

What a Day

What a day.
What a day.
I feel everything and nothing-
slow down,
can't you feel it's too much?
Losing your touch
on reality.

A lovely mess!
It calls you into the night's
intoxicated dreams.
Through madness I will follow thee.

What a day.
What a day.
I feel everything and nothing
my heart,
won't you leave me in peace?
