

0:0:0.0 --> 0:0:0.670

Thaddeus Bradley-Lewis

I got that.

0:0:2.170 --> 0:0:11.390

Thaddeus Bradley-Lewis

So I have a lot of people who are living in most of people. They are, they see live in those apartments and I'm here to raise that issue.

0:0:13.250 --> 0:0:13.710

Thaddeus Bradley-Lewis

So.

0:0:15.150 --> 0:0:29.640

Thaddeus Bradley-Lewis

I should probably look at getting this city rich. No, no, this is tech that he said he's signing is up now. He's had to do everything to get his going. He had to do the website himself. He has to do everything and he's.

0:0:30.80 --> 0:0:32.690

Thaddeus Bradley-Lewis

That kind of thing, we're lucky.

0:0:32.770 --> 0:0:33.220

Thaddeus Bradley-Lewis

OK.

0:0:33.750 --> 0:0:34.240

Thaddeus Bradley-Lewis

Well, good.

0:0:35.420 --> 0:0:39.430

Thaddeus Bradley-Lewis

We need we need we semaphore.

0:0:41.410 --> 0:0:50.520

Thaddeus Bradley-Lewis

Anyway, and you're in your interest in the OHL. I'm in the neighborhood. I'm actually literally just across the street in.

0:0:51.850 --> 0:0:56.620

Thaddeus Bradley-Lewis

3E among Wyndham Place across the street from like 10th Mark and the post Oht.

0:0:57.710 --> 0:1:3.860

Thaddeus Bradley-Lewis

So I figured I'd see what an in person and see looks like.

0:1:4.200 --> 0:1:11.330

Thaddeus Bradley-Lewis

I wish. I wish, we wish we could promise that it would be no fascinating, but we Oh no, I've been to.

0:1:11.440 --> 0:1:12.300

Thaddeus Bradley-Lewis

Yeah, it was.

0:1:12.620 --> 0:1:18.60

Thaddeus Bradley-Lewis

Right. It's only one thing I'm trying to do in person, you know? Yeah, a lot of the others.

0:1:18.140 --> 0:1:22.230

Thaddeus Bradley-Lewis

Uh, you know, a lot of the other agencies are looking very too higher.

0:1:22.320 --> 0:1:33.650

Thaddeus Bradley-Lewis

And that's at the China something getting in some expensive equipment that's out there. I know one of them bought an owl, so pretty big science.

0:1:33.740 --> 0:1:36.890

Thaddeus Bradley-Lewis

Like that big and so apparently it's like age are still sick.

0:1:37.250 --> 0:1:47.180

Thaddeus Bradley-Lewis

Fire party. You know the the the camera rather they're building. Said like seek sound could do where we say here people talking so that it will automatically.

0:1:47.330 --> 0:1:48.0

Thaddeus Bradley-Lewis

This locus.

0:1:48.680 --> 0:1:56.120

Thaddeus Bradley-Lewis

On the street. So it's supposed to be, you know, a great thing. You're messed up. Yeah. OK, so.

0:1:56.210 --> 0:1:58.230

Thaddeus Bradley-Lewis

I've already 80s. That's their solution.

0:1:58.310 --> 0:1:58.800

Thaddeus Bradley-Lewis

I think they.

0:1:58.920 --> 0:2:4.230

Thaddeus Bradley-Lewis

And you know. Yeah. Wow. Yeah. Yeah. I don't know what that looks like.

0:2:4.310 --> 0:2:6.110

Thaddeus Bradley-Lewis
Uh. Backed but.

0:2:6.570 --> 0:2:13.0

Thaddeus Bradley-Lewis
People complain something. Yeah. Thank you. OK.

0:2:14.70 --> 0:2:16.780

Thaddeus Bradley-Lewis
Next Thursday, device said they were going to.

0:2:17.940 --> 0:2:20.910

Thaddeus Bradley-Lewis
Yeah, I think it's. I think it's something like \$1000.

0:2:20.990 --> 0:2:24.980

Thaddeus Bradley-Lewis
Want to be able to, you know, sort of somebody out there who are right?

0:2:25.60 --> 0:2:26.710

Thaddeus Bradley-Lewis
OK. Yeah.

0:2:26.810 --> 0:2:27.150

Thaddeus Bradley-Lewis
Yeah.

0:2:28.480 --> 0:2:36.310

Thaddeus Bradley-Lewis
I don't want people to check this for people can they can be crazy. So yeah, 6:50 sounds like social media page.

0:2:37.840 --> 0:2:42.340

Thaddeus Bradley-Lewis
Yes. So I should do. It's called Tenley Town in around.

0:2:44.200 --> 0:2:47.150

Thaddeus Bradley-Lewis
On Facebook and Twitter posts.

0:2:49.130 --> 0:2:49.840

Thaddeus Bradley-Lewis
Online.

0:2:50.240 --> 0:2:51.940

Thaddeus Bradley-Lewis
And I should also you next door.

0:2:53.70 --> 0:2:56.510

Thaddeus Bradley-Lewis

Yeah, OK. Yeah. So I don't have to worry about that.

0:2:56.940 --> 0:2:59.90

Thaddeus Bradley-Lewis

Yeah, somebody see other peoples.

0:3:0.390 --> 0:3:2.460

Thaddeus Bradley-Lewis

Because people read it and they think it's.

0:3:2.740 --> 0:3:3.10

Thaddeus Bradley-Lewis

Yes.

0:3:12.50 --> 0:3:13.980

Thaddeus Bradley-Lewis

Right. And they said, have you ever been?

0:3:17.270 --> 0:3:17.790

Thaddeus Bradley-Lewis

Search.

0:3:22.650 --> 0:3:23.250

Thaddeus Bradley-Lewis

So do you.

0:3:23.350 --> 0:3:24.320

Thaddeus Bradley-Lewis

Hello, how are you? Fine.

0:3:24.540 --> 0:3:25.70

Thaddeus Bradley-Lewis

Come on.

0:3:25.180 --> 0:3:25.410

Thaddeus Bradley-Lewis

But.

0:3:25.520 --> 0:3:25.900

Thaddeus Bradley-Lewis

Thank you.

0:3:26.970 --> 0:3:27.290

Thaddeus Bradley-Lewis

Thank you.

0:3:28.650 --> 0:3:29.210

Thaddeus Bradley-Lewis
Still have.

0:3:29.320 --> 0:3:29.560

Thaddeus Bradley-Lewis
Whoops.

0:3:33.200 --> 0:3:33.710

Thaddeus Bradley-Lewis
It's like.

0:3:34.260 --> 0:3:34.770

Thaddeus Bradley-Lewis
It was a crime.

0:3:35.720 --> 0:3:36.220

Thaddeus Bradley-Lewis
Without.

0:3:43.10 --> 0:3:43.480

Thaddeus Bradley-Lewis
Brown.

0:3:45.780 --> 0:3:49.390

Thaddeus Bradley-Lewis
Thank you. And I'll next door. So he's on 41st.

0:3:59.480 --> 0:4:0.350

Thaddeus Bradley-Lewis
So I could talk.

0:4:0.470 --> 0:4:0.940

Thaddeus Bradley-Lewis
A survey.

0:4:2.220 --> 0:4:3.390

Thaddeus Bradley-Lewis
My brother lives up here.

0:4:3.470 --> 0:4:3.760

Thaddeus Bradley-Lewis
OK.

0:4:6.470 --> 0:4:7.230

Thaddeus Bradley-Lewis
You are working.

0:4:7.320 --> 0:4:7.740

Thaddeus Bradley-Lewis
Are.

0:4:7.870 --> 0:4:8.250

Thaddeus Bradley-Lewis
OK.

0:4:9.580 --> 0:4:12.850

Thaddeus Bradley-Lewis
I would say do it over here, you know.

0:4:12.960 --> 0:4:13.440

Thaddeus Bradley-Lewis
Yeah, just.

0:4:13.520 --> 0:4:14.620

Thaddeus Bradley-Lewis
And that was that.

0:4:15.300 --> 0:4:15.550

Thaddeus Bradley-Lewis
Yeah.

0:4:15.770 --> 0:4:16.560

Thaddeus Bradley-Lewis
Walk for them.

0:4:16.640 --> 0:4:17.170

Thaddeus Bradley-Lewis
Ohh.

0:4:24.450 --> 0:4:26.750

Thaddeus Bradley-Lewis
Yesterday was the first day of hearing good.

0:4:27.870 --> 0:4:28.780

Thaddeus Bradley-Lewis
How many you need?

0:4:30.220 --> 0:4:31.150

Thaddeus Bradley-Lewis
So after the hair.

0:4:32.870 --> 0:4:36.420

Thaddeus Bradley-Lewis
OK. Yeah, that's perfect. Perfect. Let me are there.

0:4:38.930 --> 0:4:46.450

Thaddeus Bradley-Lewis

I can't remember what it is, but if you have, yeah, she's. She has the she I think has one.

0:4:49.700 --> 0:4:51.70

Thaddeus Bradley-Lewis

Still something like.

0:4:53.0 --> 0:4:53.350

Thaddeus Bradley-Lewis

You know.

0:4:53.430 --> 0:4:53.780

Thaddeus Bradley-Lewis

Right.

0:4:55.350 --> 0:4:56.980

Thaddeus Bradley-Lewis

My phone doesn't match up with the cable.

0:4:57.60 --> 0:4:57.560

Thaddeus Bradley-Lewis

She had the.

0:4:58.720 --> 0:5:3.230

Thaddeus Bradley-Lewis

Very repressed society. My father worked to do, you know, that's what.

0:5:9.490 --> 0:5:10.60

Thaddeus Bradley-Lewis

They were just.

0:5:10.790 --> 0:5:17.490

Thaddeus Bradley-Lewis

OK, years that were expected. How my family, we went to the right church. It's just mentioned that went to the right schools.

0:5:17.850 --> 0:5:18.250

Thaddeus Bradley-Lewis

OK.

0:5:18.900 --> 0:5:21.180

Thaddeus Bradley-Lewis

The Wi-Fi password is. Ohh.

0:5:22.140 --> 0:5:23.770

Thaddeus Bradley-Lewis

It wasn't going to school private school.

0:5:23.850 --> 0:5:24.130

Thaddeus Bradley-Lewis
Got it.

0:5:25.560 --> 0:5:26.300

Thaddeus Bradley-Lewis
Welcome.

0:5:26.680 --> 0:5:27.350

Thaddeus Bradley-Lewis
OK so.

0:5:27.460 --> 0:5:29.410

Thaddeus Bradley-Lewis
The greatest thing used in button.

0:5:31.650 --> 0:5:32.460

Thaddeus Bradley-Lewis
The number 2.

0:5:33.720 --> 0:5:35.350

Thaddeus Bradley-Lewis
And also.

0:5:35.710 --> 0:5:36.260

Thaddeus Bradley-Lewis
Hi.

0:5:36.340 --> 0:5:36.830

Thaddeus Bradley-Lewis
How are you?

0:5:37.50 --> 0:5:37.540

Thaddeus Bradley-Lewis
Also.

0:5:38.520 --> 0:5:40.0

Thaddeus Bradley-Lewis
My brother is telling me everything.

0:5:40.290 --> 0:5:40.740

Thaddeus Bradley-Lewis
Please.

0:5:41.500 --> 0:5:41.740

Thaddeus Bradley-Lewis
Like.

0:5:42.130 --> 0:5:42.870

Thaddeus Bradley-Lewis
To and.

0:5:51.290 --> 0:5:51.830

Thaddeus Bradley-Lewis
They have some.

0:5:52.510 --> 0:5:52.900

Thaddeus Bradley-Lewis
Yes.

0:5:54.860 --> 0:5:57.220

Thaddeus Bradley-Lewis
If anyone has not signed up for the number 2.

0:5:57.290 --> 0:5:57.730

Thaddeus Bradley-Lewis
Of Irish.

0:5:59.830 --> 0:6:2.70

Thaddeus Bradley-Lewis
Yeah. And she signed up. She invaded.

0:6:2.180 --> 0:6:5.390

Thaddeus Bradley-Lewis
It's more why they're thinking. Yeah, like any.

0:6:5.650 --> 0:6:9.750

Thaddeus Bradley-Lewis
Yeah, it was a huge thing with your Marriott.

0:6:9.900 --> 0:6:10.490

Thaddeus Bradley-Lewis
There's a.

0:6:10.570 --> 0:6:13.240

Thaddeus Bradley-Lewis
So that's why we're talking about that.

0:6:16.290 --> 0:6:25.290

Thaddeus Bradley-Lewis
You know the wonderful other cultures and and I know and it said this, I use fish that some sort of like that.

0:6:27.350 --> 0:6:30.80

Thaddeus Bradley-Lewis
So I don't know the best.

0:6:31.180 --> 0:6:32.720

Thaddeus Bradley-Lewis
I did 23 days.

0:6:35.570 --> 0:6:36.20

Thaddeus Bradley-Lewis
Some of the.

0:6:40.240 --> 0:6:41.970

Thaddeus Bradley-Lewis
Jewish all touch of the.

0:6:44.590 --> 0:6:45.700

Thaddeus Bradley-Lewis
Little flat.

0:6:47.790 --> 0:6:50.140

Thaddeus Bradley-Lewis
77% of English.

0:6:51.640 --> 0:6:59.560

Thaddeus Bradley-Lewis
It's boring. Well, mine would be blocking about that. Sorry. I have my mother's group, Scandinavian.

0:7:0.290 --> 0:7:0.660

Thaddeus Bradley-Lewis
People.

0:7:3.880 --> 0:7:9.410

Thaddeus Bradley-Lewis
I have 7% Norwegian. No, no.

0:7:11.560 --> 0:7:14.620

Thaddeus Bradley-Lewis
I'm sharing the gods.

0:7:16.360 --> 0:7:20.100

Thaddeus Bradley-Lewis
You know, I don't know if the recording stop left go away.

0:7:22.50 --> 0:7:22.990

Thaddeus Bradley-Lewis
So I need to.

0:7:23.610 --> 0:7:23.890

Thaddeus Bradley-Lewis
Yes.

0:7:25.100 --> 0:7:25.800

Thaddeus Bradley-Lewis
I don't know why that.

0:7:26.890 --> 0:7:27.640

Thaddeus Bradley-Lewis
I want something.

0:7:29.60 --> 0:7:29.740

Thaddeus Bradley-Lewis
Scottish.

0:7:30.460 --> 0:7:31.890

Thaddeus Bradley-Lewis
So we do they also very.

0:7:33.410 --> 0:7:37.670

Thaddeus Bradley-Lewis
I'll get you set up one. We get to you and then in the agenda that's all recorded.

0:7:37.770 --> 0:7:38.230

Thaddeus Bradley-Lewis
Itself.

0:7:40.310 --> 0:7:46.430

Thaddeus Bradley-Lewis
OK, alright, I'm going to go ahead and call the meeting to order. It is 702.

0:7:47.190 --> 0:7:49.40

Thaddeus Bradley-Lewis
Uh and we?

0:7:49.240 --> 0:7:59.30

Thaddeus Bradley-Lewis
Or recording and transcribing on Microsoft Teams right now this is a meeting of the N C3 today is March 21st.

0:8:0.250 --> 0:8:0.640

Thaddeus Bradley-Lewis
And.

0:8:1.400 --> 0:8:3.960

Thaddeus Bradley-Lewis
We get started.

0:8:5.340 --> 0:8:7.540

Thaddeus Bradley-Lewis
With the motion to approve the agenda.

0:8:8.330 --> 0:8:14.120

Thaddeus Bradley-Lewis

And move to approve the agenda and ask for agenda amendments. I'm actually going to propose one myself.

0:8:14.890 --> 0:8:21.690

Thaddeus Bradley-Lewis

We are going to where I'm looking to add a brief discussion on the.

0:8:23.600 --> 0:8:34.820

Thaddeus Bradley-Lewis

Topic about that truck, Elkins commissioner from 3D who inquired with a number of smaller NCS about testifying before.

0:8:36.260 --> 0:8:42.440

Thaddeus Bradley-Lewis

Actos, is that correct, is actually testified before Council committee on Monday, OK.

0:8:43.410 --> 0:8:59.210

Thaddeus Bradley-Lewis

And he would. He was looking for some more information. I'll go into greater detail once once we get to that item, but I'm going to move to amend the section administrative matters. We'll just tack that on the.

0:9:0.470 --> 0:9:2.240

Thaddeus Bradley-Lewis

The discussion of.

0:9:2.480 --> 0:9:18.480

Thaddeus Bradley-Lewis

Uh. Providing information to Chuck Elkins or providing response to Chuck Elkins regarding that issue. So the motion as amended is to approve the agenda with the addition of the discussion on.

0:9:19.730 --> 0:9:25.140

Thaddeus Bradley-Lewis

Matter. All those in favor? Aye. The motion is approved unanimously.

0:9:26.350 --> 0:9:29.40

Thaddeus Bradley-Lewis

Next uh, Captain Savoy?

0:9:29.980 --> 0:9:42.490

Thaddeus Bradley-Lewis

Ohh dear Captain Savoy was both busier. That's not a complete list. Captain Savoy. If you're ready, I'm gonna make sure that you are. I believe you can unmute yourself.

0:9:43.410 --> 0:9:44.480

Thaddeus Bradley-Lewis

Ohh she's on the screen.

0:9:45.830 --> 0:9:55.160

Thaddeus Bradley-Lewis

Here we are. I'm going to add you to the spotlight. Captains avoid. Could you go ahead and say something so that we can make sure we can hear you here in the room?

0:9:56.240 --> 0:9:58.280

Savoy, Tatjana (MPD)

Store hello. Can everyone hear me?

0:10:1.180 --> 0:10:1.370

Savoy, Tatjana (MPD)

That.

0:9:59.40 --> 0:10:1.610

Thaddeus Bradley-Lewis

Yes, we can. Thank you so much, captains boy.

0:10:5.280 --> 0:10:7.150

Thaddeus Bradley-Lewis

We understand there's a new commander.

0:10:8.230 --> 0:10:10.420

Thaddeus Bradley-Lewis

In the second district, captains of Hawaii.

0:10:12.190 --> 0:10:13.940

Thaddeus Bradley-Lewis

Maybe there's something about?

0:10:11.680 --> 0:10:14.910

Savoy, Tatjana (MPD)

Yes, ma'am. So, so, hi, everyone.

0:10:14.690 --> 0:10:15.930

Thaddeus Bradley-Lewis

Never come crash.

0:10:17.40 --> 0:10:35.670

Savoy, Tatjana (MPD)

Yes, ma'am. So we do have a new commander, Commander John branch. Of course, he is not a stranger to us all. Commander Branch has over 31 years on the on the agency. He was recently transferred from the 7th District and he is actually a Washingtonian as well.

0:10:40.920 --> 0:10:44.730

Thaddeus Bradley-Lewis

Sounds like he has some great experience. He even work.

0:10:44.120 --> 0:10:45.250

Savoy, Tatjana (MPD)

Yes, ma'am, he does.

0:10:45.750 --> 0:10:52.170

Thaddeus Bradley-Lewis

Traffic Safety and presidential escort service. So those are two things that are really important for 2D.

0:10:52.40 --> 0:10:54.410

Savoy, Tatjana (MPD)

Special operations division.

0:10:56.50 --> 0:10:57.70

Savoy, Tatjana (MPD)

Air support.

0:10:58.980 --> 0:11:3.40

Savoy, Tatjana (MPD)

And 31 years of experience. So absolutely.

0:11:4.180 --> 0:11:5.110

Savoy, Tatjana (MPD)

Happy to have them.

0:11:7.20 --> 0:11:9.250

Thaddeus Bradley-Lewis

Well, hope to have him here in the future.

0:11:10.170 --> 0:11:18.570

Savoy, Tatjana (MPD)

Yes, ma'am. I'm gonna be sure that he he definitely attends one. He's actually attending another AC over in 205.

0:11:20.860 --> 0:11:21.300

Thaddeus Bradley-Lewis

Alright.

0:11:26.140 --> 0:11:28.560

Thaddeus Bradley-Lewis

Another couple of violent crimes this month.

0:11:29.720 --> 0:11:33.230

Thaddeus Bradley-Lewis

Other people may have noticed, and we wondered if there was any trend.

0:11:33.920 --> 0:11:35.890

Thaddeus Bradley-Lewis

That you wanted to talk about with.

0:11:37.420 --> 0:11:38.60

Thaddeus Bradley-Lewis
Incident.

0:11:38.810 --> 0:11:40.180

Thaddeus Bradley-Lewis
In our area.

0:11:41.130 --> 0:11:42.270

Savoy, Tatjana (MPD)
Right. So.

0:11:41.520 --> 0:11:42.610

Thaddeus Bradley-Lewis
In the newspaper business.

0:11:44.10 --> 0:11:56.90

Savoy, Tatjana (MPD)
So really quickly, I believe that the the DC crime cards are up and running now for this for this area 3A, I was able to kind of take a glance at that earlier today.

0:11:57.800 --> 0:12:2.960

Savoy, Tatjana (MPD)
Within the last 30 days, within the three A, we've had a total of 15.

0:12:3.620 --> 0:12:21.490

Savoy, Tatjana (MPD)
Uh crimes reported of one of the 15. We're gonna start with the robbery courses. Robbery was in inside scene where the suspect is a known suspect and currently the detectives are looking into that matter.

0:12:22.470 --> 0:12:41.360

Savoy, Tatjana (MPD)
The other, more serious crime of the 15 would be a motor vehicle theft that occurred in the 42 on a block of Wisconsin Ave. where unfortunately, our complaint left their vehicle running unattended. Keys in the car. So what is which we pretty much called a hop in.

0:12:43.210 --> 0:12:58.380

Savoy, Tatjana (MPD)
And then when I took a look at the DC crime cards year to date, we're actually down by about 10 crimes year to date compared to last year. But then some more specifically within the last 30 days, we are down.

0:13:0.160 --> 0:13:4.50

Savoy, Tatjana (MPD)
I think about 3 crimes down within this area.

0:13:9.190 --> 0:13:11.780

Thaddeus Bradley-Lewis
Looks like most of the crimes were others that.

0:13:14.90 --> 0:13:20.410

Thaddeus Bradley-Lewis

Like people have heard about this before, other thefts are the kind of thing that happens when you put your handbag.

0:13:21.410 --> 0:13:22.260

Thaddeus Bradley-Lewis

On a counter.

0:13:23.60 --> 0:13:26.800

Thaddeus Bradley-Lewis

And turn away and leave an open person. You're shopping cart.

0:13:27.940 --> 0:13:30.70

Thaddeus Bradley-Lewis

Have a person hanging on your chair.

0:13:31.110 --> 0:13:32.340

Thaddeus Bradley-Lewis

Things like that.

0:13:33.800 --> 0:13:43.30

Thaddeus Bradley-Lewis

So Catherine Savoy, you probably have some warnings to people about avoiding others thefts. That one of the things you've mentioned before, crimes of opportunity.

0:13:48.140 --> 0:13:48.320

John

Yeah.

0:13:44.190 --> 0:14:0.610

Savoy, Tatjana (MPD)

Yes, ma'am. So a few of the thefts that you all see here, the thefts and thefts, other of course, some of those are actually involving, you know, maybe our grocery stores, retail stores, things of that nature.

0:14:1.210 --> 0:14:5.620

Savoy, Tatjana (MPD)

Umm, I would like to just reassure, you know.

0:14:6.870 --> 0:14:13.890

Savoy, Tatjana (MPD)

Give another warning to to the citizens about really just leaving their doors unlocked.

0:14:22.420 --> 0:14:22.680

Thaddeus Bradley-Lewis

This.

0:14:15.210 --> 0:14:41.900

Savoy, Tatjana (MPD)

I guess I'm. I'm a big fan of doing that. Back in the day, but at this point it's it's just not a good idea to leave your car. I'm. I'm sorry. Your doors unlocked. Especially during the day as well, because we often find people just, you know, roaming the streets and you know, and. And they will take advantage of crime of opportunity we have within the last month rolled out into the community.

0:14:43.160 --> 0:15:0.800

Savoy, Tatjana (MPD)

If you were eligible to get a a club for your vehicle, but that was more specifically for owners that had that owned Kias and Hyundais. So we do have a few of those clubs left. If anyone would like to take advantage of a free club.

0:15:1.630 --> 0:15:11.660

Savoy, Tatjana (MPD)

And hopefully we could see, you know within the next couple of weeks see if if pushing out those clubs was a a success to the community.

0:15:14.560 --> 0:15:17.150

Thaddeus Bradley-Lewis

The problem is the thing that goes on the wheel and you're driving.

0:15:17.990 --> 0:15:18.650

Savoy, Tatjana (MPD)

Yes, ma'am.

0:15:17.820 --> 0:15:19.90

Thaddeus Bradley-Lewis

Yeah, yeah.

0:15:19.650 --> 0:15:28.330

Savoy, Tatjana (MPD)

Yes, ma'am. And one more thing I would like to to bring up, if you all don't have any questions as Commissioner Lewis.

0:15:30.440 --> 0:15:39.420

Savoy, Tatjana (MPD)

Was, I think, the last meeting he had brought to my attention, I guess he was had a concern about 30 9th St.

0:15:39.620 --> 0:15:39.810

John

3.

0:15:41.460 --> 0:15:44.290

Savoy, Tatjana (MPD)

Involving a leaving after colliding vehicle.

0:15:47.170 --> 0:15:49.180

Savoy, Tatjana (MPD)

And So what I did was.

0:15:50.440 --> 0:16:9.610

Savoy, Tatjana (MPD)

So I gave special attention for the next couple of days over in that area in which we pushed out a traffic car in that area. So for the next week since I received the e-mail from Commissioner, we have it's total of 21 notice of infractions issued in one arrest for no permit.

0:16:11.380 --> 0:16:12.460

Savoy, Tatjana (MPD)

In that area.

0:16:15.220 --> 0:16:18.350

Thaddeus Bradley-Lewis

That's an infraction 20 the 21 impression.

0:16:17.620 --> 0:16:19.980

Savoy, Tatjana (MPD)

Yeah, I'm I'm sorry NY a ticket.

0:16:22.180 --> 0:16:23.10

Thaddeus Bradley-Lewis

Yeah.

0:16:22.550 --> 0:16:27.900

Savoy, Tatjana (MPD)

Right. A ticket and and those violations went from anything between.

0:16:29.280 --> 0:16:37.330

Savoy, Tatjana (MPD)

Stop sign violation proof of vehicle insurance and register vehicle expired date tags.

0:16:45.460 --> 0:16:45.800

Thaddeus Bradley-Lewis

It's.

0:16:42.40 --> 0:16:46.230

Savoy, Tatjana (MPD)

And right and stop sign violations.

0:16:49.720 --> 0:16:54.230

Thaddeus Bradley-Lewis

Well, I'm. I'm glad to hear that, that that attention proved.

0:16:55.150 --> 0:17:6.670

Thaddeus Bradley-Lewis

Worked it umm and and you know, hopefully we'll we'll we'll see some some results from people having noticed that there was you know a higher presence in that area so I really appreciate that Captain Savoy.

0:17:7.870 --> 0:17:35.510

Thaddeus Bradley-Lewis

If if no other matters, OK, uh, Judy, go ahead. Is it is there a possibility of getting signs that suggest that that some people who are elderly or even more elderly than I am or are handicapped in some way might uh watch out for for these new motorized?

0:18:2.930 --> 0:18:4.300

Savoy, Tatjana (MPD)

No, Sir. We we.

0:17:35.920 --> 0:18:4.410

Thaddeus Bradley-Lewis

Uh vehicles, not vehicles. But you know, but boards that people use they're afraid of. I think that might be it. So if they were to be located in, like, the tree box space which is in between the curve and the the sidewalk, I think that might be something that we wanna take up with D dot. OK. I don't know if MPD ever really posts signage. Captain Savoy. You can correct me if I'm wrong, but I believe that.

0:18:16.200 --> 0:18:16.490

Thaddeus Bradley-Lewis

Yes.

0:18:16.590 --> 0:18:17.450

Savoy, Tatjana (MPD)

That would actually.

0:18:18.140 --> 0:18:24.390

Savoy, Tatjana (MPD)

Come out and you know and kind of visually see what's going on and conduct a survey and then go from there.

0:18:24.880 --> 0:18:27.970

Thaddeus Bradley-Lewis

Yeah, yeah, yeah. So we can definitely.

0:18:29.250 --> 0:18:40.280

Thaddeus Bradley-Lewis

We have, we have our war three liaison at Christian scenario. We can work together with him to identify where that signage will be most appropriate and see if we can work on that with him.

0:18:40.970 --> 0:18:41.270

Savoy, Tatjana (MPD)

Right.

0:18:40.960 --> 0:18:59.310

Thaddeus Bradley-Lewis

Uh, I was going to mention uh capping Savoy that we talked about other sites where it would be great to have a Traffic Safety officer and two areas of my single Member District came up in my conversations. One is the 4100 block of Cathedral Ave.

0:19:0.560 --> 0:19:6.890

Thaddeus Bradley-Lewis

And the other one is the 3800 block blocks two blocks from Garfield St.

0:19:7.440 --> 0:19:10.220

Savoy, Tatjana (MPD)

OK, you said the 3800 block of Garfield.

0:19:11.100 --> 0:19:15.120

Thaddeus Bradley-Lewis

Yes, and it's two blocks that are the 3800 between 38 and 39.

0:19:15.170 --> 0:19:16.780

Savoy, Tatjana (MPD)

Is that is that between?

0:19:18.260 --> 0:19:20.170

Savoy, Tatjana (MPD)

Wisconsin and mass.

0:19:20.690 --> 0:19:22.590

Thaddeus Bradley-Lewis

Wisconsin and Watson place.

0:19:22.630 --> 0:19:26.940

Savoy, Tatjana (MPD)

Which? OK, so the 3800 block of Garfield. And what was the first one, Commissioner, I'm sorry.

0:19:27.310 --> 0:19:33.800

Thaddeus Bradley-Lewis

It was Cathedral Ave. basically between 30 and 9th and Glover Archbold Park or the 4100 block.

0:19:34.610 --> 0:19:36.490

Savoy, Tatjana (MPD)

39 in the 4100 block.

0:19:38.990 --> 0:19:45.400

Thaddeus Bradley-Lewis

It curves and it's a hilly and there are couple driveways that come out and the cars go too fast.

0:19:46.210 --> 0:19:49.560

Thaddeus Bradley-Lewis

Not to mention the crosswalks to the bus stop and back and forth.

0:19:50.720 --> 0:19:57.300

Thaddeus Bradley-Lewis

I was negligent that I didn't write you, but I wanna add in 38 and Maccomb.

0:19:57.980 --> 0:20:6.590

Thaddeus Bradley-Lewis

For the giant, it's a terrible intersection. I've almost been wiped out there and other friends have anyway, sorry.

0:20:6.560 --> 0:20:8.640

Savoy, Tatjana (MPD)

OK, so no problem. I'm.

0:20:8.190 --> 0:20:12.680

Thaddeus Bradley-Lewis

That's uh, yeah, that's 38 in Macomb, which is the.

0:20:14.260 --> 0:20:18.140

Thaddeus Bradley-Lewis

The the South entrance to the yeah giant parking lot, yeah.

0:20:21.190 --> 0:20:22.130

Thaddeus Bradley-Lewis

Never stop.

0:20:19.150 --> 0:20:23.260

Savoy, Tatjana (MPD)

South entrance to giant parking lot.

0:20:24.500 --> 0:20:27.220

Thaddeus Bradley-Lewis

That's a highly trafficked there's stop signs. They don't.

0:20:31.480 --> 0:20:31.820

Savoy, Tatjana (MPD)

Right.

0:20:28.510 --> 0:20:35.230

Thaddeus Bradley-Lewis

Yeah, there are lots of veterans. There are coming into any. Thank you. Thank you. Appreciate that. Did you have?

0:20:46.130 --> 0:20:46.560

Thaddeus Bradley-Lewis

OK.

0:20:34.510 --> 0:20:59.40

Savoy, Tatjana (MPD)

Right. So so just so just be mindful that 39th Street where we originally started, Commissioner, we're gonna kind of we're gonna just move that Traffic Unit over to these areas. OK, so so just so for clarity, the 3800 block of Garfield Cathedral between 39th and the 4100 block and 38th and McComb, the South entrance to the giant parking lot.

0:21:0.530 --> 0:21:0.930

Savoy, Tatjana (MPD)

OK.

0:20:59.830 --> 0:21:2.790

Thaddeus Bradley-Lewis

Yeah. Thank you. Very great. Thank you very much.

0:21:2.50 --> 0:21:8.720

Savoy, Tatjana (MPD)

OK, great. If no one else has any other questions, I'm gonna join this other meeting that my new commander is on.

0:21:10.10 --> 0:21:17.280

Savoy, Tatjana (MPD)

And UM, still be feel free to send me an e-mail if anyone has any additional questions or.

0:21:19.0 --> 0:21:20.950

Savoy, Tatjana (MPD)

Any requests for special attention?

0:21:21.790 --> 0:21:22.30

Thaddeus Bradley-Lewis

Thanks.

0:21:22.210 --> 0:21:24.160

Thaddeus Bradley-Lewis

Excellent. Thank you so much, Carol.

0:21:23.460 --> 0:21:24.860

Savoy, Tatjana (MPD)

OK. Thank you.

0:21:25.830 --> 0:21:26.300

Savoy, Tatjana (MPD)

Bye.

0:21:27.830 --> 0:21:45.450

Thaddeus Bradley-Lewis

Alright, I'm going to go ahead and we're our. Our next item is to hear from Mr. Peterson from AU. I have to do a little bit of tech work with him. So if you all would bear with me, I'm gonna go ahead and do that.

0:21:46.620 --> 0:21:47.630

Thaddeus Bradley-Lewis

Thank you. Appreciate that.

0:21:49.210 --> 0:21:50.160

Thaddeus Bradley-Lewis

Start OK.

0:21:51.140 --> 0:22:12.890

Thaddeus Bradley-Lewis

Probably start by saying that Jeremy Del morale is our representative to the neighborhood partnership and he can't be with us tonight, so we only have 4 members, but he already heard the briefing. I believe you had an information for him earlier that Jeremy mentioned that last month's meeting, which I was well attended and the topic is.

0:22:13.990 --> 0:22:16.320

Thaddeus Bradley-Lewis

Similar to night Answer Center and.

0:22:17.50 --> 0:22:18.290

Thaddeus Bradley-Lewis

Yeah, and.

0:22:19.430 --> 0:22:27.350

Thaddeus Bradley-Lewis

That is, it's doing magic here. I'm impressed with all that he does. I am not a teams win. Zoom. I can do the teams move.

0:22:27.470 --> 0:22:31.280

Thaddeus Bradley-Lewis

OK. One second. You are relationships between universities and communities should.

0:22:32.270 --> 0:22:35.370

Thaddeus Bradley-Lewis

Because Corey was with Georgetown University. Wow.

0:22:35.530 --> 0:22:37.10

Thaddeus Bradley-Lewis

What are the briefing years? My nose?

0:22:40.10 --> 0:22:46.780

Thaddeus Bradley-Lewis

Alright. And our AMC got the Georgetown University News, which was always excellent.

0:22:48.180 --> 0:22:53.770

Thaddeus Bradley-Lewis

We're working, we're going to work on our I'm hoping by August will launch them similar, more updated version.

0:22:55.200 --> 0:23:10.600

Thaddeus Bradley-Lewis

Well, the communications have been great. When you check that in your site, somehow I booted myself, meeting ohh, I'd back end alright, I'm back in. So now I'm going to attempt to share my screen.

0:23:12.620 --> 0:23:14.120

Thaddeus Bradley-Lewis

Those that way so.

0:23:18.550 --> 0:23:18.840

Barclay, Matthew (EOM)

In this.

0:23:20.370 --> 0:23:22.700

Thaddeus Bradley-Lewis

And they do it this way. See what happens.

0:23:26.340 --> 0:23:32.310

Thaddeus Bradley-Lewis

This is a novel concept for us, so this may or may not work. Oh sure, video. That's what I want.

0:23:36.280 --> 0:23:36.880

Thaddeus Bradley-Lewis

Files.

0:23:38.110 --> 0:23:38.900

Thaddeus Bradley-Lewis

Let's try this.

0:23:40.140 --> 0:23:40.930

Thaddeus Bradley-Lewis

I did this.

0:23:46.30 --> 0:24:1.150

Thaddeus Bradley-Lewis

May not be able to do it if it is that fine or option is you could send me the link I can log in on my computer and like pull up. If you allow me to share a screen. Ohh yeah yeah where you could. Or you could just get into the teams meeting and then I can give you permission to share screen and we can follow the link to the No not.

0:24:1.520 --> 0:24:1.950

Thaddeus Bradley-Lewis

Perfect.

0:24:2.30 --> 0:24:8.750

Thaddeus Bradley-Lewis

Maybe we could see Matthew join. Maybe we can have the. Yeah. And then we'll go to. Yeah, I'm sorry.

0:24:8.870 --> 0:24:21.640

Thaddeus Bradley-Lewis

I suggest that gender, but will no, I agree, really appreciate it. Matthew, since you're here and we have some technical issues to work through, if you have anything you'd like to say tonight, you're welcome to do so.

0:24:23.310 --> 0:24:26.190

Barclay, Matthew (EOM)

Hi, yes, I'd love to. How are y'all doing tonight?

0:24:27.420 --> 0:24:28.10

Thaddeus Bradley-Lewis
Fine.

0:24:28.610 --> 0:24:30.70

Barclay, Matthew (EOM)
Good. Let me pull up my.

0:24:30.440 --> 0:24:31.90

Thaddeus Bradley-Lewis
Tomorrow.

0:24:32.440 --> 0:24:33.30

Barclay, Matthew (EOM)
Say again?

0:24:33.660 --> 0:24:35.450

Thaddeus Bradley-Lewis

0:25:20.800 --> 0:25:21.80

0:28:59.410 --> 0:29:9.380

Barclay, Matthew (EOM)
The there is a summer opportunities for DC event happening this Saturday, March 25th 11 to 2 at Eliot Hine, Eliot Hine Middle School.

0:29:10.30 --> 0:29:16.630

Barclay, Matthew (EOM)
I and the deputy Mayor of education OST office will be there with 40 plus local organizations and DC.

0:29:18.40 --> 0:29:20.910

Barclay, Matthew (EOM)
And you'll be able to talk to them about opportunity, youth, this.

0:29:21.800 --> 0:29:25.910

Barclay, Matthew (EOM)
So that's all for me and I appreciate you guys. Thank you so much also.

0:29:25.980 --> 0:29:26.180

Thaddeus Bradley-Lewis
Well.

0:29:26.990 --> 0:29:30.110

Barclay, Matthew (EOM)
Today I was out with Jeremy.

0:29:33.870 --> 0:29:34.130

Thaddeus Bradley-Lewis
That's.

0:29:46.240 --> 0:29:46.450

Thaddeus Bradley-Lewis
Yeah.

0:29:31.600 --> 0:29:46.670

Barclay, Matthew (EOM)
And his SMD and we were looking at the AU circle, some some pedestrian safety things that can be done

there and followed up on there. And then also with the Foxhall community on Massachusetts Ave. and about how we can.

0:29:47.950 --> 0:30:1.990

Barclay, Matthew (EOM)

You know the reduce some of the conflict with the pedestrian and cars on Massachusetts Ave. so I'll be reaching out to our dot Rep to talk more about that and maybe we'll be doing a walk here this Friday or next Tuesday or so, and I'll let you know.

0:30:2.620 --> 0:30:3.110

Barclay, Matthew (EOM)

But thank you.

0:30:4.830 --> 0:30:6.860

Thaddeus Bradley-Lewis

Well, thank you so much, Matthew. We appreciate it.

0:30:7.980 --> 0:30:8.540

Barclay, Matthew (EOM)

You're welcome.

0:30:8.350 --> 0:30:9.0

Thaddeus Bradley-Lewis

I'm.

0:30:10.280 --> 0:30:12.700

Thaddeus Bradley-Lewis

Going to now.

0:30:13.580 --> 0:30:19.90

Thaddeus Bradley-Lewis

Uh, you are in and I'm not sure if I need to give you information.

0:30:20.520 --> 0:30:23.130

Thaddeus Bradley-Lewis

I do alright make presenter.

0:30:31.50 --> 0:30:39.610

Thaddeus Bradley-Lewis

Yes, yes, this isn't Mr. Cory Peterson. He's a US assistant vice president of community and government operations, and he's here to present a.

0:30:40.490 --> 0:30:48.210

Thaddeus Bradley-Lewis

They use sports building proposed on the tennis courts at the West edge of campus, and I see that you are now up there. So I'm gonna.

0:30:49.440 --> 0:30:49.780

Thaddeus Bradley-Lewis

Uh-huh.

0:30:53.150 --> 0:30:56.810

Thaddeus Bradley-Lewis

That is up there. There we are possible. Thank you. I appreciate everyone being so flexible.

0:30:58.110 --> 0:31:8.300

Thaddeus Bradley-Lewis

Tonight, again, I appreciate all the warm welcome. My name is Corey Peterson from our assistant Vice President for community and different relations. As mentioned before, I have worked in higher Ed.

0:31:9.100 --> 0:31:39.370

Thaddeus Bradley-Lewis

For about 17 years in the last 10 years, I was at Georgetown, sort of their boots on the ground guy for their campus plan and their partnership. And so if you're familiar at all with the neighborhoods around there, which was Tom Coxhall relief and the very different programs that were in place there, that was sort of my bread and butter. And so given the opportunity to advance and move up over to AU and new challenges and new neighbors, I'm happy to take it on. It is a challenging, as I've already found out, I think I'm on week seven. So if you test some knowledge here, I may not have all the knowledge.

0:31:39.470 --> 0:31:56.960

Thaddeus Bradley-Lewis

Like I know enough here that I've been a part of the team that you know as an affected and we're here to brief you, we want to make sure that you all are in the loop on our athletic performance. Excuse me. Any Allen and Amy Meltzer, Center for Athletic Performance and the Sports Center Annex, where Meltzer and SCAN as we're calling them for short.

0:31:57.930 --> 0:32:12.820

Thaddeus Bradley-Lewis

Umm to give some perspective so that didn't change. There we go. All right, it's popped up. This is the back end where we're talking about. This runs along University, Ave. on the backside of campus where vendor Arena is at this was approved in our campus plan.

0:32:14.80 --> 0:32:22.650

Thaddeus Bradley-Lewis

It's gonna occupy sites three and five and sort of see my scrolling above it there and then five. Is this sort of little one here?

0:32:23.530 --> 0:32:24.120

Thaddeus Bradley-Lewis

Uh.

0:32:26.570 --> 0:32:53.880

Thaddeus Bradley-Lewis

The nice thing is, is that in the canvas plan these were approved to be 60 feet tall and much larger. We've actually in the design process, we've lowered these to 51 feet for each building and there are

anywhere from 28 to 29 feet shorter, which also reduces the gross floor area that we're planning to build on it. So there we had a proposed site that was much bigger, been able to reduce it, which also has been able to push it back and offer more to the buffer, more distance to the buffer.

0:32:56.120 --> 0:33:24.160

Thaddeus Bradley-Lewis

The next slide here to load as I joined a U, one of the things I valued with them is they're really turning over a new leaf and trying to be more transparent and what they've done since December in this project is really look at these questions in mind. And if you talk to Commissioner Elkins over in 3D, he will tell you not only have we been these questions, but we're answering them and we're asking the community, are we getting the answer right in how we're approaching the building.

0:33:25.330 --> 0:33:54.0

Thaddeus Bradley-Lewis

We have answered all these questions. There's an FAQ on our web page or on Meltzer, which I'll try to drop in the chat. The link to that so you can find those answers. But we also have a portal. So if you didn't make it to one of our information forums which that the Info forum number one and two, those are all online R information from our Community liaison committee that is online as well. We want to make sure that we're sharing as much information allowing the community to be able to voice their thoughts, give design opinions, which has been really helpful. That's new.

0:33:55.0 --> 0:34:6.570

Thaddeus Bradley-Lewis

Didn't know that Georgetown, we didn't. We always design that secret and then presented so they have folks help us design sort of the what the lighting looks like, how we can mitigate the noise best is actually doing a really great experience so far.

0:34:8.310 --> 0:34:10.0

Thaddeus Bradley-Lewis

Again, looking at the proposed site.

0:34:11.320 --> 0:34:20.250

Thaddeus Bradley-Lewis

This is what the new buildings will look like so you can see Bender Arena there on the right, the Sports Center annex being there. There is a small bridge. I'll see if I can get my.

0:34:20.990 --> 0:34:51.460

Thaddeus Bradley-Lewis

You can see right here where I'm moving that cursor. There is a small bridge that goes over this service Rd. that will connect these two buildings and then you've got the melter center and the health and Wellness Court. So the Sports Center annex is really part of our thriving our student thriving complex. So it's gonna house our counseling center, our student Health Center. So really allowing that space to be freshened up and really serve our students. The Melter Center really expands what was already occurring to vendor arena. So it's a 750.

0:34:51.820 --> 0:35:0.740

Thaddeus Bradley-Lewis

Umm, see sort of arena that will be primarily for wrestling and volleyball. And so if you've ever walked into vendor, it's kind of shocking you get in there and there's just curtain.

0:35:1.960 --> 0:35:31.300

Thaddeus Bradley-Lewis

Do I have basketball here at wrestling here and volleyball there? And so this allows it for who and expand that along with your locker rooms. It will also have new sports medicine offices, which is really great and we hope that this will help us attract some world class athletes as well. There is a health and Wellness court that's on the on the backside there. This is a turf area. It's approximately 18,000 feet to give perspective, a soccer field as approximately 80,000 square feet. So it is about 1/5.

0:35:31.500 --> 0:35:46.940

Thaddeus Bradley-Lewis

Size of a soccer field. So we've had a lot of questions about what we intend to do on the court. This is really a place where they'll be for student athletes to recover from injuries, do some stretching. I think you might see some teams out there that sprints and some exercises. But when you think of a large soccer field.

0:35:48.760 --> 0:35:50.380

Thaddeus Bradley-Lewis

Because to cut up and fits as well.

0:35:51.580 --> 0:36:2.270

Thaddeus Bradley-Lewis

Reports it's worth of a soccer field, so if you can envision that it's not very big, it does retire our tennis courts in our one outdoor basketball court that we're on the backside here that was included in our canvas plan.

0:36:3.970 --> 0:36:33.820

Thaddeus Bradley-Lewis

So let's get this couple of renderings so you can sort of see what this looks like if you were to stand on Reeves Field, which is the field's to hear it, look towards it. You'll notice on the far right, you'll see the logo there on the, that's that's Bender Arena. And then the next building, which I I, I will admit I'm color blind, but I have told that red brick that is the scanned building and then you'll see the little Sky bridge and then it connects to the much larger melter center. And then on the far left, you'll notice it sort of steps down and you'll see slightly the the health on this.

0:36:34.220 --> 0:36:34.710

Thaddeus Bradley-Lewis

I will.

0:36:36.250 --> 0:37:8.200

Thaddeus Bradley-Lewis

You're not here in the next slide. This is a view. If you were standing on the American universities property, looking back into it, you'll see the Health Wellness Court. And then this is the melter center. So one of the nice things that we're doing with the windows here is we've put some auto shades on there also be occupancy sensors because we really want to mitigate any light that happens through here, the

health and Wellness core will not have any lighting, it will, it will have security lighting along the fences, but it won't be lit in terms of being used after hours. So we're intending this to be a sort of a sunrise sunset.

0:37:8.880 --> 0:37:10.890

Thaddeus Bradley-Lewis

Sort of use of it daylight's not there.

0:37:11.630 --> 0:37:12.460

Thaddeus Bradley-Lewis

Not right.

0:37:13.820 --> 0:37:19.970

Thaddeus Bradley-Lewis

We've done a ton of engagement as you can see this star I've started in early February. This started predates me.

0:37:20.990 --> 0:37:53.630

Thaddeus Bradley-Lewis

I've been working through our partnership and this was mentioned earlier. You're representative to our partnership is Commissioner Dau and he's been great. He's been invested in this and we've also done some information for us. We've gone to three 3B and now 3/8 and we've got some our next. We've got our facilities planning working group next week where we're hoping in that group our goal is to get the consensus. So we've been answering lots of questions of working with the group and then we'll take into our steering committee and then eventually file our further processing application with the city.

0:37:56.600 --> 0:38:24.710

Thaddeus Bradley-Lewis

There are. There are some links that I will try to drop one of these links. This top one in there because this is a great place to go to get all of the different things that I've talked about, whether it's been performed, our community is on committee. If you have a question or you wanna see sort of Q&A, the portal is on there. You can also find our newsletter which is got created information. We have a fun night or move full moon tour of our Arboretum on campus. That's happening on April 4th, 3rd or 4th. Now to check that.

0:38:25.460 --> 0:38:26.140

Thaddeus Bradley-Lewis

Very actually.

0:38:27.480 --> 0:38:34.870

Thaddeus Bradley-Lewis

But if you have any questions, you can always e-mail. It's easy to e-mail, just commute relations at American ID and that will get to both myself and my colleague Maria Berry.

0:38:36.40 --> 0:38:57.290

Thaddeus Bradley-Lewis

Great. I'm going to uh, I'll take the links from you and we'll post that on our website. You're whatever too. That's helpful. Yeah, this is well, I think they, I think they are. They should be hyperlinks. Yes. You

should be able to just click on the. Yeah. So that was that first. Do I have any Commissioners have any questions for Mr. Peterson?

0:38:59.60 --> 0:38:59.340

Thaddeus Bradley-Lewis
Hello.

0:39:0.190 --> 0:39:16.950

Thaddeus Bradley-Lewis
Hey, Corey. Yeah, we're a new way and see if you know. So the other agencies are probably more familiar, but could you just in two sentences or so tell us what is the requirement for the commitment of AU to inform A and C's on this type of project?

0:39:17.590 --> 0:39:47.680

Thaddeus Bradley-Lewis
Uh, is there a requirement to include anc's? And when are we asked for comments? That sort of thing. Yeah. So 3D and 3D E are party to this plan. And so there is a there's an absolute obligation that we need to present and report to 3D and 3D3A is not part of the campus plan, however, is an affected A and C and by technicality because it is across the street would be party to it. It's whether or not 3A would choose to be party to it. You could or could not.

0:39:48.490 --> 0:40:7.60

Thaddeus Bradley-Lewis
It's really up to you all. I mean, this this particular project is so far away it may not be something interesting to 3A versus if we were to do something and say our East campus, I think three, I would be very interested in what he was up to and would probably want to take party status in that. But in this case that's really up to the Commission and what you guys want to do. That's a great question though.

0:40:7.780 --> 0:40:12.230

Thaddeus Bradley-Lewis
If I leave this I I for some reason, yeah, you can leave. I didn't. Oh, there we go.

0:40:13.520 --> 0:40:14.10

Thaddeus Bradley-Lewis
Here we go.

0:40:16.920 --> 0:40:20.790

Thaddeus Bradley-Lewis
Do we have any other Commissioner questions? So, Mr. Peterson, please.

0:40:22.950 --> 0:40:24.980

Thaddeus Bradley-Lewis
It's just it's just a done deal.

0:40:26.260 --> 0:40:34.510

Thaddeus Bradley-Lewis
Umm, in terms of the zoning process would be ZA. We have not filed our over the processing application because you.

0:40:35.900 --> 0:40:36.650

Thaddeus Bradley-Lewis
You didn't.

0:40:38.0 --> 0:40:39.420

Thaddeus Bradley-Lewis
When did this require with PTA?

0:40:39.670 --> 0:40:53.940

Thaddeus Bradley-Lewis
What's your plan? Yeah, there. There was approved two years ago. We had to buy put by the zoning Commission. OK. Umm, we had to put an outline. All the different families that we were intending to to build or touch. Yeah. So this was a part of it. So in terms of.

0:40:54.660 --> 0:41:4.770

Thaddeus Bradley-Lewis
Whether or not we wanted to build it or had a desire to build it, that that is passed, but in terms of if you've got feedback for us, we the love that feedback, yeah.

0:41:8.470 --> 0:41:10.500

Thaddeus Bradley-Lewis
I hold new building.

0:41:11.520 --> 0:41:19.530

Thaddeus Bradley-Lewis
Or volleyball and rescue. Is it just for volleyball and that's that's what you said primarily for a whole building?

0:41:22.900 --> 0:41:30.90

Thaddeus Bradley-Lewis
That's that's the melter center. It's also. It's also got locker rooms as well, sports medicine offices. But you also have the Health Center.

0:41:32.360 --> 0:41:36.250

Thaddeus Bradley-Lewis
Which is a whole nother building. Well, it's an outdoor space that's currently no.

0:41:37.720 --> 0:41:39.280

Thaddeus Bradley-Lewis
For every places if we have.

0:41:39.900 --> 0:41:42.540

Thaddeus Bradley-Lewis
With their currently so replace that building in one of the test.

0:41:43.630 --> 0:41:44.160

Thaddeus Bradley-Lewis
That size.

0:41:46.340 --> 0:42:3.610

Thaddeus Bradley-Lewis

Do you? So the tennis courts? Are they being relocated or are they just being retired? They're being retired, so I presume that that would actually be less noise along that side of the property than what is currently the case. Yeah, we've committed to no amplified sound of the health problems.

0:42:6.720 --> 0:42:9.670

Thaddeus Bradley-Lewis

Do we have any other questions? I've already said my piece.

0:42:10.610 --> 0:42:14.710

Thaddeus Bradley-Lewis

Do we have any questions virtually for Mr. Peterson?

0:42:16.390 --> 0:42:20.140

Thaddeus Bradley-Lewis

I have one person who is John raised his hand.

0:42:20.700 --> 0:42:29.710

Thaddeus Bradley-Lewis

Uh, John, are you intending to raise your hand? I saw that it went up and down a number of times. You are not muted. So you you were free to speak.

0:42:31.110 --> 0:42:31.990

John

Can you hear me?

0:42:32.850 --> 0:42:33.420

Thaddeus Bradley-Lewis

Yes.

0:42:33.780 --> 0:42:45.410

John

OK, sometimes I have my mic off on the computer and even though I've turned it on on the teams so you can hear me. I just wanna thank you guys for being a part of the new.

0:42:46.570 --> 0:42:50.160

John

Portion of ANC three, I'm.

0:42:51.40 --> 0:43:15.870

John

In like the lower tiny quadrant, I live South of Cathedral and north of Macomb and in between Wisconsin and let's say 30 9th St. that weird area right above the the embassy. The Russian Embassy and I just wanted to say hello. I am the.

0:43:23.520 --> 0:43:23.750

Thaddeus Bradley-Lewis

But.

0:43:17.100 --> 0:43:36.520

John

Communications manager, BP. Whatever you want to call it. For Stoddard Elementary, you guys tap into the stuttered elementary zone and I'm just happy to know you guys and I was raising the hand just to say it would be helpful if you put name tags in front of yourselves. Just so that.

0:43:37.520 --> 0:43:37.900

John

And you.

0:43:37.110 --> 0:43:42.850

Thaddeus Bradley-Lewis

That's true. Yeah. You need to invest in those. So we have discussed that we have proved the expense.

0:43:42.920 --> 0:43:43.290

Thaddeus Bradley-Lewis

Yeah, yeah.

0:43:41.940 --> 0:43:49.290

John

But I mean, they could be paper, just some new people who might show up five minutes late, know who you guys are. Thank you so much.

0:43:50.110 --> 0:44:15.300

Thaddeus Bradley-Lewis

Absolutely. Thank you so much, John, for the edification of everybody who's attending virtually or even here in the room who isn't familiar. Business Commissioner Hans Miller from single member District 3 at 03, I am Commissioner Thad Bradley Lewis from single Member District 3801. This is Commissioner and Milanov from single Member District 3802.

0:44:15.720 --> 0:44:31.540

Thaddeus Bradley-Lewis

Five. My apologies. Uh, Miss Haveman, Judy happening. Commissioner Hoffman is she is not currently in the room, but she goes earlier. And I presume she'll return. She is from 3A02 and Commission.

0:44:30.970 --> 0:44:33.780

John

That's mine. She she's my person.

0:44:34.540 --> 0:44:36.790

Thaddeus Bradley-Lewis

Yes, yes, I believe she is.

0:44:37.210 --> 0:44:47.460

Thaddeus Bradley-Lewis

UM, and then finally uh Commissioner Jeremy's Delmoral is the Commissioner for 3A04.

0:44:48.370 --> 0:44:49.460

Thaddeus Bradley-Lewis
Thank you very much.

0:44:52.640 --> 0:44:53.10

John
Wait.

0:44:51.320 --> 0:44:54.400

Thaddeus Bradley-Lewis
I'm going to go ahead. Ohh uh.

0:44:53.770 --> 0:44:55.100

John
One last quick thing.

0:44:55.20 --> 0:44:55.260

Thaddeus Bradley-Lewis
Yes.

0:44:55.930 --> 0:45:9.80

John
OK, I've done a lot of this kind of thing for the elementary school and that I'm the communications person for normally we have like 50 people, but we always leave the chat on and I know.

0:45:10.220 --> 0:45:19.440

John
And it never gets that bad. So just consider leaving the chat on so people don't have to keep raising their hands. I look, you have 13 people there. I don't think it'll get bad. Just.

0:45:20.220 --> 0:45:20.890

Thaddeus Bradley-Lewis
Yes.

0:45:20.60 --> 0:45:21.260

John
You could have the chat on.

0:45:22.90 --> 0:45:44.140

Thaddeus Bradley-Lewis
Yeah, we, we, we, I I actually I appreciate that feedback. You know I can go ahead and I think I can enable it right now. I'm not terribly certain something must record I can do. I don't believe we have anything more from Mr. Peterson unless somebody else either in the room or virtually has questions for Mr. Peterson.

0:45:46.310 --> 0:45:48.40

Thaddeus Bradley-Lewis
Alright, thank you so much.

0:45:49.960 --> 0:46:2.120

Thaddeus Bradley-Lewis

Yes, wonderful. And like I said, I'll that our website has the information posted there including means of contact so that we can follow up with you here. Thank you so much.

0:46:3.590 --> 0:46:24.480

Thaddeus Bradley-Lewis

Alright, I'm now gonna go ahead and move on to our next item of business before. So, since we're going to be taking some boats, I'm gonna confirm we do have a forum, even without Commissioner Haveman in the room, we do indeed have a quorum. Yes. Three makes a quorum.

0:46:25.390 --> 0:46:26.880

Thaddeus Bradley-Lewis

With the five Member Commission.

0:46:28.890 --> 0:46:58.460

Thaddeus Bradley-Lewis

All right, is fast. So our next item of business is a resolution regarding school transportation for students with special needs. The DCF office of the State Superintendent of Education, Aussie is responsible for providing transportation for special needs students across the districts. In recent months, Aussie has been the subject. Multiple reports by parents, guardians and others about failures provide timely and safe transportation for students who are signed up to receive these services.

0:46:59.340 --> 0:47:11.110

Thaddeus Bradley-Lewis

We're going to consider a resolution urging priority attention to these problems for students, families and caregivers. I printed out a copy of the resolution.

0:47:12.570 --> 0:47:28.850

Thaddeus Bradley-Lewis

I for thank you very much. I read this in full, but I will read the last piece which I think is most pertinent or I'll read the first paragraph to give everybody an idea.

0:47:28.920 --> 0:47:50.70

Thaddeus Bradley-Lewis

Yeah, operator, right now of how it works. So school transportation is a service on the assigned Individualized Education Program or IEP document agreed to by the school district and parents regarding the student with special needs under the federal individuals with Disabilities Education Act IDE.

0:47:52.90 --> 0:47:56.80

Thaddeus Bradley-Lewis

I touched on the background a little bit, which is that there have been.

0:47:56.780 --> 0:48:17.100

Thaddeus Bradley-Lewis

I serious repeated delays in that service on which many families rely buses arriving hours late, students not being transported home for hours later than they should be. It's very serious issue.

0:48:17.820 --> 0:48:28.500

Thaddeus Bradley-Lewis

We understand some of the challenges that have brought in about, but all the same, the Commission is urging the Council, Mayor and Aussie that they give priority attention to solving this problem.

0:48:30.290 --> 0:48:43.20

Thaddeus Bradley-Lewis

Students have the transportation. The district is required to provide, and that burdens that ineffective school transportation is creating for families, care, guardians, caregivers, school personnel, and young people can be alleviated.

0:48:45.820 --> 0:48:57.30

Thaddeus Bradley-Lewis

I'm going to introduce the resolution so we have a motion to approve the resolution regarding school transportation for students with special needs. Is there a second second?

0:48:58.130 --> 0:49:7.180

Thaddeus Bradley-Lewis

It is moved and seconded that the Commission approves the resolution regarding school transportation for students with special needs. Is there any debate or discussion we'd like to have?

0:49:10.50 --> 0:49:29.570

Thaddeus Bradley-Lewis

Any questions or comments from from the room or or remotely? John, I see that your hand is raised and we're glad to have you here. If you have anything to speak to on this issue, we certainly appreciate it. Or or is that coming from a previous?

0:49:32.490 --> 0:49:37.820

Thaddeus Bradley-Lewis

John, if you'd like to speak, you're welcome to unmute yourself. If not, I'll move to.

0:49:38.710 --> 0:49:40.200

Thaddeus Bradley-Lewis

Mr. Mr. Finlay.

0:49:48.610 --> 0:49:49.130

Finley, Robert (DLCP)

Thank you.

0:49:50.450 --> 0:49:50.860

Finley, Robert (DLCP)

I think.

0:49:44.620 --> 0:49:52.30

Thaddeus Bradley-Lewis

Alright, Mr. Finley, you should be able to unmute yourself. You're also welcome to turn on your video if you'd like.

0:49:52.780 --> 0:50:0.60

Finley, Robert (DLCP)

Thank you, Mr. Chairman. I just want to say the I I'm speaking now on behalf of my professional job, which I will be doing later.

0:50:0.450 --> 0:50:0.630

Thaddeus Bradley-Lewis

Sure.

0:50:0.840 --> 0:50:1.330

Finley, Robert (DLCP)

Alright.

0:50:1.990 --> 0:50:10.550

Finley, Robert (DLCP)

I believe the word 3 Democrats passed the resolution identical or very similar to this, and A and C3C also did as well. Just for the information of Commissioners present.

0:50:12.60 --> 0:50:13.950

Thaddeus Bradley-Lewis

Wonderful. Thank you so much, Mr. Finley.

0:50:27.690 --> 0:50:32.790

Thaddeus Bradley-Lewis

Alright, if we don't have any other questions or comments from the room or remotely.

0:50:33.970 --> 0:50:45.290

Thaddeus Bradley-Lewis

And if there's no further debate, the question is on the adoption of the motion to approve the resolution regarding school transportation for students with special needs. All those in favor say aye, aye.

0:50:46.730 --> 0:50:49.160

Thaddeus Bradley-Lewis

All right. The motion is approved unanimously.

0:50:53.340 --> 0:50:54.440

Thaddeus Bradley-Lewis

The next item.

0:50:56.270 --> 0:51:3.180

Thaddeus Bradley-Lewis

Is a brief presentation that I have prepared regarding the suchiate Eric Institute of Washington.

0:51:7.950 --> 0:51:10.490

Thaddeus Bradley-Lewis

So a little bit of background.

0:51:13.430 --> 0:51:16.460

Thaddeus Bradley-Lewis

The Psychiatric Institute of Washington, or PIW.

0:51:17.100 --> 0:51:25.960

Thaddeus Bradley-Lewis

Is A130 bed facility with inpatient, outpatient, and partial hospitalization programs. It opened nearly 50 years ago and is the only.

0:51:26.740 --> 0:51:39.900

Thaddeus Bradley-Lewis

Three things like theatric care facility in the district, the IW was located at 4228 Wisconsin Ave. NW, which for people who are familiar with the area is on the same block as the Surfside restaurant.

0:51:40.740 --> 0:52:9.150

Thaddeus Bradley-Lewis

The uh Tenleytown Automotive shop is on the other side, the north side of PIW. There's also a new business named Saku Saku, Flickery. It's a Japanese bakery. Prior to redistricting, the block was a part of A and C3A or three, but is now a part of A and C3A. I first heard concerns about pill when I was running to be Commissioner in January, I attended an ANC three meeting where the.

0:52:9.780 --> 0:52:28.720

Thaddeus Bradley-Lewis

Both the director of Business Development and Government Affairs addresses a number of concerns from residents and 3D Commissioners. They included issues like patients being discharged without proper clothing or without the means to get home and ambulances, parking and idling on the sidewalk and the street.

0:52:29.730 --> 0:52:59.560

Thaddeus Bradley-Lewis

I've since worked to make contact with PIW, its neighbors and other stakeholders to learn more about what can be done to both address those concerns and close any gaps and understanding. I've learned a great deal about piwi through my meetings with director Bolton and Alexis Sovik pillows, director of Clinical Services. They both provided information about how pillows, discharge, planning works and some of the challenges that is spaced, which to a degree relate to the issues seen in the neighborhood I've.

0:52:59.660 --> 0:53:15.580

Thaddeus Bradley-Lewis

Established an important baseline with them on these issues and look forward to keeping the lines of communications open. Same goes for other stakeholders, including nearby businesses. The Department of Behavioral Health, MPD, and everyone else who calls this area home.

0:53:16.510 --> 0:53:18.20

Thaddeus Bradley-Lewis

I'm optimistic.

0:53:18.690 --> 0:53:28.960

Thaddeus Bradley-Lewis

Do you want clarification about something I said? I didn't know. The Department of Behavioral Health? Yes. DBH is it's subsidiary under the Department of.

0:53:30.220 --> 0:53:31.820

Thaddeus Bradley-Lewis

I can't remember if that but.

0:53:32.710 --> 0:53:34.620

Thaddeus Bradley-Lewis

Alright, I appreciate it.

0:53:34.930 --> 0:53:46.820

Thaddeus Bradley-Lewis

Uh, so I'm going to keep in contact with stakeholders like the Department of Behavioral Health and everyone else in the area. And I'm optimistic about continuing to work on this because every every person I've spoken to.

0:53:48.360 --> 0:53:54.490

Thaddeus Bradley-Lewis

Do their part balance or communities concerns with appreciated how important the care they deliver is to the entire district?

0:53:55.450 --> 0:53:55.820

Thaddeus Bradley-Lewis

Uh.

0:53:57.280 --> 0:54:20.550

Thaddeus Bradley-Lewis

I kept that brief. Uh, because I wanted to ask for questions to to kind of go into the nitty gritty of where we stand right now and some of the things that I've learned over the last few months. So as I've done before, I'm gonna. I'm gonna. I'm gonna go back and forth between the room and.

0:54:21.670 --> 0:54:30.520

Thaddeus Bradley-Lewis

People attending virtually, if they have any questions, if I don't get many questions, I might go into a little more detail myself.

0:54:30.830 --> 0:54:40.640

Thaddeus Bradley-Lewis

Confidence has any questions first? Uh commissioners, do you have any questions for me about what I've been doing lately? Just briefly, as I understood it when we talked about.

0:54:41.450 --> 0:54:56.750

Thaddeus Bradley-Lewis

Before about it, there are two concerns, some related to transportation and then others related to

people meetings with at the end of their stay. Yeah, OK, yeah. Probably different issues to be addressed by different parts of the city.

0:54:57.850 --> 0:55:17.30

Thaddeus Bradley-Lewis

Yeah. So to to to give a little more detail to the I I addressed where I brought up really three issues that were most prominently raised by members of the Community and and some of the local businesses around there. The first was discharge planning and that pertains to.

0:55:17.820 --> 0:55:33.190

Thaddeus Bradley-Lewis

How people are discharged, whether they have clothing because many patients who come to PIW might arrive in a situation where they don't have adequate clothing or clothing that's appropriate to the season.

0:55:34.880 --> 0:55:35.760

Thaddeus Bradley-Lewis

So.

0:55:36.710 --> 0:55:55.40

Thaddeus Bradley-Lewis

Members of the community have seen people who were at PW coming out with clothing that was either not seasonally appropriate or not generally appropriate, like a hospital gown, something like that. So that's a discharge that's a discharge planning.

0:55:56.420 --> 0:56:0.980

Thaddeus Bradley-Lewis

Issue and then also the the transportation home issue.

0:56:1.740 --> 0:56:10.370

Thaddeus Bradley-Lewis

What really had to do with concerns that patients were being discharged and either they didn't have the means to you?

0:56:12.620 --> 0:56:14.750

Thaddeus Bradley-Lewis

So where they live or?

0:56:15.430 --> 0:56:23.810

Thaddeus Bradley-Lewis

They didn't have a ride set up or a reliable process communicate with either family member.

0:56:24.480 --> 0:56:55.350

Thaddeus Bradley-Lewis

For friends of some patients have case managers who are separately, but on through a program that DH manages and to speak specifically to DH's involvement with the W it has a contract with Kiwi that dictates the terms of service for what are called FDT twelves. These are involuntary admittances. So in layman's terms, if a person is having a mental health crisis and they're considered to be.

0:56:55.670 --> 0:57:7.790

Thaddeus Bradley-Lewis

You know a threat to themselves or others in the community. Then they are involuntarily admitted. Oftentimes when they're brought to PIW, you'll see MPD.

0:57:8.590 --> 0:57:38.520

Thaddeus Bradley-Lewis

There as well. Uh. Because of the circumstances. So those types of advances are dictated by a a contract between the district government through TBHH and Piper. So that's why I'm working with both DBH and Piwi to kind of shore up some of the issues. For instance, I mentioned case managers, so the effectiveness.

0:57:38.620 --> 0:57:41.690

Thaddeus Bradley-Lewis

Of case managers through a program called Core.

0:57:42.640 --> 0:57:45.370

Thaddeus Bradley-Lewis

Was most certainly impacted by the pandemic.

0:57:46.360 --> 0:57:58.120

Thaddeus Bradley-Lewis

Because it was the kind of thing where it you, you know, at a certain point in time, you could more reliably have case managers coming to pick up a patient when they're being discharged.

0:57:58.850 --> 0:58:27.320

Thaddeus Bradley-Lewis

Uh, you know, to take them to where they live or if they don't have housing, you know, handling that process in assisting them in that way. So that's something that I'm looking to work with DBHDD in a now that we are getting to a different point in terms of the impact that COVID has to see what can be done or or if we're already doing everything we can to shore up that part of the process.

0:58:28.300 --> 0:58:46.770

Thaddeus Bradley-Lewis

Or you know if that's a situation where there are other challenges being faced and do you have a sense of the 130 beds, how many of one time or devoted to the? Yeah, twelve, I I have been told and I'm struggling somewhat to recall.

0:58:47.520 --> 0:58:50.410

Thaddeus Bradley-Lewis

I want it I. There's a number that.

0:58:51.610 --> 0:59:23.260

Thaddeus Bradley-Lewis

But it's like a higher per 90% or I I want the number that I'm thinking of is 60. But I mean I maybe mistaken that was something else that might be voluntary admittance, so I certainly wouldn't wanna place too much credibility in that number because I'm sort of grasping at straws there. OK, so that's the that's the discharge planning side to it is those issues. Ohh and and the transportation piece, so there

were members of the community who thought that pill was still giving bus tokens which are not accepted by will model.

0:59:24.440 --> 0:59:46.450

Thaddeus Bradley-Lewis

That's no longer the case, however. In my conversations with PIW, it sounds like they haven't really developed or replacement for that system, so they do provide taxi service. They have their own contractor, but taxi service. But for patients who want to use public transit, I'm hoping to work with PIW and we'll Mata.

0:59:47.70 --> 1:0:1.280

Thaddeus Bradley-Lewis

Uh to see if there's something that we can do. Obviously the point would be moved if we do end up having three bus service later this year. But I mean I yeah, I think I I would be.

1:0:1.420 --> 1:0:25.490

Thaddeus Bradley-Lewis

A. It would be inappropriate for me to rely on that, so I'll be looking to work with them to address that piece. The one last item. And then I'll, I'll take more questions. Is ambulances so a lot of people in the area, especially people who live close there and frequent the businesses there, have seen ambulances parking on the sidewalk, which is not appropriate. Yeah, it it happens all the time.

1:0:25.990 --> 1:0:54.900

Thaddeus Bradley-Lewis

Uh, and when it was addressed at the ANC 3E meeting in January, when I attended, and the answer, which is a legitimate one, is that PIW does not contract with the ambulatory services that bring patients to piwi. So it can ask them, please move your ambulance, things like that. But it doesn't have any authority over them, which I understand it would be difficult to try to get D dot to.

1:0:55.580 --> 1:1:14.70

Thaddeus Bradley-Lewis

This, you know, a a ready made reaction to those instances. So there are two things that I did to address that issue. The first is I'm looking to work with D dot. I'm in communication with DDOT already about establishing dedicated.

1:1:14.930 --> 1:1:38.110

Thaddeus Bradley-Lewis

Side curtain side parking for emergency service vehicles so that would go for both ambulances and MPD because as it stands right now, that's just normal meter parking space. Anybody can park there if everybody is already using that space and MPD and an ambulance show up, then they're either on the sidewalk or they're double parking in the lane.

1:1:38.990 --> 1:2:4.610

Thaddeus Bradley-Lewis

Uh, so I'm I'm working to to try to get the doc to put up some dedicated parking for those services. The other thing that I have investigated is finding contacts for the licensing authorities for the

ambulance service providers. So DDOC receives patients not just from the district but also from the DMV, so.

1:2:5.400 --> 1:2:23.430

Thaddeus Bradley-Lewis

Patients can come from as far as Frederick. They can come from Virginia. I've been told that there have been patients from as far as West Virginia, though I would presume that that's pretty rare. So, but not rare from either Maryland or Virginia. So.

1:2:24.320 --> 1:2:44.110

Thaddeus Bradley-Lewis

I I sorted out who to talk to at fems. That's DC's fire and emergency medical services. There are the the licensing authority in the district. So if we had repeated issues with an ambulance provider, you know they're they're an array.

1:2:45.550 --> 1:3:14.860

Thaddeus Bradley-Lewis

ASMR is one of them. For instance, they all received their licensing from teams in the district, so if we have repeated issues where those companies are doing things that they shouldn't do, then it gets it's up to us to communicate those issues to them so that they can take proper action. The same goes for Maryland. They have, it's called Mims. And they do the same thing for ambulance service providers in Maryland. So if we have a complaint about a certain behavior.

1:3:15.240 --> 1:3:44.610

Thaddeus Bradley-Lewis

That one of those ambulance service providers is is doing then that's who we communicate there and the same goes for the Virginia Department of Health. They have a a subdivision that is is addressing those issues. So I have that information at this point for that piece. It's a matter of when we see it documenting these issues so that we can take them off with the proper authority.

1:3:45.470 --> 1:4:9.950

Thaddeus Bradley-Lewis

Because that's that's really the only way I think if you even begin to change the behavior, because again, POW can ask them, please move, but they they have their own concerns. So Miss sober director. So back from Piwi told me that one of the things that's really troublesome for them is that ambulances will drop a patient off and then they'll sit there until they.

1:4:10.710 --> 1:4:36.370

Thaddeus Bradley-Lewis

Another call. Uh, just taking up that space for however long they choose to take up that space until the next call is received. So it's something that would benefit not just the community, but piwi itself for us to identify which companies are doing things they shouldn't do, and taking that information to the appropriate authority.

1:4:37.850 --> 1:4:55.500

Thaddeus Bradley-Lewis

You know, if they're, if they're having huge staffing problems there, there's a big sign that says if you

nurse walking, you could be interviewed and you know the minute you get here and don't like. Yeah. So staffing was something that I addressed with PIW directly. I think that.

1:4:56.110 --> 1:5:3.970

Thaddeus Bradley-Lewis

Because I I asked about two things I've I've heard from the community that there have been some issues with the speed of.

1:5:5.680 --> 1:5:17.760

Thaddeus Bradley-Lewis

Uh criminal history checks? Uh, which I followed up with MPD on and it is an ongoing sort of backlog that they've been addressing since the pandemic. Hopefully they will.

1:5:19.80 --> 1:5:49.70

Thaddeus Bradley-Lewis

Get to addressing that backlog, though. In instances where I think services are really important and being able to onboard staff or really important, NPD advised me to communicate those those instances so that we can address them, PW director. So VEC told me that the criminal history piece has not really been a hindrance. I suspect that by virtue of their contract with DBA.

1:5:49.180 --> 1:6:19.280

Thaddeus Bradley-Lewis

Which they might already be fast tracked when it comes to processing for new staff. The thing that she did say, though, is a challenge is the licensure, and that's certainly something that's not just particular to piwi know, many social workers have struggled with the the speed of licensure, and it's something that DBH is is certainly working on to try to address, so that that is not.

1:6:19.400 --> 1:6:26.750

Thaddeus Bradley-Lewis

Entrance and then of course, there are just general staffing challenges that I think you know, not just PS.

1:6:27.530 --> 1:6:31.670

Thaddeus Bradley-Lewis

This is experiencing, but lots of other businesses and agencies and what have you.

1:6:33.220 --> 1:6:34.190

Thaddeus Bradley-Lewis

Do I have any? Yes.

1:6:34.710 --> 1:6:37.710

Thaddeus Bradley-Lewis

You had mentioned in your opening remarks that they have.

1:6:38.640 --> 1:6:40.570

Thaddeus Bradley-Lewis

130 yeah.

1:6:41.740 --> 1:6:56.110

Thaddeus Bradley-Lewis

What is the typical called census and has have experienced change in that over the pandemic in one of the instrument pandemic this but any increase in recognition?

1:6:57.590 --> 1:7:0.640

Thaddeus Bradley-Lewis

Yeah. Yeah, so curious.

1:7:1.570 --> 1:7:23.60

Thaddeus Bradley-Lewis

Like what the census is and what it has that I don't have exact numbers I can look to those to get those from director Solvac. I gather from speaking to her that obviously there was a dip that I think was mandated by the pandemic in in their capacity, but that they certainly have they I think they're.

1:7:25.60 --> 1:7:39.950

Thaddeus Bradley-Lewis

More normally operating than they were previously, I if it's higher now than it is before because of a sort of like a a greater cognizance of mental health issues it might characterize in that accurately.

1:7:40.630 --> 1:7:44.360

Thaddeus Bradley-Lewis

I I think that's I I would say that that's the case.

1:7:45.780 --> 1:7:48.180

Thaddeus Bradley-Lewis

Based on the information she provided.

1:7:49.140 --> 1:7:49.620

Thaddeus Bradley-Lewis

Uh.

1:7:50.460 --> 1:8:19.730

Thaddeus Bradley-Lewis

And then I think also it's sort of been part and parcel with you know, some of the broader issues with encampments being closed. I think that's had an impact. She told me that, you know, she doesn't have a Direct Line to Health and Human services or the mayor's office, but, you know, it's kind of an unspoken part of her job at this point to keep an ear to the ground.

1:8:20.390 --> 1:8:28.180

Thaddeus Bradley-Lewis

And those are happening because it certainly contributes to not just maybe a potential influx.

1:8:29.520 --> 1:8:50.110

Thaddeus Bradley-Lewis

She couldn't speak to how, uh, kind of boots on the ground. They are not PIW, but you know, like mental health outreach and and poor case managers who work for DDH. She couldn't speak to how looped in they are, but it's something where.

1:8:51.240 --> 1:9:13.420

Thaddeus Bradley-Lewis

It does pose a challenge because people are moving around. You know, they're they're often dispersed in ways that make it difficult for case managers to kind of keep up with their clients. People get lost. So that's also something in my conversation. My larger conversation with TBH that I wanna have about that piece of it, the core case management program.

1:9:14.540 --> 1:9:31.610

Thaddeus Bradley-Lewis

That I want to address. Uh, because it it not only involves PIW it not an echo. The woods, but it also. It also affects the Brooks, which is a family shelter that's in my single Member District.

1:9:32.520 --> 1:9:37.150

Thaddeus Bradley-Lewis

So that's that's something that I I certainly wanna.

1:9:38.970 --> 1:9:58.190

Thaddeus Bradley-Lewis

Stay in communication with them over that. Do I have any other questions, please? I think you've done a sounds like you've done doing a really thorough job and I think that's great. My question is, is PIW profit for profit or not-for-profit? It is a for profit hospital, Yep.

1:9:58.920 --> 1:10:2.290

Thaddeus Bradley-Lewis

Yeah. So that's what really.

1:10:4.30 --> 1:10:4.440

Thaddeus Bradley-Lewis

Wait.

1:10:5.300 --> 1:10:9.30

Thaddeus Bradley-Lewis

That means for me. Well, I mean the.

1:10:10.30 --> 1:10:11.500

Thaddeus Bradley-Lewis

That implies a lot of things.

1:10:12.290 --> 1:10:12.740

Thaddeus Bradley-Lewis

Certainly.

1:10:14.90 --> 1:10:43.60

Thaddeus Bradley-Lewis

But I'm certainly not going to let that discourage me from from. Yeah, there's not gonna discourage me from from, you know, continuing to work from, like, like I said, the most important thing for one of the most important things for me and reaching out to not just them, but local businesses and residents and other stakeholders is to create a baseline. Because the thing that I think is really challenging for these types of issues.

1:10:43.400 --> 1:11:14.30

Thaddeus Bradley-Lewis

That you can have a bit of a Groundhog Day with, you know, certain challenges where perennially you say ohh, hey, we started seeing people who were wearing T-shirts and shorts and it's 20 degrees outside. And then you talk about it, maybe it goes away for the rest of the season and then next year you have the same conversation because maybe some of the faces changed. You know, it's it's a business, there's no guarantee.

1:11:14.120 --> 1:11:44.990

Thaddeus Bradley-Lewis

That direct, I mean I I don't wanna say this in a way to this merge either of them, but there's no guarantee that director. So back is going to be the director of clinical services next year or five years from now the same way. There's no guarantee that Commander Branch is going to be the commander of the 2nd District 2 years from now or 10 years from now. So I want a well documented baseline to say here are the issues that we identified. Here's what we all plan to do about it. Here's what we offer.

1:11:45.70 --> 1:11:51.950

Thaddeus Bradley-Lewis

To help us this, you know, make it as smooth as possible to implement set measures and.

1:11:52.760 --> 1:12:1.940

Thaddeus Bradley-Lewis

Let's see if they work, and if they don't work, why didn't they work, or why did they work? If they seem to, and let's make sure that we continue to see.

1:12:2.590 --> 1:12:7.530

Thaddeus Bradley-Lewis

That that progress doesn't relapse so.

1:12:7.610 --> 1:12:8.80

Thaddeus Bradley-Lewis

So.

1:12:9.720 --> 1:12:10.450

Thaddeus Bradley-Lewis

I am.

1:12:11.670 --> 1:12:21.550

Thaddeus Bradley-Lewis

In in the near future, I'm going to be communicating with DVD because I had originally spoken with them about this.

1:12:21.980 --> 1:12:45.820

Thaddeus Bradley-Lewis

A little over or about a month and 1/2 and ago and DBH had created an action plan to kind of look into some of the issues that we're having and intended to fall off of me. So now that I've had conversations with the the the personnel API and lots of other people, I'm looking forward to having a very.

1:12:46.960 --> 1:13:17.70

Thaddeus Bradley-Lewis

Uh, fruitful conversation with them about what they found out and what I have found out. Do I have any more questions? I don't see any hands raised in the chat, but if you do have any questions about PIW, please go ahead and raise your hand and I will call on you. There's just gonna say that. Yes, you've done a huge amount of work on this, and it's really a help to the entire community, not just fancy 3A because there had been a lot of concerns.

1:13:17.430 --> 1:13:28.820

Thaddeus Bradley-Lewis

Now one thing you mentioned was MPV. You didn't talk about the sources of patients, but some individuals are brought in by MPD.

1:13:29.950 --> 1:13:39.40

Thaddeus Bradley-Lewis

Uh, you can say more about that, but yeah. Yeah. So that's, uh, something that I'm I'm trying to.

1:13:40.550 --> 1:13:46.760

Thaddeus Bradley-Lewis

Well, I'm trying to create a dialogue which is a little bit new now because we have a a new commander.

1:13:47.420 --> 1:14:4.560

Thaddeus Bradley-Lewis

Uh, I had a conversation. It's it's kind of ironic, I believe you told me I was the first community member he had spoken to since he became commander because I happened to call him. I was given his number to call before he was even announced, because the new commander of the 2nd.

1:14:6.100 --> 1:14:35.660

Thaddeus Bradley-Lewis

So I had the distinct honor of having that first conversation, but yeah, he. And at that time he told me, and I I hope this isn't embarrassing, to admit that he was still working office phone. He didn't even have a computer yet set up. So I certainly want to give him some time to kind of get settled in as our new commander. And then I wanna work with him to address some of the issues from MPDS side of things. There's been, I think.

1:14:35.850 --> 1:14:50.470

Thaddeus Bradley-Lewis

I I had mentioned gaps in understanding and part of that is the appropriate way to communicate incidents when they do occur because there are, there are certain incidents that unfortunately are unavoidable.

1:14:51.180 --> 1:15:2.570

Thaddeus Bradley-Lewis

I think there's a lot that we can do and we should do, and I certainly hope we will do to address the communities concerns, but mental health is a is a thing and.

1:15:3.610 --> 1:15:9.500

Thaddeus Bradley-Lewis

Unfortunately, mental health issues can result in incidents.

1:15:10.610 --> 1:15:11.520

Thaddeus Bradley-Lewis

So.

1:15:13.230 --> 1:15:34.630

Thaddeus Bradley-Lewis

One of the things that I wanna work with Commander Branch on is identifying how to appropriately react to an incident when it occurs. What should we expect of PIW in the moment? Because PIW does want to be notified when incidents occur. They don't want to be kept in the dark, and it certainly doesn't help.

1:15:35.270 --> 1:15:48.40

Thaddeus Bradley-Lewis

Uh APIW patient for things to kind of happen and then be forgotten because these are important to making sure that they get the care that they need to know what has occurred.

1:15:49.80 --> 1:15:53.110

Thaddeus Bradley-Lewis

Umm, so PIW wants to be informed but.

1:15:55.0 --> 1:16:24.340

Thaddeus Bradley-Lewis

MPD, it's important that MPD appropriately document and be aware of incidents when they occur so that NPD can act appropriately, you know, going back to Captain Savoys presentation, one of the things she said was, you know, in reaction to some of the concerns that I had raised, you know, they they stepped up traffic enforcement. And it sounds like it produced a pretty big impact in the community.

1:16:25.570 --> 1:16:51.960

Thaddeus Bradley-Lewis

So if if we all know how to appropriately involve MPD in any kind of incident, you know that obviously goes beyond PIW it's, it's, it's good for us to to all be aware and on the same page of that. So that if MPD needs to strategize in different way, it has the information that it can use to do so.

1:16:53.750 --> 1:16:56.20

Thaddeus Bradley-Lewis

Are there any other questions?

1:16:57.270 --> 1:16:58.420

Thaddeus Bradley-Lewis

If not.

1:16:59.950 --> 1:17:16.200

Thaddeus Bradley-Lewis

I think I spoke to eat up all the extra time we gained earlier, so I am going to move us now to Commissioner updates. Do we have any Commissioner updates?

1:17:20.760 --> 1:17:24.570

Thaddeus Bradley-Lewis

Uh, just uh Council member.

1:17:24.650 --> 1:17:55.880

Thaddeus Bradley-Lewis

Fruman cabbages in the first parking. Again, this is the second visit in his short term. He was there on Sunday, March 12th to meet with the folks that have started the Friends of First part, which is a group that is responsible for raising money to assist the city in maintaining that there are some programming issues, some things that they didn't get included in the hearse. Cool because it opened late right before the summer season last year and they want to make sure that those programs are available this summer.

1:17:56.400 --> 1:18:11.760

Thaddeus Bradley-Lewis

Uh. The only significant issue is the REC Center, which is in an old historic cottage up by the Hearst Elementary. It is in bad need of significant.

1:18:12.890 --> 1:18:30.690

Thaddeus Bradley-Lewis

There's twenty \$250,000 budgeted for it, but it's unclear what that is best used as it has significant after school programming and the boys bathroom is actually outside and around back in an outbuilding from the actual rec center.

1:18:32.70 --> 1:18:36.70

Thaddeus Bradley-Lewis

Of course, parents express concerns with the winter time of having kids go outside to use the bathroom.

1:18:36.550 --> 1:18:48.80

Thaddeus Bradley-Lewis

Umm, this is also frustrating for the residents because all this was brought to PR and e.g. S tension when they were planning to pull that. Maybe there was some more media.

1:18:49.860 --> 1:18:58.210

Thaddeus Bradley-Lewis

We're not a more immediate need to somehow address that, and some of the some of the \$13 million just gone well, but that didn't happen. So anyhow.

1:18:58.580 --> 1:19:0.950

Thaddeus Bradley-Lewis

Uh, if something for the?

1:19:1.300 --> 1:19:31.610

Thaddeus Bradley-Lewis

That's going to have on his radar screen. Like I said, that's the second time they come to see Park in

whatever it is that 2 1/2 months he's been in office. So very precious about. That's all I had. I had a GDPR notice also I contacted Christopher Dyer at GPR to ask if any of our local rec centers were among the group that was going to get extended hours in the next batch on April 10th and it turned out that guy.

1:19:31.700 --> 1:19:34.350

Thaddeus Bradley-Lewis

Jason is one of those. It's on the list.

1:19:35.790 --> 1:19:41.160

Thaddeus Bradley-Lewis

Has been operating from 9 until 1:00 PM. It will be extended to 5:00 PM on Saturdays.

1:19:42.300 --> 1:19:44.650

Thaddeus Bradley-Lewis

There's a lot of code to open it up for longer, but.

1:19:45.910 --> 1:19:51.800

Thaddeus Bradley-Lewis

They didn't do that small extension. They extended hours of Palisades also on Saturdays.

1:19:52.510 --> 1:19:58.180

Thaddeus Bradley-Lewis

But I asked about first and they said no changes were intended for Hurst Rec Center.

1:19:59.130 --> 1:20:7.330

Thaddeus Bradley-Lewis

In fact, it wasn't clear that Chris knew about her strep center, he said. That's a pool, isn't it? So we have some education to do there.

1:20:9.440 --> 1:20:19.780

Thaddeus Bradley-Lewis

And there are also a couple of things related to transportation. Those of you who got printed visitor parking passes in the old days.

1:20:21.370 --> 1:20:37.160

Thaddeus Bradley-Lewis

The last one expired officially December 31, 2020, but it's been extended several times. The last extension expires April 1415 and after that the dog has instituted a substitute.

1:20:37.950 --> 1:20:48.250

Thaddeus Bradley-Lewis

A single print visitor parking pass that you can print out and have with you. You are required to have gone through the computer process, but you don't have to print.

1:20:49.630 --> 1:21:8.950

Thaddeus Bradley-Lewis

On the spot, if you have a visitor arriving, say that day and you don't have access to a computer or printer, you can get one of these and they gave me a sample of it, which is a substitute for this past until they get an option put together for other than printing.

1:21:10.950 --> 1:21:27.910

Thaddeus Bradley-Lewis

Electronic option of some kind or they're working on it. But thanks to Mary Kay, they were alerted to this problem. So many people do not have printers at home or even access to Internet connection. So that is a development. The other thing that they did with park etc.

1:21:28.660 --> 1:21:46.680

Thaddeus Bradley-Lewis

Is that they realized after some of us raised the question, that the system had not converted to the new boundaries for the ANC's, and so people have printed parking passes for their visitors before the end of last year, and they had a different ANC number than is currently.

1:21:47.860 --> 1:21:49.870

Thaddeus Bradley-Lewis

And applying for their address.

1:21:50.610 --> 1:22:3.340

Thaddeus Bradley-Lewis

If that happened to any of you, you should have gotten a notice about it and you can reprint the same pass and start using the new one. And for those who are right on a boundary, you can keep both of them.

1:22:4.860 --> 1:22:6.180

Thaddeus Bradley-Lewis

Which allows you to park.

1:22:7.160 --> 1:22:7.710

Thaddeus Bradley-Lewis

Either.

1:22:8.440 --> 1:22:12.440

Thaddeus Bradley-Lewis

And see when you're on the boundary, because there is no provision.

1:22:14.80 --> 1:22:23.520

Thaddeus Bradley-Lewis

With our PP you can park one block over the line. There is no provision for visitor passes to allow your visitor to park outside your.

1:22:24.390 --> 1:22:29.240

Thaddeus Bradley-Lewis

AC not across the street. If you're on the line, not down that block.

1:22:30.360 --> 1:23:0.480

Thaddeus Bradley-Lewis

Only on your side of the street. That's interesting to me because, uh, one of my uh residents had that question and I asked Christian and he said that anywhere within the ward is fine. And I don't think that's true at all. No, I don't think it's interesting, though, is I don't know how much time the actual folks

writing those tickets are gonna spend figuring out what A and C possible. They have no idea. Yeah, we haven't yet tested this, but I have been told that.

1:23:0.560 --> 1:23:12.610

Thaddeus Bradley-Lewis

Working. We're supposed to have our visitors part in our SND that it's printed and pretty large letters that you can see it just looks the sample or anyone that you printed as some pretty large letters.

1:23:15.210 --> 1:23:33.690

Thaddeus Bradley-Lewis

C3A or B or where do you go? Where do you go? What site do you go to? Print these out? Where do you go? If you Google for Park DC, it's under the D dot website and they have tutorials and they have tried to explain how you work it, but they also have help desk.

1:23:34.790 --> 1:23:37.120

Thaddeus Bradley-Lewis

And if you call they will do it for you.

1:23:39.920 --> 1:23:45.60

Thaddeus Bradley-Lewis

They have been asked to do that multiple times and they have built up that.

1:23:46.420 --> 1:23:48.190

Thaddeus Bradley-Lewis

Service and so you can.

1:23:48.970 --> 1:23:50.460

Thaddeus Bradley-Lewis

Also call for help I guess.

1:23:52.750 --> 1:23:53.580

Thaddeus Bradley-Lewis

Yes, I suppose.

1:23:54.490 --> 1:23:58.940

Thaddeus Bradley-Lewis

The number of anyone needs it is 202-671-2631.

1:24:2.170 --> 1:24:9.40

Thaddeus Bradley-Lewis

Uh, it's going to read that one more time, so yes, 202-6712.

1:24:9.820 --> 1:24:11.0

Thaddeus Bradley-Lewis

631.

1:24:11.790 --> 1:24:28.80

Thaddeus Bradley-Lewis

The other did not. Announcement is that we're almost to April, they are going to come out with a new

batch of Traffic Safety investigations that they will be looking into in the next quarter, April, May and June maybe not yet know.

1:24:28.860 --> 1:24:30.420

Thaddeus Bradley-Lewis
How many or which?

1:24:31.950 --> 1:24:34.130

Thaddeus Bradley-Lewis
Cases will be in our word.

1:24:34.980 --> 1:24:36.650

Thaddeus Bradley-Lewis
Last quarter there were ten.

1:24:38.500 --> 1:24:40.990

Thaddeus Bradley-Lewis
And one in our end see.

1:24:41.780 --> 1:24:51.70

Thaddeus Bradley-Lewis
But we have a backlog though about 55 Traffic Safety investigation requests that they are still hoping to get to.

1:24:51.910 --> 1:24:55.730

Thaddeus Bradley-Lewis
And each word has to have a minimum of 10 and each quarter.

1:24:57.770 --> 1:25:8.930

Thaddeus Bradley-Lewis
We got, but they're trying to focus on priority areas that have very high safety risks, injuries and deaths at the Vision 0 program and.

1:25:10.50 --> 1:25:27.880

Thaddeus Bradley-Lewis
They need to focus on where they'll have more impact, so to speak. And so we're watching, Commissioner, 55 is in Ward 3 or 55, sitting like see, alright. It's A and C we have 3/5. Yeah. Cases waiting in RNC.

1:25:28.160 --> 1:25:30.530

Thaddeus Bradley-Lewis
I can't believe that I've told us.

1:25:31.650 --> 1:26:0.560

Thaddeus Bradley-Lewis
That has the largest number. Yeah, we have the second largest. Yeah. And they did tell me at G dot that if we consolidate them, if we find a way to link some of these multiple requests in the same area, that that might both help them and also elevate the priority. So they're asking us to think about it. And I

asked them today if they could please give us a list so we don't have to look at the map and write down all the information by.

1:26:1.540 --> 1:26:3.690

Thaddeus Bradley-Lewis

Uh, so we're we're working on.

1:26:4.830 --> 1:26:8.590

Thaddeus Bradley-Lewis

They won't announce that next batch until probably after it for one.

1:26:9.560 --> 1:26:23.120

Thaddeus Bradley-Lewis

I just wanted to ask if we have done anything under our idea about working with Georgetown and other areas that share the same bus, bus route up Wisconsin Ave. and where we stand on that. Yeah, so.

1:26:24.250 --> 1:26:54.650

Thaddeus Bradley-Lewis

Not a day and sees at this point have passed resolutions uh dealing with two things. The first was, you know, increasing transportation options to facilitate getting kids to school at MacArthur when it opens this fall. That is the new school located in Foxhall village that is near the Palisades, does not have a lot of transportation options. We passed a resolution in support of.

1:26:54.740 --> 1:27:0.730

Thaddeus Bradley-Lewis

But examining solutions to the challenge that will be posed by that we also.

1:27:0.810 --> 1:27:17.570

Thaddeus Bradley-Lewis

So did so with transportation. And I know that this was also looked at, I believe by 3C or excuse me, 3E and 3B, I believe they they they have also been working on that.

1:27:17.930 --> 1:27:27.600

Thaddeus Bradley-Lewis

Uh Commissioner Milan not had mentioned this, I think last month. Uh, we'll modest cycle for bus line.

1:27:28.200 --> 1:27:58.570

Thaddeus Bradley-Lewis

Uh changes and and funding. We're currently in an off year correct for that. So that is something that we will certainly need to work with Ramada and the Council, I think Councilman Foreman, he's on the Committee on Transportation. So it's certainly something that we're gonna work with his office and with Ramada to pick up in in that year. They also are.

1:27:58.660 --> 1:28:23.540

Thaddeus Bradley-Lewis

You know, they've been working on the better bus initiative and I don't wanna repeat everything that we've said at previous meetings, but it's definitely something that we're gonna continue to work on with those those people. Did you wanna say also that we got a response from VDOT about that resolution on

school transportation? We did. We did get a response from D dot, a Christian Panera, the war three liaison responded to that.

1:28:25.430 --> 1:28:54.660

Thaddeus Bradley-Lewis

And the idea that was going to be working with Amanda and the Council and the Mayor's office to, you know, investigate how it can best address the challenges posed by McArthur and getting kids there in the timely manner, specifically mentioned that when mother had agreed to increase service on 33 root on Wisconsin and the D6 root on MacArthur Blvd. As saying C said all recommend it.

1:28:55.230 --> 1:29:11.930

Thaddeus Bradley-Lewis

So that's an indication of kind of movement you can get when you work together and and C's work together on that. So that's a good sign. They had a particular need and amount of the response. So we're looking for that sign up schedules to come.

1:29:14.900 --> 1:29:34.800

Thaddeus Bradley-Lewis

Sorry, Commission that's related to the school, not any other request or we get this. Well, if you read carefully and C3B that took the lead on this worded all the requests so that they were really about serving the communities along those corridors. I was thinking more schools where they're keep focus.

1:29:35.590 --> 1:30:4.160

Thaddeus Bradley-Lewis

I cannot tell you whether or not a thing right only about the schools, but they did highlight those two inner response that was specifically addressed in school transportation. So right, yeah, they will help. I guess it's all of us, you know, I'm sorry, thinking with the start with this would indicate whether it's school based or not. When the start of the increased services are they saying I'm starting this fall, they didn't speak about a particular start time frame. No, that is a very common time for what?

1:30:4.230 --> 1:30:8.850

Thaddeus Bradley-Lewis

Modern day or choose operating changes right at the beginning of the fall, so.

1:30:9.600 --> 1:30:17.750

Thaddeus Bradley-Lewis

That that could be exactly In Sync with the school and we wouldn't know for sure whether it was related to that. But right, but good to hear him.

1:30:18.680 --> 1:30:21.380

Thaddeus Bradley-Lewis

What is a good response, though fast response just a week?

1:30:22.410 --> 1:30:33.900

Thaddeus Bradley-Lewis

I'm going to move to community announcements. Uh, so if we have anybody in the room or attending virtually to make a community announcement, but you'll have two minutes.

1:30:34.500 --> 1:30:43.150

Thaddeus Bradley-Lewis

Uh, though I'm I'm may. Where are we at? We depending on the number we we may allow additional time.

1:30:43.930 --> 1:30:50.260

Thaddeus Bradley-Lewis

Uh, I would ask for anybody to introduce themselves. If you are in 3A, which single Member District?

1:30:50.980 --> 1:31:0.590

Thaddeus Bradley-Lewis

Uh, it looks like Mr. Finley has raised his hand, so I will go ahead and unmute yourself and turn your video on, and I will spotlight you.

1:31:2.160 --> 1:31:33.0

Finley, Robert (DLCP)

Thank you, Mr. Chair. So my name is Beau Findley and I am the chief enforcement officer at the Department of Licensing and Consumer Protection, which is one of our city's two newest agencies, along with the Department of Buildings. I'm here to talk about the flavored tobacco prohibition. In 2021, the flavored tobacco Prohibition Amendment Act of 2021 was passed by council and went into effect prohibiting the sale flavored tobacco throughout the district. What is flavored tobacco? It is a tobacco product that has a.

1:31:33.90 --> 1:32:7.500

Finley, Robert (DLCP)

Characterizing or distinguishable flavor or characterizing flavor which is a distinguishable distinguishable taste or aroma. So it's menthols, candy, flavored cigarettes, Peach flavored, et cetera. Cigarillos, in addition to the flavored tobacco prohibition, there was also a prohibition on the sale of electronic smoking devices, meaning E cigarettes vapes within 1/4 mile of any district, middle school, or high school. Those are private, public or public charter schools. The district has created a map. We have it on our DLC P website. If you go to docp.dc.gov.

1:32:7.580 --> 1:32:13.930

Finley, Robert (DLCP)

So there's a link on the bottom and there are seven tobacco licensees and A and C3A.

1:32:14.660 --> 1:32:45.970

Finley, Robert (DLCP)

For a Commissioner Delmoral, there are two one at 4326 Wisconsin Ave. There are also within 1/4 mile the middle or high school, so they are not allowed to sell electronic smoking devices. And there's another at 4244 Wisconsin Ave. which is only subject to the flavor Tobacco Band. Commissioner Miller, how's it going there? You have four tobacco licensees, 3414 Wisconsin Ave. and I'm happy to e-mail these all to you or share them. Well, I can't share them in chat, but I'm happy to e-mail these all to you.

1:32:50.320 --> 1:32:50.560

Thaddeus Bradley-Lewis

It's.

1:32:46.850 --> 1:32:54.210

Finley, Robert (DLCP)

3414 Wisconsin Ave. which is allowed to sell electronic smoking devices but cannot sell flavored tobacco.

1:32:55.130 --> 1:33:12.900

Finley, Robert (DLCP)

Hi there is also three more tobacco products licensees in your district that are not allowed to sell electronic smoking devices on top of the flavored tobacco ban. Those are at 3336 Wisconsin Ave. 3703, Macomb St. and going W 3715 Macomb St.

1:33:13.680 --> 1:33:37.500

Finley, Robert (DLCP)

And I, Commissioner, I apologize if I'm mispronouncing your name. Latinos. You have one tobacco products licensee at the apartment complex at 4000 Mass. Ave. They are within 1/4 mile of the middle school or high school. So they're also prohibited from selling electronic smoking devices. And if you find one of these folks breaking the law, you can file a complaint through dcp.dc.gov.

1:33:36.960 --> 1:33:37.590

Thaddeus Bradley-Lewis

Keep talking.

1:33:39.270 --> 1:33:41.760

Finley, Robert (DLCP)

And that's the the extent of my update. Thank you very much.

1:33:42.860 --> 1:33:45.580

Thaddeus Bradley-Lewis

Thank you so much for safely we appreciate that update.

1:33:47.260 --> 1:33:50.380

Thaddeus Bradley-Lewis

Alright. Uh, Matthew, you had more for us.

1:33:51.980 --> 1:33:54.30

Barclay, Matthew (EOM)

Uh, yeah. Well, with regards to that.

1:33:54.100 --> 1:34:20.840

Barclay, Matthew (EOM)

Yeah, DHCP Amir, a former smoker and I, and he's with the DHCP now and then alias bend from the council member Friedman's office on Friday we will be going around and doing a compliance walk with the flavored tobacco and e-cigarette new law that would be Friday at three. And I think we are starting.

1:34:22.410 --> 1:34:28.200

Barclay, Matthew (EOM)

The 711 I think, but I'm not sure that might not be correct, but we are doing it on Friday at three.

1:34:32.420 --> 1:34:34.880

Thaddeus Bradley-Lewis

Yeah, if you could e-mail me, uh, when you?

1:34:35.520 --> 1:34:39.270

Thaddeus Bradley-Lewis

You have that information, we'd be glad to share it with the community.

1:34:40.210 --> 1:34:40.550

Barclay, Matthew (EOM)

OK.

1:34:40.980 --> 1:34:43.470

Thaddeus Bradley-Lewis

For anybody who's interested in participating.

1:34:46.290 --> 1:34:49.200

Thaddeus Bradley-Lewis

Alright. OK, thank you.

1:34:51.890 --> 1:34:58.990

Thaddeus Bradley-Lewis

Let's see. I don't see any other raised hands. Virtually. Do I have any other Community announcements in the room?

1:34:59.970 --> 1:35:0.360

Thaddeus Bradley-Lewis

No.

1:35:1.540 --> 1:35:7.810

Thaddeus Bradley-Lewis

Hearing none, I will now move into open forum again. I would ask uh the.

1:35:8.410 --> 1:35:13.980

Thaddeus Bradley-Lewis

People introduce themselves, say if they're in Riyadh, if they are, what single member districts?

1:35:15.10 --> 1:35:15.600

Thaddeus Bradley-Lewis

I'll.

1:35:18.910 --> 1:35:19.380

Thaddeus Bradley-Lewis

Green.

1:35:20.210 --> 1:35:24.900

Thaddeus Bradley-Lewis

Virtual and in person. I'll start with in person. Does anybody have any comments for open forum?

1:35:26.540 --> 1:35:26.770

Thaddeus Bradley-Lewis

No.

1:35:29.190 --> 1:35:37.540

Thaddeus Bradley-Lewis

In teams, if anybody has any comments or questions for open forum, uh please raise your hand and I will call on you.

1:35:42.40 --> 1:35:49.950

Thaddeus Bradley-Lewis

Seeing none. Uh, we will. Ohh we do have one, John. Your hand is raised. Uh, please unmute yourself.

1:35:52.600 --> 1:35:53.470

John

OK.

1:35:56.260 --> 1:35:57.930

John

For them, the camera too.

1:35:59.120 --> 1:36:10.510

John

Trying to turn OK. I just want to thank you guys for doing this. It's very exciting. The new ANC's, we are in a really cool zone.

1:36:10.140 --> 1:36:10.530

Thaddeus Bradley-Lewis

Maybe.

1:36:12.100 --> 1:36:12.840

John

Can you hear me?

1:36:13.550 --> 1:36:14.800

Thaddeus Bradley-Lewis

Yes, we can.

1:36:14.680 --> 1:36:17.130

John

Yeah, we're in such a cool zone.

1:36:17.870 --> 1:36:24.140

John

Am I going forward? I will try to be there my with my wife and 11 year old son.

1:36:24.700 --> 1:36:25.340

John

Umm.

1:36:26.680 --> 1:36:31.750

John

I I think that whole quarter of Nebraska is is very cool.

1:36:33.50 --> 1:36:40.910

John

My son is does Little League, so he's right in the, you know, Turtle Park area. So we're always hanging out around there.

1:36:41.390 --> 1:36:45.100

John

Umm going forward also, you know, I just think.

1:36:45.840 --> 1:36:47.290

John

This is also new.

1:36:48.980 --> 1:36:50.340

John

You should always.

1:36:51.310 --> 1:37:3.880

John

Just give the benefit of the doubt to people who are not understanding how things have changed in the past couple of months, but you're put name tags out in front of yourselves and.

1:37:5.310 --> 1:37:18.50

John

You know, for the main reason is we don't know which portion of Alien C3A you are representing, and it would great. It would be great if all attendees who were commissioners were at that table.

1:37:19.20 --> 1:37:40.930

John

The last thing I'll say and I will be there next time is it would be great if you have the audience also in the camera. I know this is all new stuff with COVID and stuff like that, but I have no idea how many people are in that room. Next time I'll be in the room, but like I'm looking at my screen, it's 14 people, there could be 40 people in that room.

1:37:41.650 --> 1:37:45.980

John

All I'm saying is, I appreciate you guys so much. This is a great opportunity.

1:37:46.780 --> 1:37:52.270

John

And thank you so much for that is in particular for, like, organizing everything.

1:37:54.180 --> 1:37:59.270

Thaddeus Bradley-Lewis

Well, thank you very much and I do appreciate the feedback we we will invest in name tags.

1:37:59.370 --> 1:38:4.990

Thaddeus Bradley-Lewis

Uh, a little bit inside baseball. Unfortunately, we still do not have any money.

1:38:6.190 --> 1:38:25.730

Thaddeus Bradley-Lewis

We are an agency with no money because we had to set up our bank account to this. This in at this time because we were created for redistricting, the DC Auditor's office is still reviewing our paperwork so that we can receive our initial allotments.

1:38:26.440 --> 1:38:32.430

Thaddeus Bradley-Lewis

Umm, so once we do have money, I will certainly not forget your feedback.

1:38:32.900 --> 1:39:2.910

Thaddeus Bradley-Lewis

Uh, especially the part about name tags. I think that's very important. I would also advise everybody who isn't already aware that we do have a website andc3a.org. There's lots of information there, including maps of each of our single member districts. I could read you off the borders, not sure that would be appealing, nor would it necessarily mean much to most. So I would.

1:39:3.680 --> 1:39:4.460

Thaddeus Bradley-Lewis

You know I.

1:39:7.530 --> 1:39:9.210

Thaddeus Bradley-Lewis

Yes. No.

1:39:1.990 --> 1:39:9.480

John

It's not about the borders, it's about. It's about which human being represents which number. I have no idea.

1:39:10.170 --> 1:39:17.0

Thaddeus Bradley-Lewis

I understand that I understand that. Thank you. And the only thing I would add, John, is that there are eight people in the room in addition to the Commissioners.

1:39:17.760 --> 1:39:35.890

Thaddeus Bradley-Lewis

If you are interested for your edification, yes, there are a people, but we will, like I said, we will most certainly have name tags. Hopefully we will have money soon. So I anticipate that that's an expense that we might not be.

1:39:37.820 --> 1:39:41.180

Thaddeus Bradley-Lewis

Opposed to incurring personally in the interest.

1:39:40.630 --> 1:39:43.960

John

I can print them for you. It's not about like some official.

1:39:44.210 --> 1:39:45.540

Thaddeus Bradley-Lewis

I understand anyway.

1:39:46.820 --> 1:40:0.10

Thaddeus Bradley-Lewis

We'll we'll now move on to those administrative matters because some of them are actually pertinent to this. The the first one, I'm going to move to approve the February 21st meeting minutes. Is there a second?

1:40:2.60 --> 1:40:12.210

Thaddeus Bradley-Lewis

Moved and seconded. The Commission approves the February 21 meeting minutes. Those minutes have been shared electronically and are available for review on the AC 3A website. Are there any corrections?

1:40:13.960 --> 1:40:24.730

Thaddeus Bradley-Lewis

Hearing none, the question is on the adoption of the January 26th or the February 21 meeting minutes. All those in favor say aye. The motion passes unanimously.

1:40:25.930 --> 1:40:50.840

Thaddeus Bradley-Lewis

Next, we have our uh, excuse me, our February financial report. We do not have a standard report to present, but we have established a checking account. We did not need to make any deposits in order to do that. As I said before, our paperwork was submitted to the office of AMC's and the DC auditor's office, including our official vote to participate in the Security Fund, which protects our monies from fraudulent use.

1:40:51.360 --> 1:41:21.490

Thaddeus Bradley-Lewis

Uh, our first alignment is supposed to total \$3400. As I said, we have yet to receive it, but we'll continue to follow up with OA&C and the DC auditor's office until we do have that money into place. The next item of business, we have a motion to approve expenditure for a zoom business account to conduct A and C3 a virtual meetings and to adjust the ANC 3A fiscal year 2023 budget to reflect this change. Do I have a second?

1:41:21.800 --> 1:41:22.260

Thaddeus Bradley-Lewis

2nd.

1:41:23.190 --> 1:41:52.700

Thaddeus Bradley-Lewis

Before I open the floor to debate, I want to provide some background. We have previously approved an expenditure for a zoom Pro account, but later found out that it does not include automatic transcription,

which is service. That's pretty important to us, so that's why we have brought this back. There is a difference. Different price point, \$199 for a year versus \$129 and making that change necessitates adjusting our budget. Is there any debate?

1:41:53.280 --> 1:41:53.450

Thaddeus Bradley-Lewis

No.

1:41:54.690 --> 1:42:12.210

Thaddeus Bradley-Lewis

If there is no debate, the question is on the adoption of the motion to approve expenditure for a zoom business account to conduct A and C3, a virtual meetings and to adjust the ANC 3A fiscal year 2023 budget to reflect the change. All those in favor say aye aye. The motion passes unanimously.

1:42:14.160 --> 1:42:15.530

Thaddeus Bradley-Lewis

Next. Uh.

1:42:16.770 --> 1:42:20.560

Thaddeus Bradley-Lewis

Our next matter is to vote on the location for future and.

1:42:21.400 --> 1:42:22.770

Thaddeus Bradley-Lewis

It is.

1:42:24.310 --> 1:42:54.600

Thaddeus Bradley-Lewis

Yeah, I had hoped to have the information necessary for us to make a vote that would be predicated on a few options before us. The National Presbyterian Church has been very kind and help facilitating us thus far. But in order to make a larger commitment, I did want to have options. It is a sizable portion of our budget, so it's not something that I want to or that I think we all feel we should commit to.

1:42:54.960 --> 1:43:8.590

Thaddeus Bradley-Lewis

Without some due diligence there, someone's Presbyterian take this on for another month. Is that what you're saying? So that's the question before us. Previously we opted to two more months. I.

1:43:9.350 --> 1:43:12.930

Thaddeus Bradley-Lewis

I would say two more months is.

1:43:14.130 --> 1:43:15.700

Thaddeus Bradley-Lewis

Advisable here as well.

1:43:16.920 --> 1:43:20.390

Thaddeus Bradley-Lewis

Do we have any other questions or discussion before?

1:43:20.510 --> 1:43:27.440

Thaddeus Bradley-Lewis

Like create the motion and we've talked to National Presbyterian and they're OK with that. Yes. OK, yes.

1:43:28.80 --> 1:43:52.770

Thaddeus Bradley-Lewis

Great. I think that's a good idea. It would be great if we could have a discussion with the information and then maybe reach out and get more comments from. Yeah, I did too. Once I have talked to some of my constituents in more really aware of where we were meeting or what the other options might be and they are concerned about things like parking and accessibility. So I think that's a good idea.

1:43:53.950 --> 1:44:2.220

Thaddeus Bradley-Lewis

Alright, so I'm going to write this out so that we have it down the motion.

1:44:4.180 --> 1:44:5.50

Thaddeus Bradley-Lewis

Is.

1:44:6.300 --> 1:44:8.170

Thaddeus Bradley-Lewis

To pull.

1:44:10.270 --> 1:44:12.540

Thaddeus Bradley-Lewis

Are April.

1:44:14.0 --> 1:44:14.670

Thaddeus Bradley-Lewis

And.

1:44:15.450 --> 1:44:16.240

Thaddeus Bradley-Lewis

May.

1:44:16.920 --> 1:44:19.250

Thaddeus Bradley-Lewis

Public meetings.

1:44:22.660 --> 1:44:24.810

Thaddeus Bradley-Lewis

At National Presbyterian Church.

1:44:26.830 --> 1:44:33.280

Thaddeus Bradley-Lewis

All of those in favor say aye. Aye, aye. The motion passes unanimously. I would like to thank you.

1:44:33.910 --> 1:44:46.870

Thaddeus Bradley-Lewis

Yes, thank you and wonderful to work with. You have been wonderful and we also appreciate the patience. Obviously this has been one of kind of many challenges, some I've already enumerated about being a new way and C.

1:44:47.430 --> 1:45:6.940

Thaddeus Bradley-Lewis

Uh, you know we my district came from an ANC where they have a a Public Library and see if there be there. There are lots of things that have impacted our ability to move through this the way I would like to move through this. So we do appreciate your consideration and patience.

1:45:8.830 --> 1:45:13.220

Thaddeus Bradley-Lewis

Finally, we have the item that I added.

1:45:15.200 --> 1:45:20.970

Thaddeus Bradley-Lewis

When we amended the agenda at the outset, which was to have a discussion about.

1:45:23.330 --> 1:45:24.980

Thaddeus Bradley-Lewis

Chuck Elkins off.

1:45:26.800 --> 1:45:30.980

Thaddeus Bradley-Lewis

For input or request for input from the smaller and C's.

1:45:32.240 --> 1:45:33.70

Thaddeus Bradley-Lewis

About.

1:45:34.170 --> 1:45:34.750

Thaddeus Bradley-Lewis

Funding.

1:45:35.990 --> 1:45:39.340

Thaddeus Bradley-Lewis

Are you have it printed out? I appreciate that. This. Let's bring it up.

1:45:41.80 --> 1:45:41.340

Thaddeus Bradley-Lewis

Like.

1:45:43.180 --> 1:45:44.490

Thaddeus Bradley-Lewis

Yeah, I'm feeling.

1:45:45.260 --> 1:46:10.20

Thaddeus Bradley-Lewis

Just for background and you might wanna give the background more. Yeah, yeah, Yep. Absolutely. Uh. If

you want. Chuck Elkins is a commissioner in ANC 3D in Wesley Heights, and he has also been the chairman of a group called Actos, which was an ad hoc Commission of ANC members to advise office of agencies on services.

1:46:10.830 --> 1:46:19.780

Thaddeus Bradley-Lewis

And he tried to get a good acronym so he can pick out letters and make it into Actos. Anyway, he's been the leader. I've been a member now for a year and a half.

1:46:20.980 --> 1:46:25.280

Thaddeus Bradley-Lewis

And one of the things that we realized right away last year.

1:46:27.50 --> 1:46:27.500

Thaddeus Bradley-Lewis

I see.

1:46:28.480 --> 1:46:29.320

Thaddeus Bradley-Lewis

Without anything.

1:46:29.960 --> 1:46:33.290

Thaddeus Bradley-Lewis

We didn't know there would be 1 here, but we started planning.

1:46:33.970 --> 1:46:41.330

Thaddeus Bradley-Lewis

And one of the things we realized right away was that administrators support would be important to AC.

1:46:42.210 --> 1:46:43.900

Thaddeus Bradley-Lewis

And some of the MC's are very.

1:46:45.670 --> 1:46:52.780

Thaddeus Bradley-Lewis

The funding is proportional to the population in your Commission area, so if you only have.

1:46:53.610 --> 1:46:55.970

Thaddeus Bradley-Lewis

4000 or 5000 people.

1:46:57.90 --> 1:47:5.400

Thaddeus Bradley-Lewis

You only get a few \$1000 for the whole year for everything that antsy needs to do. There is one ANC in War Two only has two.

1:47:6.100 --> 1:47:15.970

Thaddeus Bradley-Lewis

Commissioners and they get about \$2800 and I really don't know how they function and maybe I don't know because they don't have any way to tell us because they have the money, but.

1:47:17.230 --> 1:47:28.900

Thaddeus Bradley-Lewis

Anyway, we only have 5 where the smallest ANC in the area and we have no reserves. So man sees have 10s of thousands of dollars in the bank accounts that they've accumulated over the years.

1:47:29.850 --> 1:47:57.520

Thaddeus Bradley-Lewis

We have zero uh. And so Chuck was talking about this and he came up with the idea that maybe in order to provide adequate funds for administrative support to each ANC, that there could be a formula that had a base level to start with each ANC would be able to get and then go up from there on a formula proportional to population, a number of Commissioners. The problem with that is if that would require.

1:47:59.20 --> 1:48:13.130

Thaddeus Bradley-Lewis

Adding fonts to the total cost, and if you gave an amount which she estimated it was about 5500 to pay administrative support for every one of the 46A and C, that would be \$250,000 for the year.

1:48:13.800 --> 1:48:21.240

Thaddeus Bradley-Lewis

Which is a big block of money for a very small part of the budget, and this is gonna be a really tight budget here.

1:48:21.930 --> 1:48:24.270

Thaddeus Bradley-Lewis

So he and I talked about this and I said.

1:48:25.710 --> 1:48:32.550

Thaddeus Bradley-Lewis

There are only a few small and's that get less than \$14,000 a year and allotment.

1:48:33.410 --> 1:48:34.200

Thaddeus Bradley-Lewis

Only 9.

1:48:35.90 --> 1:48:37.140

Thaddeus Bradley-Lewis

But have six members or fewer.

1:48:38.80 --> 1:48:52.20

Thaddeus Bradley-Lewis

That's really where the cut off is. If you have that much money and he had he now is an ANC was seven members, he said we can afford administrators support just barely, but we can afford it. But with six, with five, with four, with two.

1:48:52.930 --> 1:49:23.640

Thaddeus Bradley-Lewis

You don't really have very much as that is mentioned, we have to scrape to try to cover everything and so Chuck is testifying before the Council on the ONC budget on Monday, March 27th and he has drafted testimony that would ask the Council to please provide some extra funds, at least for the smaller ancs, if not all of the ANC's, and he estimates it would cost about 50,000 for those smallest ANC 6.

1:49:23.770 --> 1:49:28.960

Thaddeus Bradley-Lewis

Commissioner below, so he wrote to all the small agencies and the new agencies and asked what he.

1:49:29.600 --> 1:49:34.530

Thaddeus Bradley-Lewis

But you're support and he didn't get much feedback except from 3A where.

1:49:35.810 --> 1:49:40.520

Thaddeus Bradley-Lewis

You picked up right away having gone through the budget, this could be really helpful.

1:49:42.260 --> 1:50:5.610

Thaddeus Bradley-Lewis

So that's that's what's up for discussion? Chuck asked for quick response that happened. We were having our meeting today, so perfect timing. We should think for all your work on that, I realized we were small latency because five of us, but I did not realize that there were only two ancs of the 46 in the city that are actually smaller than we are. So yeah, it makes sense to me to some kind of baseline funding.

1:50:6.210 --> 1:50:20.750

Thaddeus Bradley-Lewis

Uh, I think that's easier to do just based on number of Commissioners in the ANC that we just created rather than trying to figure out which commissions which the city knows which commissions have 10s of thousands of dollars of carryover funds.

1:50:21.420 --> 1:50:24.180

Thaddeus Bradley-Lewis

That that gets all kinds of devices.

1:50:25.600 --> 1:50:25.910

Thaddeus Bradley-Lewis

Comma.

1:50:27.460 --> 1:50:28.230

Thaddeus Bradley-Lewis

Touching area.

1:50:29.780 --> 1:50:32.160

Thaddeus Bradley-Lewis

Come on, please.

1:50:33.770 --> 1:50:34.450

Thaddeus Bradley-Lewis
Question.

1:50:35.660 --> 1:50:51.20

Thaddeus Bradley-Lewis
The same. She's gonna have a lot of people coming into it without in place and seeing which are fully that changed the funding or you're stuck based on the 2020 census. Thanks for 10 years. Yeah, that's another good issue.

1:50:53.160 --> 1:50:58.300

Thaddeus Bradley-Lewis
Turn like that, he says District single Member, District level of population in the next few years.

1:50:59.230 --> 1:51:1.20

Thaddeus Bradley-Lewis
And there's nothing that can be done.

1:51:2.80 --> 1:51:3.730

Thaddeus Bradley-Lewis
That's the way the law reads anyway.

1:51:5.350 --> 1:51:7.200

Thaddeus Bradley-Lewis
So is the suggestion.

1:51:7.970 --> 1:51:11.540

Thaddeus Bradley-Lewis
We've resolution or just a letter of support or what would be helpful Commission.

1:51:12.470 --> 1:51:19.0

Thaddeus Bradley-Lewis
Well, I feel as though when we're speaking officially, we have to have a vote. And I think that it would help Chuck Elkins to know.

1:51:19.780 --> 1:51:31.810

Thaddeus Bradley-Lewis
That we voted to support that position and one of the options is that we vote on something sorry written and the other option is to vote on the position and ask someone to write it.

1:51:33.190 --> 1:51:35.20

Thaddeus Bradley-Lewis
So we have two options.

1:51:35.930 --> 1:51:36.830

Thaddeus Bradley-Lewis
I think at this time.

1:51:38.220 --> 1:51:41.920

Thaddeus Bradley-Lewis

Would be most appropriate to vote to authorize.

1:51:42.650 --> 1:51:48.560

Thaddeus Bradley-Lewis

Someone to take the position and convey it to Commissioner Elkins. Because I I I.

1:51:49.850 --> 1:52:0.660

Thaddeus Bradley-Lewis

Obviously there is a time limit. You know if if this was something that was a month and 1/2 of away, I think we could, you know, draft resolution and vote on it at the next meeting, but absent that.

1:52:1.360 --> 1:52:2.850

Thaddeus Bradley-Lewis

I think it would be appropriate.

1:52:3.550 --> 1:52:4.240

Thaddeus Bradley-Lewis

To.

1:52:4.910 --> 1:52:9.770

Thaddeus Bradley-Lewis

If you're comfortable with it, designate you to respond to Commissioner Elkins.

1:52:10.410 --> 1:52:20.910

Thaddeus Bradley-Lewis

He's testing right now, is that he's testifying on on Monday, next Monday, and then the hearing record closes the following Friday. So as Thalia said it, it's a tight.

1:52:21.890 --> 1:52:39.230

Thaddeus Bradley-Lewis

Timetable. But there's at the time they're discussing the ONC budget for the coming year, and this is the only window to tell that Council committee and Council member Robert White that there's this need. So that's why Chuck was test by looking for support and, Commissioner, the proposed testimony is given does that.

1:52:40.580 --> 1:52:45.670

Thaddeus Bradley-Lewis

Is that not what we want to use as our position? Because there he discusses two options or?

1:52:46.890 --> 1:52:47.790

Thaddeus Bradley-Lewis

Or well.

1:52:48.550 --> 1:52:50.750

Thaddeus Bradley-Lewis

How would you? Yeah. How would? How would you advise me?

1:52:51.650 --> 1:53:5.310

Thaddeus Bradley-Lewis

He the Chuck's testimony will fill out the full of three minute time theory and maybe more. He talks about several of those staffing changes that don't even seeing some other issues, which I don't want to get into myself at this point.

1:53:6.210 --> 1:53:19.330

Thaddeus Bradley-Lewis

He's got a couple of sentences there and the paragraph, so I think that's what we should focus on. And he's got three options there. We're only talking about the one, so we could pick out well sent.

1:53:21.540 --> 1:53:37.960

Thaddeus Bradley-Lewis

What we like? Yeah. And just just for clarity, it is a resolution of reporting on or designation be resolution. Are we suggesting baseline funding just for the smalls and not for everyone? Correct. Correct. OK, that's great. So we come full if you're willing to take that on.

1:53:38.980 --> 1:53:51.70

Thaddeus Bradley-Lewis

So there's really just one sentence there. Or perhaps we could take the part about the post. I'm not sure if this has that sentence about the power. Can you circulate it? Oh, here we are.

1:54:3.960 --> 1:54:6.220

Thaddeus Bradley-Lewis

That's not really the part that I was looking for.

1:54:9.20 --> 1:54:16.850

Thaddeus Bradley-Lewis

This is the last tensilon first pledged because the cost of approximately 50,000, only those AMC 7 that's on that part.

1:54:19.210 --> 1:54:24.140

Thaddeus Bradley-Lewis

Alright, so the the resolution or the motion would be to approve.

1:54:25.830 --> 1:54:29.680

Thaddeus Bradley-Lewis

Create taking the position or supporting the position.

1:54:31.330 --> 1:54:34.600

Thaddeus Bradley-Lewis

That a baseline of funds.

1:54:35.540 --> 1:54:37.80

Thaddeus Bradley-Lewis

The base amount to be provided.

1:54:38.220 --> 1:54:40.0

Thaddeus Bradley-Lewis
Just smaller A and C's.

1:54:41.220 --> 1:54:45.480

Thaddeus Bradley-Lewis
IE ANC is under the size of seven members. Is that correct? Yes.

1:54:48.710 --> 1:55:10.30

Thaddeus Bradley-Lewis
This is the proper way to do it. I think he probably will talk about the role of the DNC office, but I'm wondering are there not things that we can share? You know, who we each have to have to set up entirely a different, you know, web Web site. Do we need to have, you know, all of these separate things? I mean, we don't want to.

1:55:10.790 --> 1:55:27.620

Thaddeus Bradley-Lewis
There are. There are certainly some things I Director Bayes, uh director Ken base from uh OMC and had spoken recently to the issue of websites and and creating a centralized option. It's something that they're examining.

1:55:28.140 --> 1:55:48.990

Thaddeus Bradley-Lewis
Umm, there are employment laws to be navigated when it comes to administrative support, so it is not something where I believe we could legally pool resources with other ANC's. It would probably take it would probably take you know legislation. But it seems like you know we we should be really careful with people's money.

1:55:49.910 --> 1:55:52.50

Thaddeus Bradley-Lewis
Yes, I agree.

1:55:52.900 --> 1:56:14.30

Thaddeus Bradley-Lewis
That we should be careful with people's money and I think it is appropriate when it all possible and when most conducive to pool resources in a way that's legal. Obviously I do think that in saying that though, there is a need for A and C's to have a baseline that allows them to operate in a way.

1:56:14.950 --> 1:56:29.720

Thaddeus Bradley-Lewis
Service other agencies in the city or with no, I agree with that completely. I'm just saying, is aren't there ways that we can work together where we can share some of these expenses that we all have at the beginning, no matter how big or how small we are not under.

1:56:30.510 --> 1:56:31.110

Thaddeus Bradley-Lewis
Correct.

1:56:33.190 --> 1:56:34.580

Thaddeus Bradley-Lewis
It doesn't allow pooling.

1:56:35.180 --> 1:56:50.580

Thaddeus Bradley-Lewis
That's fine. So we have to use our own funds for our own houses, right? Even if we applied the same administrative person, we each have to have our own contract and time records and pay.

1:56:51.840 --> 1:57:10.470

Thaddeus Bradley-Lewis
Yeah. So I mean that is the current lot, but we can ask that the law he's testifying, we can ask that the law he he, you know, made more modern and more realistic this year. But probably for this year and this week it would probably be the most practical to focus on this on the bus. Right. That's fine. Yeah.

1:57:13.110 --> 1:57:22.950

Thaddeus Bradley-Lewis
You know, you mentioned the Council member. Why? I would just suggest also ping-pong our new Council men bathroom because he's a former ANC commissioner, absolutely.

1:57:25.590 --> 1:57:41.20

Thaddeus Bradley-Lewis
He knows the pain. Yes. Usually. If you've watched the hearings the way it works is that the committee comes up with the recommendation where their portion of the mayor's budget and they have a small amount of wiggle room to reallocate money.

1:57:41.730 --> 1:57:53.510

Thaddeus Bradley-Lewis
And the chairman has the final word on that and then they pass it on to the rest of the Council and there isn't that much latitude for making changes after that. But it's great to have support.

1:57:54.160 --> 1:58:7.180

Thaddeus Bradley-Lewis
From the other council members, so that's a great point. I'm begging for him to give me a call and say ohh Robert, you know, here's the problem that my people are having. Absolutely. Can you include that in your proposals?

1:58:9.210 --> 1:58:21.100

Thaddeus Bradley-Lewis
Thank you. So we had the language. Yes, so based on certain base amount should be provided to smaller and CIENC's with fewer than seven members with fewer than 7 members.

1:58:28.890 --> 1:58:32.450

Thaddeus Bradley-Lewis
I don't know if we want any flavor text in there. Is that is that?

1:58:34.830 --> 1:58:53.720

Thaddeus Bradley-Lewis

So again, yeah, so the so emotion emotion for A and C3A to support the position that a base amount be provided smaller and's ancs with fewer than seven members to supplement the allotments that they already receive.

1:58:58.960 --> 1:59:11.640

Thaddeus Bradley-Lewis

This final point is about not taking it from any other a lot. Do we want to include that in our resolution or we don't? Well, I would hope that the so I said to supplement the existing elements, yeah.

1:59:11.800 --> 1:59:12.60

Thaddeus Bradley-Lewis

Right.

1:59:13.130 --> 1:59:13.640

Thaddeus Bradley-Lewis

That's one.

1:59:13.720 --> 1:59:15.370

Thaddeus Bradley-Lewis

Plus, yeah.

1:59:16.340 --> 1:59:20.990

Thaddeus Bradley-Lewis

Do we have any other amendments to the language? I'm gonna read it again so.

1:59:22.830 --> 1:59:23.980

Thaddeus Bradley-Lewis

OK, should be worried.

1:59:26.120 --> 1:59:29.340

Thaddeus Bradley-Lewis

So the motion before us, I'm gonna. I'm gonna move.

1:59:30.100 --> 1:59:30.670

Thaddeus Bradley-Lewis

Uh.

1:59:32.300 --> 1:59:49.790

Thaddeus Bradley-Lewis

The motion is to uh have A and C3A support. The position that a base amount be provided. Smaller agencies idea ancs with fewer than seven members to supplement the existing allotments that are received. Do I have a second second? Yeah.

1:59:50.680 --> 1:59:53.570

Thaddeus Bradley-Lewis

The motion has been moved and seconded.

1:59:55.490 --> 1:59:58.990

Thaddeus Bradley-Lewis

Are there any other? Any other discussion or debates on the motion?

2:0:0.270 --> 2:0:0.840

Thaddeus Bradley-Lewis

Alright.

2:0:1.960 --> 2:0:17.840

Thaddeus Bradley-Lewis

If there's no further debate, the question is on the adoption of the motion for A and C to support that a base amount be provided tomorrow, and CIA and C so pure that staff members to supplement the elements that they already receive. All those in favor say aye aye.

2:0:18.970 --> 2:0:21.880

Thaddeus Bradley-Lewis

Motion passes unanimously. I agree. Wonderful.

2:0:23.780 --> 2:0:28.830

Thaddeus Bradley-Lewis

That is the final item on our agenda this evening.

2:0:30.0 --> 2:0:55.10

Thaddeus Bradley-Lewis

Our next meeting is scheduled to occur on Tuesday, April 18th at 7:00 PM here at National Presbyterian Church and on Microsoft Teams. I'm going to move that we adjourn. Is there a second second? The motion is moved and seconded. All those in favor say aye. Aye. Motion passes unanimously. The meeting is adjourned. Thank you, everyone.

2:0:58.170 --> 2:0:58.860

Thaddeus Bradley-Lewis

Shell.

2:0:58.940 --> 2:0:59.460

Thaddeus Bradley-Lewis

In particular.

2:0:59.540 --> 2:0:59.800

Thaddeus Bradley-Lewis

Thank you.

2:1:1.680 --> 2:1:2.140

Thaddeus Bradley-Lewis

3rd.
