

It's winterization time, time to blow out the pipes, and disconnect the hoses. On freezing nights be sure to turn off your water and disconnect the hose. Putting water in the

fresh water tank should be adequate for several days.

We have limited **deep water boat slips** available at Lighthouse. If you want to move your boat from a Moon slip to a Lighthouse slip, please call the store before doing so. When taking your boat out to put in storage, ensure that your storage tag is visible.

We had a great time with our campers and friends at the pumpkin carving, taco supper, and weenie roast. Thank you to all who joined us, it wouldn't have been nearly as much fun without you!

Camper fires can destroy a camper in a matter of minutes. Be sure to check your smoke alarms and carbon monoxide alarms! Also, do not store extra propane tanks next to the exit of your camper.

Be careful with campfires. Completely douse your campfire at the end of the evening. If you need to call 911 on your cell phone, the cell tower on the other side of the lake will pick up your call and connect you with Greenwood County. Please tell them to connect you to Laurens County emergency dispatch.

At least one **fire extinguisher** should be on your boat and also in your camper. Check their expiration dates and replace or recharge when necessary.

Veterans Day – We are grateful to all of our veterans and we thank you for your service.

Thanksgiving Day – We are thankful for all of our campers and the great year that we have had with you all! Have a great holiday and enjoy your turkey!

The **store hours** at Moon Landing will change Sunday, November 5. The new hours for this season will be:

Sunday	9:00 am – 5:00 pm
Monday	On call
Tuesday	On call
Wednesday	On call
Thursday	On call
Friday	9:00 am – 5:00 pm
Saturday	9:00 am – 5:00 pm

We have installed a **new POS system** in the store at Moon Landing and are in the process of installing a **new invoicing system**. We appreciate your patience during these changes.

Lighthouse Pizza Subs & More is now closed for season. Jill has some exciting changes in store for us next year!

Fishing advice from Carolina Sportsman website: “Playing the bridge game is key to loading a stringer with crappie on Lake Greenwood once winter weather sends water temperatures on a downward trend . . . The concrete in the bridge pilings warms up during the day when the sun is shining, and that warms the adjacent water, making it more attractive to the fish . . . Some fish will be up in the water column sunning, and some will be deeper . . . I generally like the smaller minnows for bait, because it seems the bait they are feeding on in the winter is pretty small.”

Be sure to get your **small minnows** at the store at Moon Landing. We will not sell **crickets** until spring.
