KBW BannerFlex®

The most durable banners in the industry deserve the most durable hardware!

Since 1984, BannerFlex® has been the leader and innovator for light pole banner brackets. Visit www.bannerflex.com to see all the models and all the supporting information and data. No other company supports you like Consort! And no other hardware supports your banners like BannerFlex. Through constant research and development we've introduced:

- 1984 • Very first fiberglass-arm bracket
- 1988 • First adjustable and "canted" bracket
- 2003 • Revolutionary "Airow" bracket (maximum wind reduction)
- 2004 • Unique, "Metro" bracket (specifically for "fluted" poles)

And now, the new "RoundPro™" fiberglass arm for increased wind reduction on our standard hardware!

The first 12-year warranty, wind tunnel tested to 100 mph

Introducing the "RoundPro™" fiberglass arm. A new composition of fiberglass and resin for up to 23% more bending. If you don't have the Airow® or the RoundPro, you're just resisting too much wind! Please see our revolutionary "Airow" bracket in the action video under "Resources" on BannerFlex.com.

Airow
Premium Tapered Arm

Digital Printing –
Beginning 2020, Consort has digital printers with amazing capabilities:

1. Superb digital printing on vinyl media for exterior and interior banners.
2. State-of-the-art digital printing on all colors of Sunbrella® marine acrylic.
3. Flatbed digital printing on virtually all solid substrates, including glass & metals

The most remarkable news about our new equipment is that we are no longer "screen" printing our Sunbrella marine acrylic banners!

Our entire large-format screen printing facility has been replaced by new technology that prints intense, vibrant inks onto Sunbrella®. Prior to this new technology, all our marine acrylic banners were hand screen printed with plastisol inks, cured with big, hot dryers. No more! No more big, expensive screens that are required for every color and no more ink mixing!

Messenger-RTR®

Retractable Banner Stand

- Quick and easy setup
- Holds 33"x 86" graphics
- Silver finish
- Portable and lightweight
