**JOHN SITKA III**  
 NORFOLK CITY SCHOOL BOARD - WARD 3

★ RETIRED NAVY VETERAN  
 ★ DR. OF EDUCATION

After 18 years of adult education, Dr. Sitka recognizes the need for a comprehensive and thorough knowledge of the basics such as reading comprehension, writing, mathematics, social studies, physical education, the sciences, and the arts. Education needs to be taught based on a scaffolding model where previous knowledge is built upon to add more complex information. It should be age appropriate and no controversial subject should be taught without the knowledge and approval of the parents.

Dr. Sitka's priority is to prepare our students for either a college or vocational track. He cares about Pandemic Remediation, Curriculum Concerns, Parents & School Communication, and School Security.

**VOTE FOR ME ★ GENERAL ELECTION ★**  
 TODAY'S STUDENTS ARE TOMORROW'S FUTURE
