

FLAT LINED D.O.A

VERSE 1

Turn my face to feel your skin
Wrap me up keep me safe within
Tender arms that hold dreams fast
Let the world outside just go past

PRE CHORUS

I didn't need no one, coz I had you
Didn't need no reason, coz I had you
Remember smiles that came from you
Now lost, what the hell did you do?

CHORUS

Everything you've loved gets thrown away
Every dream you've had gets stripped away
Everything you've ever tried to say
Is lost when you're flat lined D.O.A

Hearts combined, until the end of time,
Still this love has died

Now it's gone, its flat lined D.O.A.

Can someone come and take this pain away.
