

SAMPLE Council Nominee Interview Questions

To our council nominees:

These questions are just a sample of the types of questions you might be asked during your nomination interview. Our interviews tend to be fairly relaxed conversations between the council and the nominee as a way for the council members to understand better how you might fit within the council. In addition, we want to answer your questions regarding the council.

1. What are your prior board experiences? What were your role (s)?
2. What specifically are your leadership strengths?
3. What availability do you have to give to our board?
4. How do you see yourself in our faith community?
5. Tell us, something special about you?
6. What are some of the core beliefs and values you embrace?
7. Who would you like us to contact to recommend you for taking on this board appointment?
8. Why are you seeking out a nomination to our board?
9. Name one or two weakness about yourself.
10. How do you see the CSH growing into the future.
