Article III: Membership and Their Election

Section 1. Eligibility and Classes of Members

Any firm, corporation, or clearly definable operating unit thereof, in the United States, which, in the judgment of a majority of the Board of Directors is substantially engaged in the supplying of complete machines, or parts for or machinery accessory to machines, used in the textile establishments for, but not limited to, actual manufacture or processing of fiber, filament, yarn, or fabric is eligible for membership.

For the purposes of this section "substantially engaged in supplying" shall mean:

- 1. The member is substantially engaged in manufacture in the United States of the above products; or
- 2. The member has a substantial facility in the United States with product inventory, from which facility the member performs sales, distribution and service functions.

For purposes of this section "substantial facility" means no less than 1,500 square feet of permanent non-residential property dedicated to business conduct, year-round.

For the purpose of this section, "manufacture in the United States" includes assembly in the United States of components manufactured by others so long as engineering, product design, or software are created and controlled by the member company ownership.

For the purposes of this section "substantially engaged in" shall mean:

- 1. At least 25 percent of applicant's total annual sales from the U.S. facility are derived from the activities described above; or
- 2. At least \$500,000 of applicant's total annual sales are derived from the activities described above.

Not qualified are agencies and used machinery concerns.

2020 DUES SCHEDULE Dues are based on sales for the previous calendar year.
