

Rossana Moura, M.D., P.A.
Gastroenterology & Hepatology

Endoscopy (EGD) Instructions

Failure to comply with these instructions may result in the cancellation of your procedure. Arrange for a ride home from a licensed driver after your procedure. Don't take a bus, cab, or ridesharing service unless an adult rides with you.

ONE WEEK PRIOR TO PROCEDURE:

- Discontinue taking: Vitamin E, Ginkgo, Omega 3, Fish oil, Flax seed, Ginseng, & NSAIDs (Ibuprofen, Motrin, Advil, Excedrin, Aleve). You may take Tylenol for aches or pain if necessary. ONLY if you have heart disease, you may continue your daily Aspirin.
- If taking Coumadin, Eliquis, Plavix, Pradaxa, or Xarelto, please do NOT discontinue these medications without proper authorization from our office.
- Continue taking all other prescribed medications including heart and blood pressure medications.

ON THE DAY OF THE PROCEDURE:

DO NOT DRINK OR EAT ANYTHING AFTER MIDNIGHT.

- Please take all heart or blood pressure medications with a small sip of water.
- Do NOT take diabetic medication the morning of your procedure.
- Please bring all your medications with you to the facility.
