

NIFAA Indoor League

NIFAA Indoor League Rules

Archers entering any League-eligible event do so with the agreement that they have read and understand all rules set out in this document. Enquiries and results should be sent to Nifaa.records@gmail.com, enquiries/results sent elsewhere cannot be dealt with/will not be included in the League Table.

Key Points

- Juniors and cubs must shoot 2 league scores in the same bowstyle. Young adults/adults/veterans/seniors must shoot 3 league scores in the same bowstyle.
- Standard IFAA Indoor rounds only. Maximum score of 300.
- Scores must be shot as a current NIFAA member and must be recorded on your classification card on the day of the event.
- Make sure you fill out all details on your score card (name, bowstyle, date, etc.), sign it at the end of shooting and take a photo of it before submitting it to event organisers (this is useful if you have queries later!)
- Make sure you've entered the competition in the correct division.
- Event organisers must keep the original score cards from all indoor league events and forward them to the Records Officer or another NIFAA Committee member at the end of the day.

General Rules

1. These rules are intended to apply in addition to the IFAA rules on archery and indoor archery as set out in the IFAA Book of Rules. The NIFAA Indoor League Rules will not supersede any ruling made by the IFAA.
2. Juniors and Cubs will be required to participate in the League but will need to shoot 2 scores only. With this exception of the number of scores required, all other rules will apply.
3. Archers older than Juniors will be required to shoot 3 scores in the League to be eligible to compete for a Championship Title at the NIFAA Indoor Championships. An Archer must shoot the required number of scores, all in the same division, at eligible events throughout the season before the Indoor Championship.
 - a. The season is defined as being from October of the previous year until the date of the Indoor Championship.
 - b. Eligible events must be NIFAA Club events which are Standard IFAA Indoor competitions (i.e. shot at 20 yards (10 yards for Cubs), using the IFAA indoor target face, with a maximum score of 300) and advertised on the NIFAA Calendar of Events and through the official NIFAA platforms.
 - c. More than the required number of scores may be shot, and the highest 3 scores (2 scores for Juniors/Cubs) will be totalled and averaged to give a 'League Score' which will be added to the score obtained at the NIFAA Indoor Championship to determine the NIFAA Indoor Champion.

- d. Archers must shoot at the Championship and complete the round(s) to be eligible to win their division and take the title of Champion, regardless of previous scores or number of archers in their division.
 - e. Scores will only be eligible if shot as a current NIFAA member and must be recorded on classification cards. Classification cards must be filled in on the day of the event and cannot be filled in retrospectively.
 - f. A current NIFAA member is defined as having submitted their application form and fee and been approved by the NIFAA committee. If you have any queries about your membership, please email: nifaa.membership@gmail.com
 - g. Scores obtained while shooting as a guest (before joining NIFAA or renewing membership) will not be eligible for the League.
 - h. As set out in the IFAA Rules, scores submitted which are found to be too high will be disqualified. If a score is found to be too low, the score will stand.
4. Archers may compete in more than one division during the League but do so with the knowledge that they may be required to choose only one division to compete in the Championship. It may not always be possible to accommodate multiple entries at the Championship (this decision may not be able to be made far in advance) – if multiple entries are to be accepted the Championship will be clearly advertised as such in all advertisements, otherwise it will be a single-entry event (in accordance with IFAA rules).
 5. Queries must be made by the archer themselves (or a parent/guardian on behalf of Juniors/Cubs). No queries made on behalf of another person (except for the case of Juniors/Cubs) can be accepted.

Additional Guidance for Archers

1. Individual archers are not required to submit their scores to be recorded in the League Table but MUST retain a signed record on their own classification card. Classification cards must be filled in on the day of the event and cannot be filled in retrospectively.
2. Archers must ensure they have entered all events in the correct division. They must also ensure that all details (name, bowstyle, date, etc.) have been filled in on their score card and that their score has been totalled correctly (and signed by the archer and scorer) and that it is recorded correctly in their classification card before leaving the event. Any issues with score and/or division should be resolved with the event organisers on the day of the event.
3. Score cards which have not been filled in with name, bowstyle/division and date will not be accepted for the league.
4. Archers must ensure they check their scores have been recorded correctly on the League Table. All enquiries should be sent to: Nifaa.records@gmail.com enquiries sent elsewhere cannot be dealt with.
5. Any queries/issues must be raised at least 1 week before the Championship event to allow time for the issue to be resolved before the Championship.
6. All score cards must be submitted to event organisers on the day and must be forwarded to the NIFAA Records Officer and cannot be taken away from the event. You should take a photograph of your score card before submitting at the end of shooting as this will act as proof in case of any queries of score.
 - a. Missing (original) score cards will not be able to be included in the League Table unless a photograph of the original score card and filled in classification card can be provided.

Additional Guidance for Clubs / Event Organisers

1. League-eligible events must be advertised on the NIFAA Calendar of Events.
2. Events MUST be conducted within the IFAA rules as set out in the Book of Rules.
3. Event organisers must submit all scores to: Nifaa.records@gmail.com as soon as is reasonably possible, no later than 10 days after the event.
 - a. We ask that results are please sent as an excel file to allow easier transfer to the League Table.
 - b. To allow for the above time frame, the last league-eligible event will be held no later than 1 week before the Indoor Championship (Indoor events may be held after this time, but scores will not be included in the League Table).
4. Original score cards for each archer MUST be retained by event organisers and given to the Records Officer at the end of each event. If the Records Officer is not in attendance, organisers should pass on the score cards to any other committee member at the end of the day.
 - a. An email should be sent to: Nifaa.records@gmail.com to inform us of who received the score cards at the event.
5. Care must be taken to ensure that divisions and scores are recorded accurately on results sheets.
 - a. It is asked that Guest (non-NIFAA) archers competing at the event are clearly indicated as such for ease of recording of scores.
6. No score card should be accepted until it has been signed by the archer and one other scorer.
7. It will be the responsibility of the archer and the event organisers to resolve disputes of division and/or score on the day of the event.
