

## **Weavers' Way 50 mile Ultra - Route details and Checkpoints**

The 50 mile ultramarathon runs along the Weavers' Way celebrating the beautiful landscape and great trails of Norfolk. There are a number of checkpoints, both indoors and out which participants **MUST** visit regardless. This enables marshals to manually track participants in addition to the GPS units. Any participant failing to attend a checkpoint will incur a time penalty and risks being disqualified from the race. This ensures that we know where all participants are and keeps us compliant with our permissions.
