

Mulberry Tree Education

unleashing children's potentials with love and wisdom

PRE-SCHOOL FUN AND LEARN PROGRAM

Suitable for children aged 3 – 6

This program will help pre-schoolers to develop different skills which are essential for starting school. Through different activities and story time, our program aims to develop children's mathematical understanding, social and emotional competence, as well as fine motor skills. The duration of the program is 2.5 hours, including four elements:

- ❖ JELIC – whole Brain Development Program (60 mins)
- ❖ Social & emotional learning
- ❖ Chinese characters learning
- ❖ Creative art and craft
