

# BIO-GENAGE ATLANTIC CANADA

## COMPANY STORY

BIO-GENAGE BIO-TECH & HEALTH SCIENCE CO., CANADA, was partnership with professional nutrition bio-technology lab, factories from AKSO Marine Bio-Tech Inc of Halifax of Canada and also collaborating on the Marine Collagen Project with nutrition bio-technology lab & factory from Chengdu, China. In order to transform into another stage, we have great innovative teams are recently from Canada & China as well. Bio-Genage at passed years successfully promoted at KSA, UAE, ASIA & CHINA. BIO-GENAGE delighted to join hands with SDG 17 GOALS especially SDG 14 to protect the life below water. In order to protect Marine Biodiversity, we humans should work together to avoid more pollutions from the water. Clean water is the best solution could be advance to change the whole environment or build the strong clean ecosystem.
