Welcome to The North Carolina Friends of Santa

The North Carolina Friends of Santa Inc. is a 501(c)(3) charitable organization whose purpose is to provide a Christmas presence in local communities when they are faced with a natural disaster or life changing hardship to show that Santa Claus really does care about them all year long.

Our members procure toys, deliver them to a disaster site, and then give them to children while sharing the love of Santa Claus to all.

We need volunteers who will work on a variety of tasks, which include:

- * organizing events
- * soliciting resources
- * gathering toys and distributing them when needed.

History of Friends of Santa

This organization was founded by several Santas & Mrs Clauses who watched a hurricane affect the North Carolina coast in 2017. We felt helpless. A decision was made to investigate ways to help the children and to let them know that Santa really cares about them.

We also discovered Lone Star Santas, a group which gives away toys at disaster events in the state of Texas.

After much discussion, we decided to create the North Carolina Friends of Santa. Interested Santas & Mrs. Clauses met and began the process of incorporation and to gain nonprofit certification by state and federal agencies.
