April 11, 2023

Dear Brothers and Sisters:

This is to notify you that on Thursday, April 6, 2023 your local union office conducted an official count of the ballots submitted by the members of the House Recording Studio (HRS). The results were overwhelmingly positive to accept the tentative agreement between the parties.

Your NABET negotiating committee had reached a tentative agreement some months ago with HRS for the terms of a new Memorandum of Agreement (“MOA”) for the period between April 1, 2021 through April 1, 2025.

Your NABET Negotiating Committee appreciates your patience and support during these challenging times.

In Unity,
