

We hope everyone had a great Thanksgiving and is looking forward to a very Merry Christmas and a happy New Year.

The store at Moon Landing is “on call” only right now. The winter maybe slow, but someone is always nearby.

It’s time to get serious about the **winterization** of RV’s this month. If you heat your water hose, you must heat the faucet also or it will freeze and burst.

Please help us update our **move down list**. If you desire waterfront, different waterfront, or another more desirable site please let us know so that we can accommodate you if/when possible.

Be sure to write your name on your **propane tanks** and consider securing them with a cable lock through the handle and the RV frame.

Do you have family or friends that are looking for part-time, seasonal **employment**? We will start interviewing after the holidays. We will hire maintenance workers, cashiers, and food service staff.

Please be careful with your **campfires**. We are working to get the leaves raked up, but the leaves are driest under your RV. One spark can cause a large fire. Safety first.

Have you checked your **carbon monoxide detector** this season? Propane furnaces can be a source of gas leakage. Never heat using the burners on your stove.

Please don’t feed the **cats** so they will go home and not bring diseases to our pets.

LIGHTHOUSE RV PARK & MARINA

To show our appreciation to our campers we have **2024 wall calendars** for each of you. Please stop by the store to pick up your calendar and to say “hi”. We enjoy seeing you!

We have updated the Moon Landing **website** and now also have a website for Lighthouse. Please check them out and leave a message letting us know what you think. Reviews of the campgrounds are welcome and will be added to the website. Also, if you have any pictures or information that you would like us to put on the website, please submit it and we will add it if we can.

The **draw down of the lake** is well under way and will be complete by January 15. The lake will begin to be refilled February 1 and will be back to full pond by April 1.

Thank you for being part of our campground family. Hope you all have a safe and happy holiday season!
