

Form CRS: Relationship Summary - Shield Wealth Advisors, LLC

Introduction

Shield Wealth Advisors, LLC (“SWA” or “we”) is an investment adviser registered with the U.S. Securities and Exchange Commission. We offer our clients investment advisory services. Clients should understand that the services we provide and fees we charge are different than those of a broker-dealer, and that it is important to understand the difference between the two. Free and simple tools are available to research firms and financial professionals at <https://www.investor.gov/CRS>, which also provides educational materials about investment advisers, broker-dealers and investing.

What Investment Services and Advice Can You Provide Me?

Description of Services: SWA offers investment advisory services to retail investors. Our investment advisory services include: Asset Management Services and Financial Planning and Consulting Services.

Asset Management Services: We provide asset management services in conjunction with a sub-adviser, Hudson Capital Advisory, Inc. (“Hudson”), who we have deemed suitable to manage and trade your account(s). We will discuss your investment goals and design a strategy to try and achieve your investment goals. As a standard part of our services, we will review your account at least quarterly when providing asset management services and contact you at least annually to discuss your portfolio. For more information, please see **Item 4** of our **Form ADV Part 2A**. When engaging us for asset management services, you can choose whether you’d like us to provide services on a **discretionary** basis (we will have the authority to determine the type and amount of securities to be bought or sold in your account) or a **non-discretionary** basis (we will have to confirm any trades in your account with you before we place them). For more information about investment authority, please see **Item 16** of our **Form ADV Part 2A**.

Financial Planning & Consulting Services: We also provide financial planning and consulting services. Financial planning services involve us creating a written financial plan for you which covers mutually agreed upon topics. Financial consulting is used when a written financial plan isn’t needed. It involves one time and/or ongoing meetings to discuss your financial situation. Please see **Item 4** of our **Form ADV Part 2A**.

Co-Advisory Services: We also provide investment consulting services to clients through a co-advisory arrangement with Hudson whereby we provide investment consulting and Hudson provides investment management services.

Limited Investment Offerings: We do not primarily recommend one type of security to clients. Instead, we recommend investment portfolios designed to be suitable for each client relative to that client’s specific circumstances and needs. However, we are limited in investment selection in that we can only invest your account in securities which are available on your custodian/broker-dealer’s platform. When providing you services, we do not recommend or offer advice on any proprietary products.

Account & Fee Minimums: We require a minimum of \$100,000 in order to open an account managed by us. To reach this account minimum, you can aggregate all household accounts. The minimum fee generally charged for financial planning or consulting services can range between \$50.00 to \$150.00 per hour depending upon the services rendered.

Conversation Starters: *Given my financial situation, should I choose an investment advisory service? Why or why not? How will you choose investments to recommend to me? What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?*

What Fees Will I Pay?

Description of Principal Fees & Costs: Fees charged for our asset management and co-advisory services are charged based on a percentage of assets under management, billed in arrears on a monthly calendar basis, and calculated based on the average daily balance of your account during the current billing period. The annual fee for asset management services will be based upon a fee schedule which ranges up to a maximum of 1.50%. Because our fee is based upon the value of your account we have an incentive to recommend that you increase the level of assets in your account. When engaging us for asset management services, you will also incur other fees and expenses. The broker-dealer/custodian on your account will charge you transaction fees for executing trades in your account. You will also be charged internal fees and expenses by the funds we invest in within your account.

Financial planning and consulting are provided under an hourly fee arrangement. An hourly fee of \$150 per hour is charged by us for financial planning and consulting services under this arrangement. You will pay in advance a mutually agreed upon retainer that will be available for us to bill hourly fees against for our services. We will bill our financial planning fees to you on a monthly basis.

The fees for the financial planning and consulting services may be waived by us at our sole discretion. Any fees we charge for financial planning and consulting services will not cover the costs associated with implementing any recommendations we may make.

Additional Information: You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. For more information about the fees we charge and the other fees and expenses you will incur, please see **Item 5** of **Form ADV Part 2A**.

Form CRS: Relationship Summary - Shield Wealth Advisors, LLC

Conversation Starters: *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

What Are Your Legal Obligations to Me When Acting as My Investment Adviser? How Else Does Your Firm Make Money and What Conflicts of Interest Do You Have?

Standard of Conduct: *When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours.* At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.

When we provide asset management services, we will ask that you establish an account with Charles Schwab to maintain custody of your assets and to effect trades for your account. Our recommendation to use Charles Schwab is not based solely on your interest of receiving the best execution possible. We also recommend Charles Schwab because they provide us with research, products and tools that help us manage and further develop our business operations. As a result, we do not have to pay for such benefits, which save us money; however, these arrangements create a conflict of interest. See **Item 12** of our **Form ADV Part 2A** for more information about our arrangements with Charles Schwab. We actively manage our own personal accounts while at the same time managing your accounts and other client accounts. This creates different conflicts of interest for which we have developed procedures to mitigate and control for those conflicts. For more information see **Item 11** of **Form ADV Part 2A**. Some of our investment adviser representatives also serve as insurance agents. Through their role as such they may sell, for commissions, various insurance products. We have a conflict of interest in recommending these products to you because of the potential for additional revenue.

Conversation Starters: *How might your conflicts of interest affect me, and how will you address them?*

Additional Information: For more information about our conflicts of interests and the ways we are compensated, please see **Item 5** and **Item 10** of our **Form ADV Part 2A**.

How Do Your Financial Professionals Make Money?

Description of Salary/Payment of Investment Adviser Representatives: We compensate our investment adviser representatives based on the level of assets that the representative brings into us. This creates a conflict of interest as it gives your representative an incentive to recommend you invest more in your account with us due to the potential for increased payments.

Our representatives also serve as licensed insurance agents. When acting in this capacity, the representative will receive commissions for selling insurance products. This creates a conflict of interest when the representative recommends you purchase insurance products through him or her. Dawn Robinson, Chief Compliance Officer of SWA, also serves as an Enrolled Agent, offering tax services. A conflict of interest exists whenever there is a recommendation to utilize the accounting services of our representatives. Clients are not required to utilize Dawn Robinsons' services and are free to choose any accounting services they choose.

Additional Information: For more information about these conflicts of interest, please see **Item 10** of our **Form ADV Part 2A**.

Do You or Your Financial Professionals Have Legal or Disciplinary History?

No, neither us, nor our investment adviser representatives have a legal or disciplinary history to report. You can look up more information about us and our investment adviser representatives at <https://www.investor.gov/CRS>.

Conversation Starters: *As a financial professional, do you have any disciplinary history? For what type of conduct?*

Additional Information About Shield Wealth Advisors

Additional information about us and a copy of this relationship summary are available on the Internet at www.shield457.com. You can also find our disclosure brochures and other information about us at <https://adviserinfo.sec.gov/firm/summary/309538>.
