Progress reports are similar to report cards but progress reports are completed every three (3) weeks in each subject area.
- B. Report Cards are completed every nine (9) weeks or each quarter. There are four quarters in the school year, so there will be four quarterly grades completed every school year for each student. The grades on the report cards are the final grades that are used to figure student grade point averages (G.P.A.). Each student's progress is reported to parents/guardians four times a year.

Section 600.4 - Grading Policy

 - The plan will state specific remediation and intervention strategies, including summer school, and timelines for implementation and follow-up.

Section 600.8 - Classroom Assessments and School-Wide Testing

- A. Each child's classroom teacher utilizes a variety of assessments on a day-to-day basis. Each student's progress is assessed by Curriculum Based Measures (CBMs) following completion of instructional units. Data from the assessment will guide classroom instruction.
- B. CCS school wide assessments occur throughout the school year. Reports of the results of these assessments are generated for parents, teachers, and school-wide staff.
 - Some standardized assessments that are administered yearly are the following: Partnership of Assessments for Readiness for College and Career (PARCC) in grades 3rd through 8th; ACCESS for ELL which is administered for English Language Learners in grades K-8; and aimswebPLUS.
- C. These assessments measure student proficiency on the Common Core Standards and/or nationally based tests in reading, writing, mathematics and science.
- D. CCS also works with the Department of Diné Education in completing mandatory assessments of the Navajo Language. Assessments are done for the Oral Navajo Language Competency in the spring for grades 4 & 8 along with the Oral Diné Language Assessment taken at the start and end of the year to determine yearly

progress of students in grade K, 4 and 8.

- E. More individualized evaluations are provided as necessary for any student with significant learning challenges and possible disabilities. Results of these evaluations are used to determine placement in special programs and/or change the educational programming for individual students. Classroom teachers, special programs teachers, counselors and other professionals work together to conduct specialized evaluations. Questions regarding an individual student's progress should be directed to the classroom teacher and Principal.

Section 600.9 - Exceptional Student Services (ESS)

- A. Exceptional Student Services, also known as Special Education, provides services to meet the educational needs of all students with disabilities. An appropriate Individualized Education Plan (IEP) is developed with team members, student (if appropriate) and the parent/guardian.
- B. Before a student can be considered for an IEP, they must first be referred to the Student Assistance Team (SAT) where behavior and academic intervention plans are established with parent involvement. If further interventions are required, the SAT will refer the student to the ESS program where they will be evaluated and a multidisciplinary team to determine eligibility. Parents/guardians of students in ESS share in the decision-making process concerning their children's evaluation, placement, and program development.
- C. The ESS staff will provide services in special or general education classroom settings with students in the program to meet the needs of students.

- B. Potential candidates for the Gifted and Talented program are nominated, screened and determined by a Multidisciplinary Team. The formal process of identification will be initiated by the school's SAT.

Section 600.11 - English Language Learners' Program (ELL)

- A. As students enroll for the first time, or have not been identified as eligible for EL services, the parents/guardians will be given a Home Language Survey. If one or more responses indicate a language other than English, the child will be screened. If the student is identified as EL, the student will participate in the ACCESS for ELL assessment in the Spring.
- B. At the classroom level, ELL strategies are being used by teachers across grade levels to ensure proper and appropriate understanding of different academic concepts.

Section 600.12 – Diné Language and Culture Class

- A. Diné Language Education is offered to all students across grade levels with expectation to achieve oral proficiency in Diné Language. Culture will be taught in their general history/social studies classroom.

 - * Concepts/Cognitive Development
 - * Hearing
 - * Language
 - * Motor Skills

 - * Speech
 - * Vision

Child Find is a component of the Individuals with Disabilities Education Improvement Act (IDEA) 2004 that requires States and Local Education Agencies (school districts and charter schools) to identify, locate, and evaluate all children with disabilities residing in the State, regardless of the severity of their disabilities, and who are in need of special education and related services (34 CFR§ 300.111). Child Find is a continuous process of public awareness activities, screening and evaluation designed to locate, identify, and evaluate children with disabilities who are in need of Early Childhood Intervention (ECI) Programs (Part C) or Special Education and Related Services (Part B).

Any parent/guardian who has concerns about the development of his/her child is encouraged to call (505) 733-2738 to make an appointment for a screening.

Screenings are encouraged after the first quarter if the student is new to CCS and are on-going throughout the school year for continuing students. If a child fails the screening in one or more of the areas listed above, our Child Find Team will schedule a more comprehensive assessment.

- B. Children who are identified during this process will be referred to the school’s Student Assistance Team (SAT) for Early Intervening Services or Section 504 depending on their specific needs.

Section 600.14 - Physical Education Excuses

Physical education is required of all students in grades offered. A student may be excused from physical education up to three days upon written request from a parent/guardian. For any longer period of time, a request from the child’s physician is required. Written permission by the physician should be received through the Principal’s office.

- A. Scheduled field lessons are limited to students who have no major incidents from the beginning of the school year to the time of the field trip.
 - a. Students with major incidents will attend an alternate field lesson.
- B. Field lessons may be day trips or overnight trips. In either case, a sponsor will be designated as in charge.
- C. All students attending the field trip lessons must be approved in advance based on their behavior and established requirements.
- D. Parent consent forms should go out at least four weeks (*one month*) prior to the event and be received a week before the event.
- E. All students attending any field lessons must be assigned a chaperone. For overnight/multi-day field trips, parents of participants must meet at least once to be made aware of the tentative trip itinerary and/or to help determine the final itinerary. This meeting will be established by the grade level teachers. Phone numbers of all of the chaperones should be provided for parents, as well as a trip itinerary.
- F. The trip leader/Principal/designated assistant will determine which budget(s) and line items from which the budget for trip expenses will be drawn, as well as the total amount available. If snacks and water and/or juices will be purchased from Food Services vendor(s), the purchase requisition must be provided to the Food Services Supervisor within the ordering timeframe (*15th of the month prior to the event*).
- G. When the basic itinerary is established, meal stops will be determined. Bathroom breaks must be figured into the itinerary as well.
- H. Close attention must be paid to the costs involved for hotels and attractions, as well as parking costs for buses. The restaurant(s), hotel(s), and attraction(s) must be contacted to determine payment arrangements. If purchase requisitions can be provided, that is the school's preferred method of payment. Arrangements may need to be made with the Finance Department for credit card payments of hotel rooms and other venues. Cash purchases will not be allowed.
- I. Arrangements with hotel(s) must be made in time to establish optimum room clusters for males and females on the trip. An agreement needs to be made with the hotel to turn off long-distance capability, pay-per-play movies, and Wi-Fi in all of the rooms, including those occupied by chaperones. Meals and other expenses that could normally be charged to the room must be disallowed for all the rooms.
- J. The school expects a tight itinerary and budget for the trip. Chaperones must have preapproval to make changes once on the trip due to unexpected incidents or circumstances.
- K. The school will want to know the security measures to be taken after lights-out each evening and how students will be monitored on the buses and at restaurants, attractions to be visited, shopping stops, and even bathroom stops. The Principal must be fully apprised of all facets of the trip in order to help assure the school that the proper measures have been taken in preparation.

Section 600.18 –Chaperones

- A. Chaperones will be responsible for the safety of students.
- B. Chaperones must be reminded by the trip leader that they are on the trip to monitor students. While they may enjoy facets of the trip with the students, their first responsibility is the safety of the students. The trip sponsor will ensure that chaperones are engaged with students on every phase of the trip and will make assignments for each phase of the trip. No video, photograph, text, or information of any kind regarding any Ch’ooshgai Community School field trips will be posted by students or staff on any social web site, in order to comply with the Indian Student Protection Act. All chaperones will carry cell phones for communication with the trip sponsor and other chaperones.
- C. Airlines Flights: Flights will be booked far enough in advance to get the best rates. Buses will drop off the students at the airport in plenty of time to anticipate pre-flight security checks. Students will be informed of what can and cannot be taken on flights. As much as possible, chaperones will be assigned seats near students. Students will be trained in in-flight etiquette before they board the plane. Rental vans will be booked well in advance to ensure that the desired vehicles will be available. The vans will be driven by bus drivers with CDL licenses.
- D. Buses: Chaperones will be interspersed throughout the bus. Bus drivers are not chaperones. They are to get adequate rest to drive the next day. They will not be assigned students. It should be stressed that chaperones are on duty on the bus. The chaperones should be seated near the students they are chaperoning. They will monitor student behavior and keep talking among themselves to a minimum.
- E. Food, bathroom, shopping, and amusement stops: Chaperones will be with the groups of students they have been assigned to. It should be stressed that students are to watch out for each other as well. In stores especially, chaperones will stay with their groups. Shop-lifting is a possibility and a very time-consuming one, as well as an offense that will stay on offenders’ records.
- F. Evenings at hotel: All male chaperones will sleep in their rooms on the boys’ floor, and all female chaperones will sleep in their rooms on the girls’ floor. Ideally, arrangements with the hotel will have been made far enough in advance to have boys and girls on different floors and grouped in consecutive rooms. Chaperones’ rooms should bracket the students’ rooms. For large groups with more than two male and two female chaperones, the additional chaperones’ rooms should be interspersed between the student rooms. A lights-out time should be established so that students get enough sleep to wake up at the appointed time and get ready so that they do not hold up the whole group. Male chaperones for the boys and female chaperones for the girls should have keys for all of the rooms respectively by male and female. When entering a room, they will acknowledge privacy by knocking on the door before unlocking it. Chaperones will take shifts throughout the night to conduct bed checks at unspecified times. No married couples will chaperone for overnight field trips.
- G. Contingencies: Tentative plans will be made to provide for injured students or staff, for bus breakdowns, and for other unforeseen emergencies.

CHAPTER IX. SCHOOL ENVIRONMENT AND STUDENT DISCIPLINE

Section 900.1 - Philosophy of Discipline

- A. The school policies are written and enforced to ensure that all students and staff are safe in our school. Ch'ooshgai Community School, along with parents and guardians, will try to teach each child that they have to make the right choices now and in their future, in order to live a good life. The goal of Ch'ooshgai Community School is to maintain and support the three behavioral expectations of Safety, Respect, and Responsibility. CCS will support these behavioral goals and teachings by enforcing the school discipline policy.
- B. Effective education of students requires a school environment where students feel safe and secure. CCS is committed to maintaining an environment that will support learning where students and staff are safe from violence, threats, name-calling, intimidation, and unlawful behavior. The school discipline policy will apply to students while they are on the school campus or at a school sponsored event, (sports events or social events).

Section 900.2 - Campus Rules

- A. Ch'ooshgai Community School expects students to behave at all times and in certain areas of the school. Below is a list to reinforce all other school rules.
 1. Hats and caps are to be worn outside the building only. If students "forget", they will be asked to remove hats until they go outside.
 2. Beanies and bandanas are not allowed on the school campus or the bus.
 3. Students arriving after 8:00 a.m. must stop at the office for an admission slip before going to class.
 4. Any types of trading cards/stickers (i.e. Pokémon) are not allowed at school. Leaving these items at home will keep students focused on their learning and limit opportunities for loss, theft, or selling during school time.
 5. No pets are allowed, unless approved by school administrators, parents, and teachers for classroom presentations. The pet is to leave with the parent immediately after the classroom presentation is

complete.

6. Forgotten items from home (i.e. homework and messages for individual students about after school activities or transportation) should be dropped off or left with the front office secretary or attendance clerk.
7. Teachers will escort students from the building to the bus. Parents may pick up students at the front of the academic building.
8. For the safety of all students and staff, every visitor to the school is required to first go to the school office, sign in as a visitor, and receive a visitor's badge. No one should be in the school or on campus unless they are wearing a visitor's badge.
9. Students are to leave campus promptly after school ends, unless they are staying for a club meeting, athletic event, detention, tutoring, etc. If staying for one of these activities, the student must report promptly to the teacher or sponsor who will be supervising him/her. If a student is not picked up by 3:45 p.m., it becomes a safety issue and administration will make arrangements with individuals to have the child picked up. The homeroom teacher will stay with the student for safety purposes until the child is picked up.
10. Students must use appropriate language and voice volume at all times. Remember to use your PAX voice.
11. Students must respect school property and avoid littering.
12. Food is allowed only in the cafeteria unless otherwise designated.
13. Students not under direct supervision of a staff member must have a Hall Pass or Residential Pass.
14. When playing, the following guidelines are in effect: no tackling, hitting, tripping, pushing and/or horse-playing. Play only in designated areas and return all borrowed equipment promptly. Remember to be a PAX leader.
15. Skateboards, non-motorized vehicles, roller skates, or in-line skates, Heelys or built-in roller skate shoes, may not be used or worn on campus at any time.
16. Motorized vehicles, such as mopeds or go-carts, may not be ridden or driven on campus at any time.
17. Walk, do not run, on all sidewalks and in the buildings.
18. Throw only playground balls, not sand, rocks, snowballs, or any other objects that could injure others or result in property damage
19. Take turns when using the playground equipment.
20. Recess ends when the whistle is blown, proceed with your teacher to the classroom.
21. Settle differences peacefully, without fighting, threats, name-calling or put-downs. Ask for help from a teacher or another adult when you can't resolve differences yourself.
22. Students are not to leave campus at any time. Students must tell staff where they are at all times.
23. Inappropriate use of the following school supplies is not allowed. This includes among all others correction fluid, paper clips, rubber bands, markers/pens, pencils, paper, sharp objects (scissors, staples, compasses) and other school items.

- B. Cyber bullying of any Ch'ooshgai Community School student in any form is prohibited. Examples include posting unflattering photographs or videos or videos of fights or bullying on cell phones or social networking sites (i.e. Facebook, You Tube). Appendix 1 PAX

PAX is a set of strategies to help students learn important self-management skills while collaborating to make their classroom a peaceful and productive learning environment. Centered on the Good Behavior Game, PAX is not a classroom management program, but it makes managing classrooms much easier. The PAX Good Behavior Game (GBG) contains the combined science from the youth violence prevention program called PeaceBuilders, the good behavior game, and other studies.

Both during the Good Behavior Game and outside of game time, a PAX classroom teacher uses many evidence-based behavioral *kernels*. These are simple practices that reduce transition time and support students in behaving appropriately and positively.

As both classroom adults and students become adept at PAX, students develop an extraordinary ability to turn on their attention voluntarily, to go up and down in excitement with grace; to handle distractions and disappointments well; to cooperate for common goals with other people of differing abilities and skills; and to notice and savor the daily joys of the environment they have created.

The kernels include:

PAX Vision - helps students to identify successful behaviors to meet the demands for different activities or environments.

PAX Leader – A student who exhibits the positive behaviors identified in the PAX Vision.

PAX Quiet - to gain students' attention in order to give verbal instructions or initiate a transition.

Granny Wacky Pack - students learn that they can achieve rewarding consequences with voluntary, cooperative efforts. They also learn to delay gratification. This important lesson is another step in teaching self-regulation.

PAX Timer – Method to actively engage students to be on task.

PAX Sticks (or other engagement system) – Method of random calling of students during lessons.

Tootles (a.k.a., “Nizhoni” awards.) – The opposite of tattles. Used to recognize when a student is being a PAX Leader.

PAX Voices – Used for students to identify what volume of voice is appropriate for a given situation.

Hands & Feet – To increase a student’s body awareness to meet expectations of a given situation.

PAX OK/Not OK – Visual cues to help student identify appropriate behaviors for a given situation.

PAX Promise

I am a PAX Leader, as you will see.
So I better my world, and I better me.

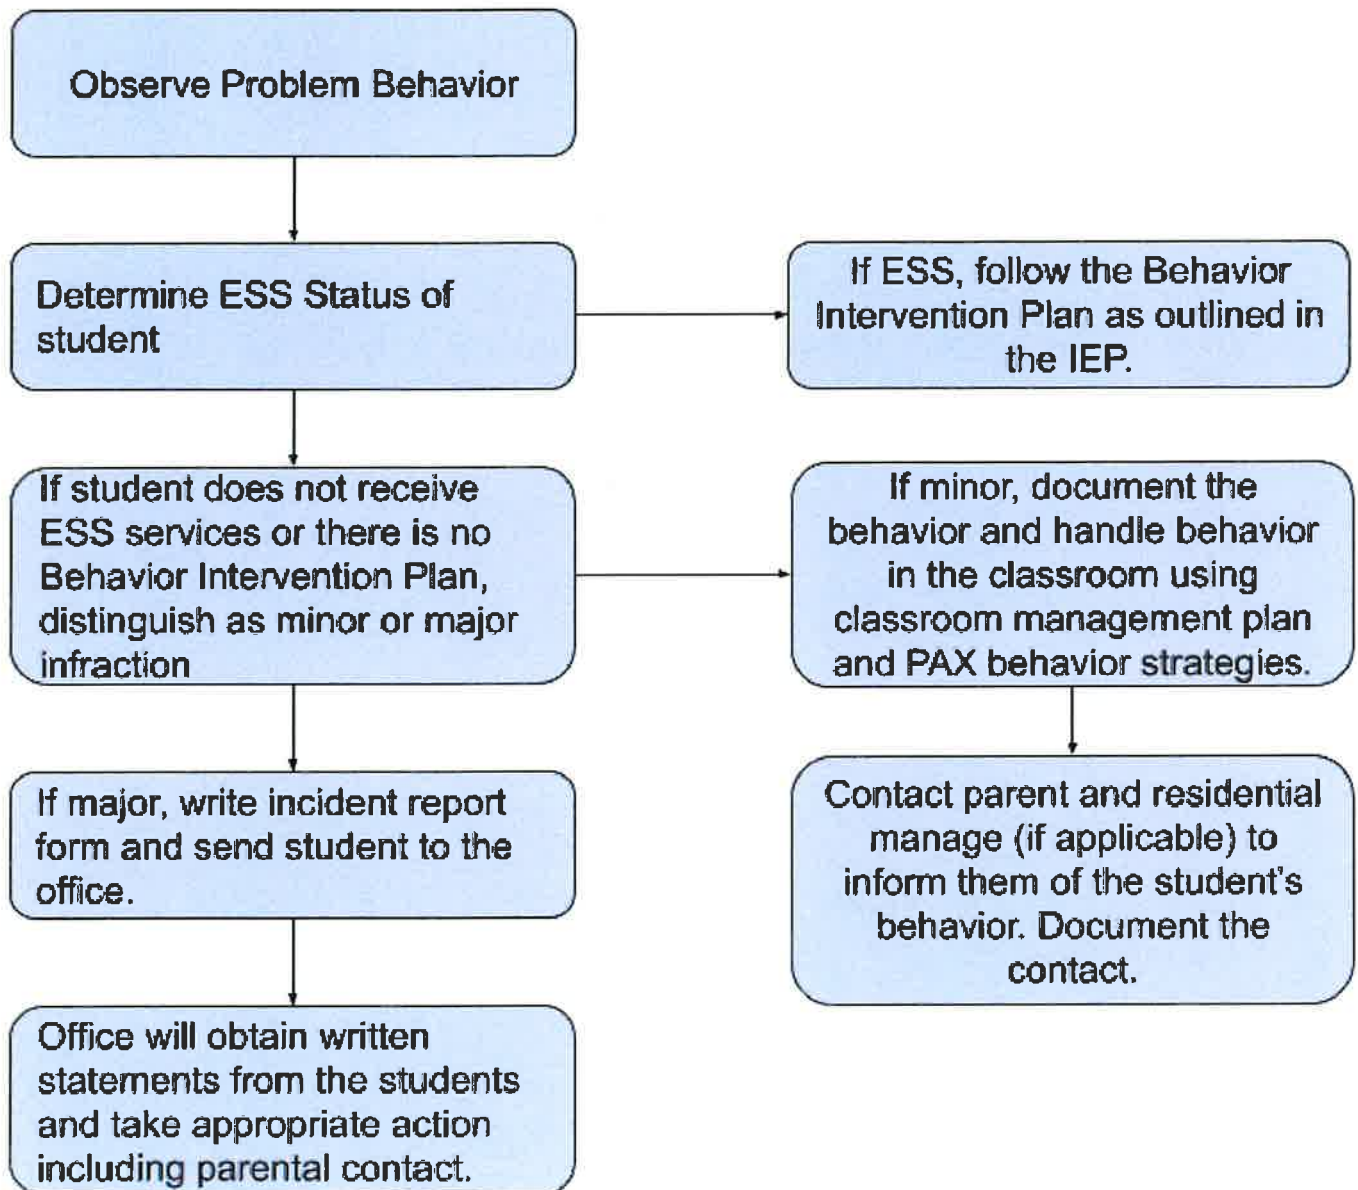

I honor PAX words and deeds.
I offer help, and stop harm or blame.

I make my amends and rejoin our PAX aim.
I find trusted guides to show me a PAX way.

I strive to improve PAX each day.
I am proud to be a PAX Leader – at school, at home, at play, and in the world.

I BETTER MY WORLD, and I BETTER MYSELF.
