

# SWAGER PEDIGREE PACKAGE

AQHA 8 Generation Pedigree with Race and Show Summary Report, Extended Pedigree, Linebreeding List, 4 Generation Dam's Produce Reports & Sire Reports

In the age of specialization and specialized sires the industry desperately needs an outcross. Swager is the perfect choice with common denominators for every discipline within the stock horse and pony breeds. It takes a past to create the present and a future. Within this package there are multiple reports revealing the horses in Swager's past that gives him such a powerful potential for your outcrossing needs.

## **AQHA 8 Generation Pedigree with Race and Show Summary Report**

An official report from the American Quarter Horse Association's database. This report compiles Swager's 4 generation report, followed by each horse in the 5th generation, with their own 4 generation report. These reports include race and show summaries. For easy reference I highlighted these reports; race in green, halter in purple and performance in yellow. This will allow those who are not familiar with the horses in his pedigree to see what they did, and the potential of the line. The rich diversity of race, halter and performance horses in Swager's bloodlines provides him with versatility, speed and conformation wrapped into pretty roan package.

Speaking of roan, notice the roan horses in his pedigree. With just the roans listed on this AQHA report; there are 6 Race ROMs earning \$39,035; halter point earners with 425 halter points earned with 4 Halter ROMS, 2 Superior Halter earners, 101 performance points earned with 4 Performance ROMS and 3 AQHA Champions. Mind you that is ONLY the ROAN horses in the pedigree! There are many more race and show performers on the report. For your researching ease, I underlined the roan colors on the report.

## **Extended Pedigree and Linebreeding List**

The next report is an extended pedigree and linebreeding list that I ordered from Susan Larkin of [quarterhorserecords.com](http://quarterhorserecords.com) prior to my decision of purchasing him. As mentioned previously you need a past to create the present and a future. A pedigree is much deeper than what is listed on the registration papers. I studied the records on the AQHA database, read articles written on horses within Swager's pedigree, and these two reports extensively. Of course no pedigree is a guarantee, but I liked what I saw and took the chance on a long yearling. He has proven to live up to his lineage and I never regretted the purchase - times two, but that is another story.

## **4 Generation Dam's Produce Reports and Sire Reports**

I later added the 4 Generation Dam's Produce Reports and Sire Reports generated from Robin Glenn Pedigrees database found at [robinglenn.com](http://robinglenn.com). These reports include multiple associations' performance that will allow you to see what was sired and produced. You will see the past capabilities and envision the possibilities of Swager's lines. This is a living document and as time and finances permits other reports will be added.

In closing, I hope you see the importance to the past horses in a pedigree to show the capabilities of the lineage. Today less than 2% horses are ever shown, with popular sires and daughters of those sires saturating today's pedigrees. The art of breeding has come down to breeding solely on popular lines, this goes true for even foundation bred horses. Our industry needs an outcross and Swager is a great choice for multiple disciplines and even for the popular roan foundation line of Blue Valentine. I put a lot of time and expense to put this report together, enjoy. All the reports in part or full are copyrighted.

Natalie Nelson-Lang  
Owner & Stallion Manager of Swager
