

Colorado Springs Reunion 2022 B-26 Marauder Historical Society

For the 2022 Marauder Historical Society Reunion we are heading back to Colorado Springs to see even more that it has to offer!

Join MHS September 24-25 at the Pikes Peak Regional Air Show featuring warbirds and two legacy flights with US Air Force and US Navy jets. The P-38 will fly with the F-35 (USAF Jet) and the F7F Tigercat will fly with the EA-18G Growler (US Navy Jet).

All this just before our reunion September 26 - 28 with two very exciting museum tours and education day highlights. Colorado Pioneer Museum has some WWII history exhibits and the National Museum of WWII Aviation was expanded in 2019 to over 80,000 square feet packed with WWII Aviation history. All displayed aircraft are flyable except the restoration project planes you will see at the WestPac facility.

The National Museum of WWII Aviation Opened to the public in October 2012. The National Museum of World War II Aviation documents the role that military aviation played in the emergence of our nation as a world power. The museum tells the story of the tremendous technological advancements in aviation during the War and the contributions and sacrifices of the men and women who won the air war.

The Colorado Springs Pioneers Museum has fine arts, artifacts and archival collections that document the Pikes Peak region. The building, with its domed clock tower, was the El Paso County Courthouse building from 1903 to 1973 and is on the National Register of Historic Places. Located within Alamo Square Park, the museum is also home to the Starsmore Center for Local History, a manuscript collection and research facility.
