

The Kids of Advent Break Ground on the ADVENTurers Park

August 26, 2016

Breaking ground on their ADVENTurers

Park!

The Advent kids broke ground last Saturday for their new climbing mountain, the first piece of playground equipment to be installed at what they have named their ADVENTurers Park on the West side of the church property. The kids have been raising 100% of the money for the nature-inspired play area for almost two years now.

The playground crew worked all last weekend as well as Tuesday evening to dig the two four-foot holes with concrete footings necessary for the mountain. Another two work days are necessary before the climbing mountain will be installed and ready for play. Follow their progress in the [ADVENTurers Park photo gallery!](#)
