ROACH TREATMENT DISCLOSURE

In order for a roach treatment to be effective and qualify for the included warranty, we require the following be done:

- clean and clear all kitchen and bathroom cabinets and drawers prior to the initial treatment.
- leave the property for two hours following the initial treatment.
- keep the affected area clean and free of any food particles.
- do not mop or excessively clean in areas where chemical has been applied for 14 days following each treatment for roaches.
- successfully schedule a follow up appointment within 10-14 days of initial treatment.

The cost of the treatment includes any follow-ups necessary within 90 days of treatment as long as the above stated conditions are met. However, if no follow-up is scheduled within 21 days of the initial treatment, the warranty will be immediately voided. Please do not hesitate to give us a call at (405) 330-5030 should you have any questions or concerns.
