Spring is here, the flowers are starting to appear. The rain will make them grow and we will enjoy the beauty of the flowers. It is also a time that the vegetables are planted in our gardens and the farmers will be planting their crops in the fields. Yes, this is the time of the year that we sow the crops and watch them grow and produce the fruits that we can enjoy. This is also a time that we can sow our religious roots and watch and feel our spiritual lives grow. God planted the seed of life in us and we can cultivate that seed or we can let it

die. Remember we just celebrated the resurrection of our Lord on Easter. He died so that we could have Salvation and live with him forever after this life is over. We must

live according to his word so that we can receive the reward of eternal life with Jesus. What a blessing to know that Jesus cared enough for us that He died on that old rugged cross, forgave us of our sins while on the cross and he defeated death with his resurrection. So let us plant the seed, water it with love and understanding, and God will be very pleased with us.

First Presbyterian Church of Clarksburg, WV is a member of the Presbyterian Church USA.

This consists of:
