As you may have noticed, the **monthly newsletter** is not attached to the invoices; they will be sent separately by email. They are also posted on the website and paper copies are available at the store. If you have a different email address that you would like the newsletter sent to, please let us know.

Parking can be tricky during the warm months when many of our campers are here at the same time. Please remember that **no boats/trailers are to be parked at campsites or on the roads**. Each park has an ample overflow parking area, all boats/trailers should be parked here. Also, be sure to have an orange tag on your item parked in overflow parking so that it can be identified. We will be checking all tags this summer and **unmarked/unclaimed items will be removed**. Also, please be courteous to your neighbors and do not park your vehicle in somebody else's spot.

We still have a few **boat slips** available for rent. All of our boat slips are monthly rentals. Please do not park your boat in a slip that is not yours. Moon and Lighthouse both have a courtesy dock. These docks are for short term use only.

With more campers here, the **dumpsters** are getting very full over the weekends. Please remember that the dumpsters are for regular household trash only. Please break down all cardboard boxes. Any large or non-household trash items do not go in our dumpsters.

We are excited about having a safe and fun filled summer season.
