

Clift Surgery PPG meeting on Zoom

Thursday May 22nd 2021 1pm

Present: KO, AK, SH, JW, AS, BF, JC,

Apologies: JK, MD, CB

Minutes: Approved

1. **Covid update.** Nothing new to report.
2. **Web site.** KO reported about the possible new format of the surgery website using Footfall. The new features are clearer and easier to access. BF likes this.
3. **E-consult availability.** BF confirmed it is turned off at the weekends, but wasn't aware it was only available during surgery hours. She will look into this. She also said that the surgery is overwhelmed by e consults and they are looking to have someone hive off the admin queries, to allow the doctors to concentrate on health issues.
4. **Restarting classes.** No dates as yet.
5. **PPG Facebook page and Village Hub web site.** JW demonstrated the PPG page on the web site and the Facebook page. The Facebook page is purely for information, which can be shared on other Facebook pages and with individuals. BF will ensure the link to the PPG on Clift Surgery website is directed onto the Village hub. Guidelines on how to use this facility will be issued in due course.
6. **Mental Health links/information.** To go onto the PPG page and the surgery page.
7. **Carers Group.** SH says she is keen to start a monthly carers group once people can meet safely indoors. There would be a cost implication for the using a hall and Clift Meadow hall would be ideal, supported by AK. SH to liaise with BF.
8. **Healthy Weight Project.** Annette Rushmere joined the meeting to present the project she carried out in Whitewater Health centres in Hartley Wintney and Hook. Clift Surgery will look at the viability and suitability for a similar project in Bramley.
9. **AOB.**
 - Repeat Prescriptions are monthly, Could it be possible for some prescriptions to be issues every 2 months to save time for patients and the dispensary. BF to look into this.
 - The membership of the national association of PPGs has expired. This has been funded by the practice. BF to look into this.
 - Meetings to revert back to Fridays so Dr Fisher can attend.

Date of next meeting: Friday May 28th 2021 at 1pm
