

Make Your Event Accessible

Why a Sensory Recovery Area?

Tailored to your event and location, we will create a custom space where attendees of all ages can regulate, reset, and rejoin the event to increase their length of stay.

Make any event more successful with a Sensory Recovery Area!

What is included in a Sensory Recovery Area?

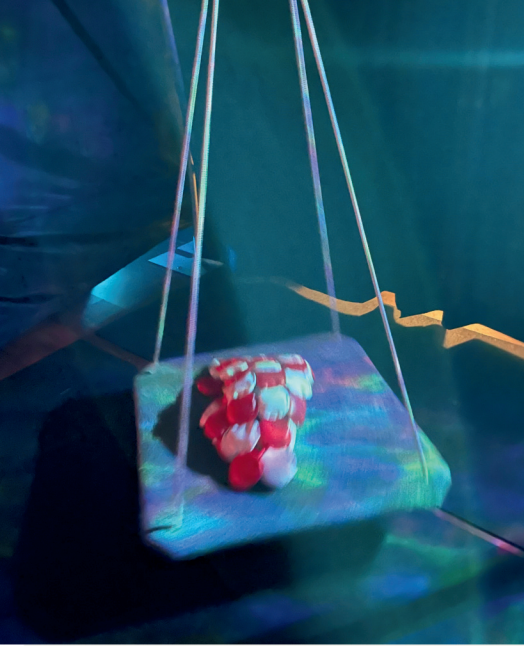

Sensory Recovery Areas can be used inside or outdoors. Soft seating, lighting, sensory table, bounce pads, sensory tubes, and other items available depending on the location and electrical access.

A complete room takeover or your choice of a 10'x20' or 10'x10' sensory tents that can be used indoors or out, your event will stand out.

Should we have a Sensory Recovery Area?

YES! Any event that you want to make more accessible and extend participation time should include a sensory recovery area. We have created recovery areas for events that bring in 30,000 participants to smaller events like parties, student events, theater shows, or sporting events.
