

## **Prophetic Word by tongues and interpretation by Marjorie, August 25<sup>th</sup>, 2019**

And the Lord says, put your hand to the plow and don't look back. Put your hand to the plow and don't look back. You have put your hand to the plow, now don't look back. Don't look back to the things you were formerly ensnared to. Don't be like Lot's wife who just couldn't resist to look back. She had it in her to look back.

Don't be discouraged when you see those who are looking back, don't be discouraged when you see those who look back, keep your eyes set on Me. Keep your eyes focused on Me. Keep your eyes set on things above where I am at the right hand of My Father. Keep your eyes set the author and finisher of your faith and don't look back.

You have set your hand to the plow, don't look back, says the Lord. Don't look back to your former life, don't look back and say, 'oh I wish this and what would it have been', no don't look back. Don't give in to the temptation, for the devil would tempt you to look back and by it, ensnare you once again to your former yokes of slavery. But I say to you, don't look back. Don't look back, keep your eyes fixed on Me, says the Lord. Keep your eyes fixed on Me. Put blinders on your eyes, whatever you need to do, keep your eyes fixed on Me. Like a horse running the race that has to have blinders put on so that it can stay focused, I say stay focused in the Spirit and you will not fulfill the lusts of the flesh.

Run the race, run, run, run, run, run the race to win the prize. Run the race to win the prize and don't look back, says the Lord. Run the race and don't look back today, says the Lord.
