Kacey - King

The LEO Conference is Committed to empowering young women in the community to live their best lives. The Conference is dedicated to the beautiful, entrepreneur and influencer Shanquella Robinson, a young woman who's life was taking away tragically at the hands of "friends".

This conference will come from the overall theme of Loving Each Other. While challenging you to ask yourself the question as we grow individually. How are we showing up in the community, in our everyday responsibilities, in our families, in our sister circles, in our ministries, in our businesses, and in our designed path to purpose.

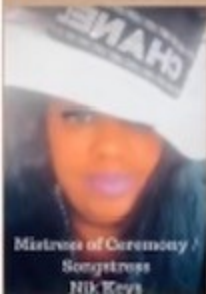

The speakers you'll hear from have a combined experience of over 75 yrs in community, business, and ministry work. You're guaranteed an experience of Sisterhood, love, and transparency.

Come with an open mind to grow, an open ear to hear, and an open heart to spread and receive love.

*After that date ticket prices will be \$75. Reach out to EScharnett@gmail.com for payment assistance and/or sponsorship.
