

TAMPA ELECTRIC COMPANY

POINT OF SERVICE LOCATION TRANSFER AGREEMENT

Name(s) of Customer(s): _____

Service Address: _____

Customer understands and agrees that Company, at its expense, will be converting and/or relocating the distribution lines from overhead to underground and, as a result, Customer's point of service location will be moved.

Company will remove existing lines and equipment that should be removed and may leave some conduit in place, which will all be done by Company in its sole and absolute discretion.

Customer agrees to allow and grants Company the rights to install equipment necessary for the transfer, which may include underground electric service lines, meters, adaptors, conduits, and other equipment of Company, and rights of ingress and egress for the Company and its contractors necessary for the construction, operation, and maintenance of such facilities and removal of existing facilities.

Nothing in this Agreement shall be construed or have the effect of vesting in the Customer any right, title, or interest in or to any equipment of Company, all of which shall be and remain the property of Tampa Electric Company.

This Agreement, together with only any easements and standard service agreements between the parties, is the entire agreement between Customer and Company regarding the transfer of the point of service location, and Customer has not relied on any other representations regarding the conversion.

This Agreement and Customer's service is and will remain subject to Company's retail tariff. This Agreement shall be binding upon the successors or legal assigns of either of the parties hereto.
