

We look forward to reopening. If you know anyone that is interested in weekend work, please tell them about us.

The Easter Egg hunt was fun for those who came. There were plenty of Easter Eggs for everybody.

The fishing has returned. With warmer weather the Crappie are scouting the banks to lay their eggs and the lake is near full pond.

Please help us out. The lawn crew is finding all of your toys, wires, and other misc. It is great that everyone is leashing and picking up after their pets. Some of the leashes are a little shorter now.

A boat trailer on Skippers Lodge Road was stolen last week. This is to remind everyone to have a lock on your items in the boat storage areas. Also, please be sure to have one of our orange tags on your item with your name visible on it. If your tag has been lost or has just gotten old, please let us know that you need a new one.
