## INTRO

C Am7 F C Am7 F

## VERSE 1

Sometimes I feel Your love surround me, sometimes I don't - it's like You never found me  
Sometimes I cry when Your mercy overtakes me, sometimes I'm dry until my sin just breaks me

## CHORUS

But I know, thru it all, Your love will always be, I know that You will never leave me  
And I know, despite my pain, Your love will remain, and thru You I will always be free  
It doesn't matter how I feel - I know Your love for me is real

## VERSE 2

Sometimes I feel as though You've left me, sometimes I fall & let my flesh get the best of me  
Sometimes I know that I'm the one who's left You, Sometimes I stand and I wait for Your rescue

## CHORUS

But I know, thru it all, Your love will always be, I know that You will never leave me  
And I know, despite my pain, Your love will remain, and thru You I will always be free  
It doesn't matter how I feel - I know Your love for me is real

## BRIDGE

When I'm feeling all alone When I'm feeling far from home  
Even if I feel this world's shame Everyday, Your love is the same

## CHORUS

But I know, thru it all, Your love will always be, I know that You will never leave me  
And I know, despite my pain, Your love will remain, and thru You I will always be free  
Yes I know, thru it all, Your love will always be, I know that You will never leave me  
And I know, despite my pain, Your love will remain, and thru You I will always be free  
It doesn't matter how I feel - I know Your love for me is real  
It doesn't matter how I feel - I know Your love for me is real
