

# Fractal SupraNova

Chapter 0  
NacaOMe

# The Origen Organics

The Origen is the cosmos and the cosmos is the CoCooN of all the existence. The children of the cosmos are SupraNovas made of ashes and water from creation by vibrations in resonances coming from the totality of the silent, and the chaotic noise began to coexist for eternithy to co manifest life and armony in every single fractal coming from the Origen Organic of the Spirit. We are ONENESS of the OMNIVERSE.

# Music feeds LIFE!

From sound, the music from the stars, armonizes chaos and feeds the fractal of the creation. Silent is the ultimate sophistication from the toroidal field of the Omniverse, like a sacred vessel receptive with high frequencies of love and then the Universe was made just like implosion of birth child to the existence of the eternal present by abstract forms and shapes as DNA codes of organic and chaotic species & avatars building the Nanoverse inside Multiverse inside the Universe inside the Omniverse. Just like jam session orchestra building the rhythms of LIFE every single inhalation and exhalation in the cosmos as unique beating heart! We are ONE HEART & ONE LOVE as Unity of Co Manifestation!

# ART is LIFE!

# Imagination is the Fountain of Life!

From the Divine mind to the Human mind to the Artificial mind; all co exist in our Nature Mind inside the sacred uterus, womb of Co Creations!

The Omniverse is the sphere as universal lab for the multiverse of LIFE inside an egg called Spaceship Mother Nature!

# The NacaOMe and the Re Union of Clans

Once upon a time, the children of the cosmos, united with the children of the womb of Mother Nature to share and exchange ways of configuring life through uses and customs from their own visions to design together a cosmovision to build archetype harmonizations all together as Avatar SupraNovas, serving the Omniverse Infinite Creativity by Innovating in Tangibles and Intangibles atmospheres, based in the wisdom of each council of elders as Alchemist DreamStars.

# The Fractal Innovation

The children of the cosmos celebrated day after day their omniversal agreements to design and build ways of existence in a joyful innovative playground as golden era represented in Cities of Light like The Caribbean Valley to share their family tree heritage in the eternal present for the children of their children of all species for the ascension of cooperative and collective consciousness.
