2023 Goals

As an organization we have a lot of goals! For this year,
1- Have 80 people in the field with us!
2- Being surrounded in prayer as an organization!
3- Being able to raise \$20,000 dollars for us to use for equipping our teams that go into the field. Whether that is for sports and rec equipment, technology to make things more stream line to building materials for our construction projects!

2023... Many Changes & Great Opportunities!

The last few years we could say have been hard for most people in many ways! We as an organization have experienced many challenges as well! But we are thankful for God's faithfulness through every season of life! Right now we are in a season of growth. From people taking different roles, some directional shifts and the ability toward continued growth as a ministry. A few of those changes include Joe Burton shifting his role to

President of the organization as he welcomed his PadaWon-Bekah Ka'ahanui to the organization's CEO in 2022. Bekah has been with the organization since 2013, when she started as a participant in the Alaska locations. As the years continued on she took on being the sports and rec director, which turned into more leadership and more roles in the organization. Bekah is excited to continue her dream of ministry full time and see what doors God opens in the years to come.

With two people in ministry full time, we have some things up our sleeve from trying to add more voluntary people to the organizational team and to work on opening new sites. We are excited to see how God continues to make a way for us as an organization! Through these changes, we just wanted to take the time to thank those of you who have been around, who have supported us, prayed for us and our teams, and have supported what we as an organization do and believe! We would not be where we are at today without you!

We are thrilled for the opportunities to come and want you to be there through it! If you aren't already, we recommend that you follow us via our social media - Facebook, Instagram, Youtube and/or on our website, which will enable you to see more frequent updates of what we are up to! In addition, we are working on updating our newsletter process...so stay tuned! Thanks for the continued love!
