

The Jungle Bird Casa Magdalena Single Barrel Select

Casa Magdalena Rum is a truly unique collaboration between House Spirits Distillery and Ingenio Magdalena. Every sip of Casa Magdalena is made from sugar cane that is seeded, planted, harvested, and distilled by the Leal family in Guatemala. Unlike any other rum in the world, Casa Magdalena brings a subtle earthiness and light grassy aromas born from the rich ashes of Agua, Fuego, and Acatenango, the beautiful volcanos that tower above the cane fields.

This extremely limited release has gentle wafts of coconut and marshmallow on nose and a plush palate that finishes with the faintest hint of lime. Distilled in Guatemala, aged and bottled in Portland for three years before being selected by the crew here at the Jungle Bird.
