(b) Any Losses suffered by a Third Party Beneficiary will not be treated as being indirect solely because it has been suffered by a Third Party Beneficiary and not by Pfizer directly.

12.6 Relationship of the Parties.

The relationship hereby established between Purchaser and Pfizer is solely that of independent contractors. Neither Party has authority to act or make any agreements or representations on behalf of the other Party. This Agreement is not intended to create, and shall not be construed as creating, between Pfizer and Purchaser, the relationship of principal and agent, employer and employee, joint venturers, co-partners, or any other such relationship, the existence of which is expressly denied.

RJSS

12.7 Assignment; Binding Effect.

Neither Purchaser nor Pfizer shall assign any of its rights or delegate or subcontract any of its duties and obligations under this Agreement without the prior written consent of the other Party, which may be withheld at such Party's discretion, provided that Pfizer, without Purchaser's consent, may assign, delegate or subcontract any of its duties and obligations under this Agreement to an Affiliate of Pfizer, BioNTech or an Affiliate of BioNTech. Any such attempted assignment of rights or delegation or subcontracting of duties without the required prior written consent of the other Party shall be void and ineffective. Any such assignment, delegation or subcontracting consented to by a Party in writing shall not relieve the other Party of its responsibilities and liabilities hereunder and such assigning Party shall remain liable to other Party for the conduct and performance of each permitted assignee, delegate and subcontractor hereunder. This Agreement shall apply to, inure to the benefit of and be binding upon the Parties hereto and their respective successors and permitted assigns. The Parties agree that this Agreement is not intended by either Party to give any benefits, rights, privileges, actions or remedies to any Person or entity, partnership, firm or corporation as a third party beneficiary or otherwise under any theory of Law.

12.8 Force Majeure.

Neither Party shall be liable for any failure to perform or any delays in performance, and neither Party shall be deemed to be in breach or default of its obligations set forth in this Agreement, if, to the extent and for so long as, such failure or delay is due to any causes that are beyond its reasonable control and not to its acts or omissions, including, without limitation, such causes as acts of God, natural disasters, flood, severe storm, earthquake, civil disturbance, lockout, riot, order of any court or administrative body, embargo, acts of Government (other than Purchaser), war (whether or not declared), acts of terrorism, the impact on a Party of an outbreak of any disease or an epidemic or pandemic or other similar causes ("Force Majeure Event"). Failure or inability to pay shall not be a basis for a Force Majeure Event under this Agreement. In the event of a Force Majeure Event, the Party prevented from or delayed in performing shall promptly give notice to the other Party and shall use Commercially Reasonable Efforts to avoid or minimize the delay.

12.9 Severability.

If and solely to the extent that any court or tribunal of competent jurisdiction holds any provision of this Agreement to be unenforceable in a final non-appealable order, such unenforceable provision shall be stricken and the remainder of this Agreement shall not be affected thereby. In such event, the Parties shall in good faith attempt to replace any unenforceable provision of this Agreement with a provision that is enforceable and that comes as close as possible to expressing the intention of the original provision.

12.10 Non-Waiver; Remedies.

A waiver by any Party of any term or condition of this Agreement in any instance shall not be deemed or construed to be a waiver of such term or condition for the future, or of any subsequent breach thereof. All remedies specified in this Agreement shall be cumulative

RI
SSS

and in addition to any other remedies provided at Law or in equity.

12.11 Further Documents.

Each Party hereto agrees to execute such further documents and take such further steps as may be reasonably necessary or desirable to effectuate the purposes of this Agreement.

12.12 Forms.

The Parties recognize that, during the Term, a Purchase Order acknowledgment form or similar routine document (collectively, "**Forms**") may be used to implement or administer provisions of this Agreement. The Parties agree that the terms of this Agreement shall prevail in the event of any conflict between terms of this Agreement and the terms of such Forms, and any additional or different terms contained in such Forms shall not apply to this Agreement.

12.13 Headings.

Headings of Sections or other parts of this Agreement are included herein for convenience of reference only and shall not constitute a part of this Agreement or change the meaning of this Agreement.

12.14 Counterparts.

This Agreement may be executed in two or more counterparts, each of which shall constitute an original and all of which together shall constitute one and the same agreement, and shall become effective when signed by each of the Parties hereto and delivered to the other Party in accordance with the means set forth in Section 11 (Notices) or by reliable electronic means (with receipt electronically confirmed).

12.15 Electronic Delivery and Storage.

Delivery of a signed Agreement by reliable electronic means, including facsimile or email (with receipt electronically confirmed), shall be an effective method of delivery of the executed Agreement. This Agreement may be stored by electronic means and either an original or an electronically stored copy of this Agreement can be used for all purposes, including in any proceeding to enforce the rights or obligations of the Parties to this Agreement.

12.16 Entire Agreement; Amendments.

This Agreement, together with any attachments and amendments (and as such attachments may be amended, amended and restated or replaced from time to time), which are hereby incorporated by reference, constitute the entire agreement of the Parties with respect to its subject matter and merges and supersedes all prior discussions and writings with respect to thereto, including the Binding Term Sheet. Except as otherwise set out herein; no modification or alteration of this Agreement shall be binding upon the Parties unless contained in a writing signed by a duly authorized agent for each respective Party and

SSS RI

specifically referring hereto or thereto.

12.17 Rule of Construction.

The Parties have participated jointly in the negotiation and drafting of this Agreement. In the event that an ambiguity or question of intent or interpretation arises, this Agreement shall be construed as if drafted jointly by the Parties and no presumption or burden of proof shall arise favoring or disfavoring any Party by virtue of the authorship of any of the provisions of this Agreement.

12.18 English Language.

This Agreement shall be written and executed in, and all other communications under or in connection with this Agreement shall be in, the English language. Any translation into any other language shall not be an official version thereof, and in the event of any conflict in interpretation between the English version and such translation, the English version shall control.

12.19 Legal Costs.

Each Party will bear its own legal costs in preparing and concluding this Agreement.

AMENDMENT TO MANUFACTURING AND SUPPLY AGREEMENT

THIS AMENDMENT AGREEMENT ("**Amendment**") is dated as of **June 4, 2021** ("**Amendment Effective Date**") and is made by and between **Pfizer Laboratories (Proprietary) Limited** (hereinafter "**Pfizer**") and **The Government of the Republic of South Africa acting through the National Department of Health of South Africa** (hereinafter "**Purchaser**") and amends the Manufacturing and Supply Agreement ("**Agreement**") entered into by and between Pfizer and Purchaser on **30 March 2021**. Capitalized terms used, but not defined herein, shall have the meaning ascribed to such term in the Agreement.

WHEREAS, the Parties desire to enter into this Amendment to provide for the purchase of additional doses of Product by Purchaser as set forth in **Section 2.3(c)** of the Agreement; and

WHEREAS, in accordance with **Section 12.16** of the Agreement, the Parties desire to enter into this Amendment to amend such terms in accordance with the terms set forth herein.

NOW, THEREFORE, in consideration of these premises and the covenants and agreements set forth herein, the sufficiency of which is hereby acknowledged and agreed, and intending to be legally bound thereby, the Parties hereby agree as follows:

1. AMENDMENTS TO AGREEMENT

The Parties agree to amend the Agreement as follows:

1.1 **Section 1.44** of the Agreement is hereby deleted in its entirety and replaced with the following definition of Product:

> ""**Product"** means the medicinal product being BNT162b2, a nucleoside-modified messenger RNA (mRNA) vaccine that encodes an optimized SARS-CoV-2 full length spike glycoprotein (S) in an unpreserved frozen multi-dose vial that must be diluted, for which Authorization has been granted or is being sought for the prevention of COVID-19, including subsequent non-material variations as reasonably determined by Pfizer or BioNTech or any of their Affiliates and approved by the relevant regulatory authority. For the avoidance of doubt, changes to the active substance or antigenic characteristics of BNT162b2 encoding a variant or new strain of SARS-CoV-2 as well as any new formulation of BNT162b2 are explicitly excluded from the scope of the "Product" as defined herein, as are any other significant product changes as Pfizer or BioNTech or any of their Affiliates may reasonably determine."

1.2 **Section 1.56** of the Agreement is hereby deleted in its entirety and replaced with the following definition of Vaccine:

> ""**Vaccine**" shall include (a) all vaccines manufactured, in whole or in part, or supplied, directly or indirectly, by or on behalf of Pfizer or BioNTech or any of their Affiliates that are intended for the prevention of the human disease COVID-19 or any other human disease, in each case which is caused by any of the virus SARS-CoV-2, and/or any or all related strains, mutations, modifications or derivatives of the foregoing that are (i) procured by Purchaser by any means whether pursuant to this Agreement or by way of any other purchase or donation including from any third party or otherwise, whether or not authorized pursuant to Section 2.1, and whether procured prior to or following execution of this Agreement, or (ii) administered in the Jurisdiction by or on behalf of Pfizer (including to

employees and agents), whether with Contracted Doses or non-Contracted Doses, and whether administered prior to or following execution of this Agreement, (b) any device, technology, or product used in the administration of or to enhance the use or effect of, such vaccine, (c) any component or constituent material of (a) or (b), or (d) any use or application of any product referred to in (a)-(b). For purposes of this Agreement, "Jurisdiction" means the sovereign territory of South Africa as well as an embassy, consulate or armed forces installation of South Africa outside its sovereign territory but subject to its jurisdiction."

1.3 **Section 2.3(c)** of the Agreement provided the ability of Purchaser to submit to Pfizer an Additional Order. Pfizer has provided Purchaser consent of submission of such Additional Order pursuant to the terms of this Amendment. On the Amendment Effective Date, Purchaser hereby submits such Additional Order of Ten Million One Thousand One Hundred Sixty **(10,001,160)** doses of Product in accordance with the terms set forth in this Amendment and the Agreement.

1.4 **Section 3.2(a)** of the Agreement is hereby deleted in its entirety and amended and replaced with the following language:

"On **14 April 2021**, Purchaser paid Pfizer an initial upfront payment of forty million two thousand three hundred US Dollars (USD 40,002,300) (calculated as two (2) USD per dose multiplied by the initial number of Contracted Doses under the Agreement) (**"Initial Advance Payment"**). In partial consideration of the Additional Order under the Additional Order under this Amendment, Purchaser shall pay an upfront payment of Twenty Million Two Thousand Three Hundred Twenty US Dollars **(20,002,320 USD)** (calculated as two (2) USD per dose multiplied by Ten Million One Thousand One Hundred Sixty **(10,001,160)** doses (**"Additional Order Advance Payment"**) within thirty (30) days of receipt of an invoice from Pfizer issued on or after the Amendment Effective Date. The Initial Advance Payment and the Additional Order Advance Payment are referred to herein as the **"Advance Payment"**. Pfizer shall have no obligation to ship or deliver Product until receipt in full of the Advance Payment." All amounts due hereunder shall be converted to South African Rand which shall be determined based on the exchange rate used by Bloomberg BFIX at the close of business on the day prior to the invoice date 4:00 pm London time.

1.5 **Section 4.4(b)** of the Agreement is amended to include the following language at the beginning of such section:

"In the event that Product is Non-Complying Product (as agreed by Pfizer), Pfizer at its sole discretion, can elect to either (i) provide replacement Product to Purchaser, or (ii) issue a credit for such portion of the Product that was Non-Complying Product, or if there are no additional invoices due to Pfizer for Product, Pfizer shall issue a refund for that portion of the Product that was Non-Complying Product."

1.6 **Attachment B** to the Agreement shall be deleted in its entirety and replaced with Attachment B attached to this Amendment to reflect the Additional Order.

2. CONTINUING FORCE AND EFFECT; ENTIRE AGREEMENT

Except as otherwise amended under the terms of Section 1 herein, the Agreement shall remain in full force and effect. This Amendment and the Agreement, together with any attachments and amendments (and as such attachments may be amended, amended and restated or replaced from

BINDING TERM SHEET

Pfizer Inc ("Pfizer" and "Supplier") and BioNTech are currently in clinical development of BNT162, an mRNA vaccine directed against SARS-COV2 to prevent COVID-19 infection in humans with four different vaccine candidates being tested (the "**Vaccine**").

The Vaccine is being evaluated as a potential two dose regimen in a non-preserved multi-dose vial configuration. Subject to clinical success, Supplier and BioNTech SE anticipate potential approval from the United States Food and Drug Administration, initially under emergency use authorization or other form of regulatory approval ("**FDA Approval**") as early as 30 October 2020 and National Department of Health of South Africa regulatory approval and release **("Local Regulatory Approval**") as early as 31st of December 2020.

National Department of Health of South Africa ("the **NDoH**") wishes to explore arrangements to secure Vaccine supply for South Africa during the pandemic period, and if mutually agreed by the parties, for the subsequent period.

The NDoH acknowledges and agrees that Supplier's and BioNTech SE's efforts to develop and manufacture the Vaccine are aspirational in nature and subject to significant risks and uncertainties. Notwithstanding the efforts and any estimated dates set forth in this Binding Term Sheet, the Parties recognize that the Vaccine is currently in Phase 2/3 clinical trials and that, despite the efforts of the Supplier in research, and development and manufacturing, the Vaccine may not be successful due to technical, clinical, regulatory, manufacturing or other challenges or failures.

Accordingly, Supplier shall have no liability for any failure by Supplier and/or BioNTech SE to develop or obtain regulatory approval or authorization of the Vaccine in accordance with the intended results or estimated dates described in this Binding Term Sheet. Even if the Vaccine is successfully developed and obtains regulatory approval or authorization, Supplier and/or BioNTech SE shall have no liability for any failure to deliver doses in accordance with any estimated delivery dates set forth herein (other than as set out in the Advance Payment section of this Binding Term Sheet), nor shall any such failure give the NDoH any right to cancel orders for any quantities of Vaccine.

The NDoH further acknowledges that the Vaccine and related materials are being rapidly developed due to the emergency circumstances of the COVID-19 pandemic, and will continue to be studied after provision of the Vaccine to South Africa under the Definitive Agreement (as defined below). The NDoH also acknowledges that the long-term effects and efficacy of the Vaccine are not currently known and that there may be adverse effects of the Vaccine that are not currently known.

This Binding Term Sheet records the terms between Pfizer and the NDoH in respect of the supply of the Vaccine but the parties acknowledge that these terms are proposed as the basis for concluding a definitive agreement (the "**Definitive Agreement**"). The provisions of this Binding Term Sheet include all of the essential terms but do not describe all the terms and conditions that would be included in the Definitive Agreement. The legal effect of this document is set out below. Prior to the execution of this Binding Term Sheet, the NDoH warrants that any and all required approvals and authorizations have been obtained from the relevant Ministerial and/or governmental entities concerned in order to enter into the Definitive Agreement as contemplated by this Binding Term Sheet, including the indemnity in Appendix A.

PARTIES	
Parties	(1) Pfizer Inc, a corporation organized and existing under the laws of Delaware, with offices at 235 East 42nd Street, New York, New York 10017, USA ("Pfizer or the Supplier"); and (2) National Department of Health of South Africa
PANDEMIC SUPPLY	
Order & Delivery	Under and subject to terms to be agreed in the Definitive Agreement, the NDoH will place a binding order (the "**Order**") for fifty (50) million doses of the Vaccine. Subject to points (i) to (v) below, it is estimated that the Order will be shipped as follows (the "**Interim Delivery Schedule**") provided that FDA Approval is received by 30th of October 2020 and Local Regulatory Approval is received in South Africa by 31 December 2020. . • Three million and five hundered thousand doses (3 500 000) doses estimated to be shipped in Quarter one 2021 ("**Batch 1**"); and • Ten million (10 000 000) doses estimated to be shipped in Quarter two 2021 ("**Batch 2**"); and • Ninteen million (19 000 000) doses estimated to be shipped in Quarter three 2021 ("**Batch 3**"); and • Seventeen million and five hundered thousand (17 500 000) doses estimated to be shipped in Quarter four 2021 ("**Batch 4**"); (i) No doses will be shipped prior to the Supplier and BioNTech SE receiving FDA Approval in the US and Local Regulatory Approval in South Africa. (ii) If FDA Approval is received after 30th of October 2020 and/or Local Regulatory Approval is received after 31st of December 2020, but before 30 June 2021, then the Interim Delivery Schedule will shift accordingly and be adjusted to reflect the delay between 30 October 2020 or 31 December 2020 (as the case maybe) and the date of FDA Approval/Local Regulatory Approval ("**Adjusted Delivery Schedule**"). (iii) If FDA Approval or Local Regulatory Approval is not received by 30 June 2021, Supplier will have no obligation to deliver against the Adjusted Delivery Schedule. (iv) If FDA Approval and Local Regulatory Approval are received prior to 30 June 2021 and Supplier is not able to manufacture and deliver a certain number of contracted doses, but there is insufficient supply to deliver the full amount of contracted doses on the Interim Delivery Schedule or the Adjusted Delivery Schedule, then the Supplier will decide on necessary adjustments based on fair and equitable principles under the then existing circumstances. (v) If FDA Approval and Local Regulatory Approval are received by 30 June 2021, but by 31 December 2021 Supplier is unable to manufacture or

	deliver any contracted doses for technical or other reasons, Supplier will have no obligation to deliver against the Interim Delivery Schedule or the Adjusted Delivery Schedule. Under no circumstances will the Supplier and/or BioNTech SE be subject to or liable for any late delivery penalties. NDoH undertakes to take appropriate measures to ensure smooth and efficient acceptance and transfer of the Vaccine through the port of entry. In the event that NDoH requests that a local distributor or third party be appointed to be responsible for importation, customs clearance, storage and/or distribution of the Vaccine, including receiving payments from the NDoH for the Vaccine and making the relevant payments to Supplier on behalf of the NDoH, or if the Supplier appoints a local distributor or third party approved by the NDoH to undertake all or part of the foregoing activities, such appointment shall be subject to Supplier prior written consent, and the NDoH shall be responsible and liable for all acts and ommissions of such third party, including compliance by such third party with the obligations of NDoH under the Definitive Agreement.
Supply	Based on current knowledge and subject to receipt of Local Regulatory Approval, the Vaccine is expected to be a two dose regimen in a concentration liquid formulation that needs to be stored frozen at -80°C. The Vaccine must be thawed on the day of administration and stored at 2-8 °C until administration. The concentrate will need to be diluted at point of use prior to dosing. Vaccinators will need to obtain locally sourced 0.9% Sodium Chloride Injection (Normal Saline) for dilution, syringes and needles. These items will not be provided with the Vaccine. The NDoH is solely responsible for and on risk for the storage and use of the Vaccine after delivery.
PRICING	
Vaccine Pricing	Pricing will be $USD 12 (twelve Dollars) per dose. In total, the fifty million doses ordered will have an aggregate consideration of six hundered million (600 000 000) $USD (the "**Total Cost**"). All pricing is exclusive of tax and inclusive of main carriage freight. The parties will align on the delivery terms (Incoterms) in the Definitive Agreement.
Advance payment	The NDoH agrees to pay an upfront payment of one hundered million (100 000 000) $USD (calculated as two (2) $USD per dose multiplied by fifty million doses) to Supplier within 30 days of signature of the Definitive Agreement (the "**Advance Payment**"). The Advance Payment shall be treated as a prepayment towards the Delivery Price as defined below. The Parties agree that 100% of the Advance Payment will be refunded if the Supplier do not obtain FDA Approval to market the Vaccine in the US by 30th of June 2021

	Also, if Local Regulatory Approval is received on or before 30 June 2021 but there is insufficient supply to deliver the full amount of contracted doses by 31st of December 2021, then 100% of the two (2) $USD per dose Advance Payment will be returned ratably for the amount of doses not shipped during such schedule except for cases where such event is attributable to the NDoH .
Further payment terms	After the Advance Payment is made, the remainder of the contracted Price per dose **(the "Delivery Price")** is to be paid before delivery of each shipment of contracted doses. The Delivery Price is equal to the price per dose set out above minus the Advance Payment per dose, multiplied by the number of doses supplied in the relevant timeframe. If Supplier is unable to manufacture and deliver any contracted doses, the Delivery Price would not be payable or due to Supplier for the undelivered doses (and for clarity, the Supplier would retain possession of and have no obligation to deliver the doses). If any failure by **NDoH** to pay the Supplier for the contracted doses results in a delay in delivery, the undelivered doses will be at the sole risk of **NDoH** and Supplier shall have no liability to **NDoH** regarding such delay or further inability to supply by Supplier.
OTHER PROVISIONS	
Indemnification & Liability protection	The Definitive Agreement will include the Indemnification Provision in Appendix A hereto. The Definitive Agreement will also include a term confirming that the NDoH shall not seek contribution or indemnity from Supplier and BioNTech SE for claims which if brought against Supplier directly, the NDoH would indemnify Supplier and BioNTech SE under this Agreement. **Liability Protection.** In view of the exceptional circumstances which characterize the rapid development and scale-up of a Covid-19 vaccine, as a condition to entering into a Binding Term Sheet, NDoH must demonstrate, in a manner satisfactory to theSupplier and BioNTech SE, that Supplier and BioNTech SE and their affiliates will have adequate protection, as determined in Supplier and BioNTech SE's sole discretion, from liability for claims arising out of or in connection with the vaccine or its use. NDoH represents that it has adequate statutory and/or regulatory authority and adequate funding appropriation to undertake and completely fulfill the indemnification obligations and provide adequate protection to the Supplier and BioNTech SE and their affiliates from liability for claims arising out of or in connection with the vaccine or its use. Further, NDoH will satisfactorily demonstrate this, to Supplier and BioNTech SE's sole discretion, with true and complete documentary support to be provided to the Supplier and BioNTech SE prior to execution of the Definitive Agreement. NDoH hereby covenants and acknowledges and agrees that a condition precedent for the supply of Vaccine requires that NDoH shall implement such statutory or regulatory requirements or funding appropriation sufficient to meet its

	obligations in the Definitive Agreement prior to supply of Vaccine by Supplier and BioNTech SE or their affiliates
Intellectual Property	Supplier and BioNTech SE will be the sole owners of all intellectual property they generate during the development, manufacture and supply of the Vaccine or otherwise related to the Vaccine and the NDoH will acquire no right to such intellectual property whatsoever.
Other Terms	The Definitive Agreement shall contain other terms typically found in supply and funding agreements to be agreed by the parties, including, without limitation: warranties, representations, further assurance and "boiler-plate" provisions, including force majeure
Information	The Supplier shall keep the NDoH apprised of the progress of the material development of the Vaccine and shall provide the NDoH with such information regarding that development as the NDoH reasonably requests.
Legal Costs	Each party will bear its own legal costs in preparing and concluding the Definitive Agreement.
EFFECT OF BINDING TERM SHEET	
Legal Effect of BindingTerm Sheet	The parties identified at the end of this document expressly agree that all of the terms of this Binding Term Sheet are intended to be and are legally binding on the parties. Negotiation	This Binding Term Sheet is valid for fifteen (15) days from the receipt of this document by the NDoH. After the execution of this Binding Term Sheet, the parties shall use commercially reasonable efforts, acting in good faith, to enterenter into the Definitive Agreement within thirty (30) days from the date of signing this

	Binding Term Sheet. Upon its execution by both parties, the Definitive Agreement will supersede and replace this Binding Term Sheet with immediate effect.
Governing Law and Dispute Resolution	This Binding Term Sheet is, and the Definitive Agreement shall be governed by the laws of the State of New York, USA, excluding however, its conflict of laws provisions. All disputes arising out of, relating to, or in connection with this Binding Term Sheet and the Definitive Agreement shall be finally settled under the Rules of Arbitration of the International Chamber of Commerce by three arbitrators, one nominated by each party and the third nominated by those two party nominated appointees. The seat of the arbitration shall be New York, USA, and the language of the proceedings shall be English. The NDoH waives any claim to immunity in regard to any proceeding to confirm or enforce any decision, arbitral award, or settlement. The NDoH represents and warrants that the person signing this Binding Term Sheet on its behalf has actual authority to waive such immunity. The NDoH also waives application of any law that may otherwise limit or cap its obligation to pay damages arising from claims indemnified under the terms of this Binding Term Sheet or the Definitive Agreement. Full Liability & Indemnity Provision for the Definitive Agreement

For purposes of this Appendix A, **"Vaccine"** shall include (a) all vaccines manufactured, in whole or in part, or supplied, directly or indirectly, by or on behalf of Pfizer or BioNTech SE or any of their Affiliates pursuant to this Agreement that are intended for the prevention of the human disease COVID-19 or any other human disease, in each case which is caused by any of the virus SARS-CoV-2, and/or any or all related strains, mutations, modifications or derivatives of the foregoing, (b) any device, technology, or product used in the administration of, or to enhance the use or effect of, such vaccine, or (c) any component or constituent material of (a)-(b),), (d) any use or application of any product referred to in (a)-(b).

Indemnification by Government. The Government of the Republic of South Africa acting through the Minister of [INSERT] and approved by the Minister of Finance ("Government") hereby agrees to indemnify, defend and hold harmless Pfizer, BioNTech SE, each of their Affiliates, contractors, sub-contractors, licensors, licensees, sub-licensees, distributors, contract manufacturers, services providers, clinical trial researchers, third parties to whom Pfizer or BioNTech SE or any of their respective Affiliates may directly or indirectly owe an indemnity based on the research, development or manufacture of the Vaccine, and each of the officers, directors, employees and other agents and representatives, and the respective predecessors, successors and assigns of any of the foregoing ("**Indemnitees**"), from and against any and all suits, claims, actions, demands, losses, damages, liabilities, settlements, penalties, fines, costs and expenses (including reasonable attorneys' and other counsels' fees and other expenses of an investigation or litigation), whether sounding in contract, tort (delict), intellectual property, or any other theory, and whether legal, statutory, equitable or otherwise by any natural or juristic person (collectively, "**Losses**"),"), caused by, arising out of, relating to, or resulting from the Vaccine, including but not limited to any stage of design, development, investigation, formulation, testing, clinical testing, manufacture, labeling, packaging, transport, storage, distribution, marketing, promotion, sale, purchase, licensing, donation, dispensing, prescribing, administration, provision, or use of the Vaccine or any information, instructions, advice or guidance provided by the Supplier and BioNTech SE relating to the use of the Vaccine, or any processing or transfer of anyone's personal information processed and transferred by the Government to the Indemnitees by the Government.

Assumption of Defense by Government. The Indemnitee(s) shall notify Government of Losses for which it is seeking indemnification pursuant hereto ("**Indemnified Claims**"). Upon such notification, the IndemniteesIndemnitees shall have the option to conduct and control the defense or to require the Government to promptly assume conduct and control of the defense of such Indemnified Claims with counsel acceptable to Indemnitee(s), whether or not the Indemnified Claim is rightfully brought; provided, however, that the Government shall provide advance notice in writing of any proposed compromise or settlement of any Indemnified Claim and in no event may Government compromise or settle any Indemnified Claim without Indemnitee(s)'s prior written consent, such consent not to be unreasonably withheld. Indemnitee(s) shall reasonably cooperate with Government in the defense of anyany Indemnified Claims conducted and controlled by the Government.

Additionally , in the event that the Government requests that a local distributor or third party be appointed to be responsible for importation, customs clearance, storage and/or distribution of the **Vaccine**, including receiving payments from the Government for the **Vaccine** and making the relevant payments to Indemnitees on behalf of the Government or if the Indemnitees appoints a local distributor

or third party approved by the Government to undertake all or part of the foregoing activities,the Government hereby agrees to hold harmeless and to indemnify Indemnitees from any and all acts and ommissions of such third party that may give rise to liability to Indemnitees, including but not limited to non-payment by the local distributor or third party to the Indemnitees, as per the terms of the Definitive Agreement.

Each Indemnitee shall have the right to retain its own counsel and to participate in the Government's defense of any Indemnified Claim, at its own cost and expense except as set forth below. A failure by the Indemnitee(s) to give notice ofof Indemnified Claims or to offer to tender the defense of the action or suit pursuant to this section shall not limit the obligation of the Government under this Article, except and only to the extent the Government is actually prejudiced thereby.

Assumption of Defense by Pfizer and BioNTech. Notwithstanding the foregoing, Pfizer and BioNTech may at any time elect to retain or re-assume control of the defense of an Indemnified Claim (a) onon notice to Government of the Indemnified Claim or (b) at any time if, in Pfizer and BioNTech's sole discretion, (i) the Government fails to timely assume the defense of or reasonably defend such Indemnified Claim(s) to the satisfaction of the Pfizer and BioNTech or (ii) Pfizer and BioNTech believe in good faith that a bona fide conflict exists between Indemnitee(s) and Government with respect to an Indemnified Claim hereunder. Upon written notice of such election, Pfizer and BioNTech shall have the right to assume control of such defense, and the Government shall pay (as incurred and on demand), all Losses, including the reasonable attorneys' and other counsels' fees and other expenses incurred by Indemnitee(s), in connection with the Indemnified Claim. In all events, the Government shall cooperate with Indemnitee(s) in the defense, settlement or compromise of the Indemnified Claim.

Costs and expenses, including fees and disbursements of counsel, incurred by the Indemnitee(s) in connection with any Indemnified Claim shall be reimbursed on a quarterly basis by the Government, without prejudice to the Government's right to refund in the event that the Government is ultimately held in a final, non-appealable judgment to be not obligated to indemnify the Indemnitee(s).

Privileges and Immunities. For the purposes of this clause, "**Privileges and Immunities**" shall mean any privileges, immunities, or legislation in the Republic of South Africa including no-fault vaccine compensation programs, pandemic insurance programs, immunities from suit or liability, or any protections, defencesdefences, or limitations-of-liability (whether statutory, regulatory, common law or otherwise), existing or future, that may separately protect Indemnitees from Losses. Government acknowledges that its indemnification obligations under this Agreement are (1) expressly in addition to, and not limited by, any Privileges and Immunities, and (2) do not waive or relinquish Indemnitees' rights to any Privileges and Immunities.
