

## CHROME GRAVITY FEED GAS TANK KIT FOR 3 & 4 WHEELERS

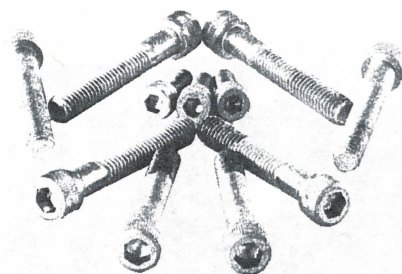

The tank can be used for an extra gas tank or a gravity feed tank for the big bore carburetor or any bike type carburetor. The brackets are made of aluminum and a anti-twist bracket, gas line, peacock and hose clamps are included. Capacity 3 quart.

Part No. AB-114 (4-5 HP Briggs)  
 Part No. AT-112-4 (4 HP Tecumseh)  
 Part No. AT-112-7 (5-6-7 Tecumseh)

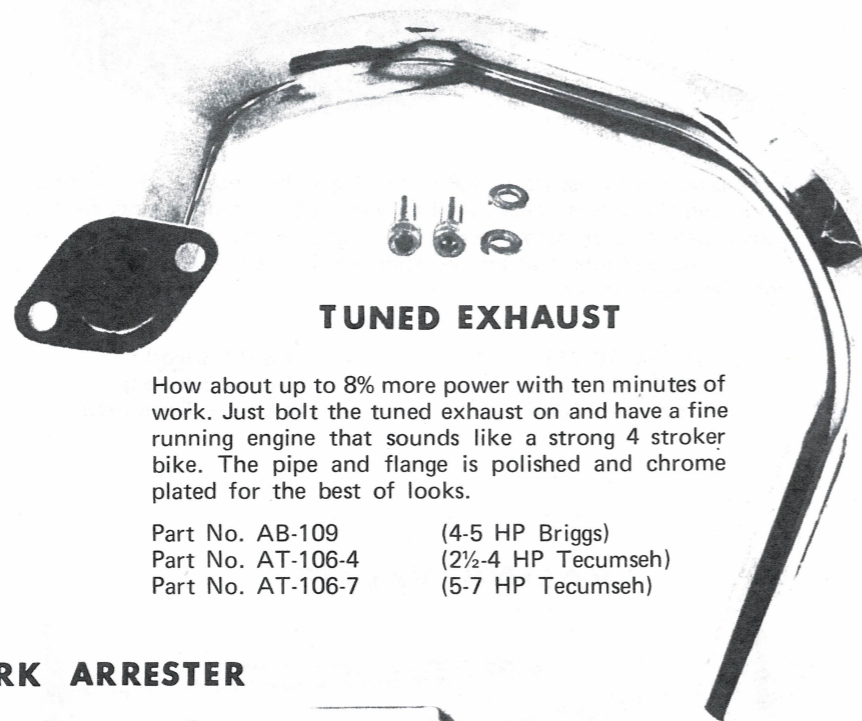

## HIGH STRENGTH HEAD AND SIDE COVER BOLTS KIT

NEW ALLEN HEAD BOLTS THAT ARE CAD PLATED.

Part No. AB-113 (4-5 HP Briggs)  
 Part No. AT-111-4 (3-4 HP Tecumseh)  
 Part No. AT-111-7 (5-6-7 HP Tecumseh)

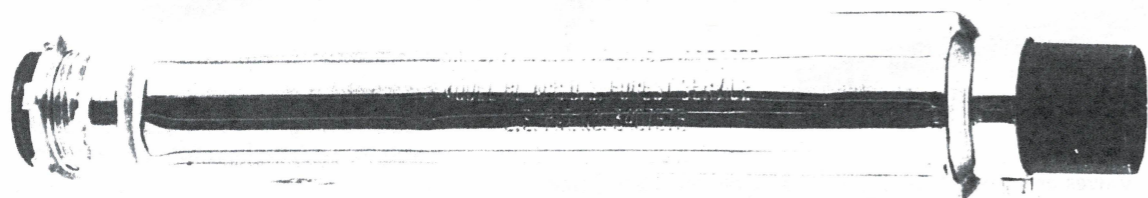

## TUNED EXHAUST

How about up to 8% more power with ten minutes of work. Just bolt the tuned exhaust on and have a fine running engine that sounds like a strong 4 stroker bike. The pipe and flange is polished and chrome plated for the best of looks.

Part No. AB-109 (4-5 HP Briggs)  
 Part No. AT-106-4 (2½-4 HP Tecumseh)  
 Part No. AT-106-7 (5-7 HP Tecumseh)

## SPARK ARRESTER

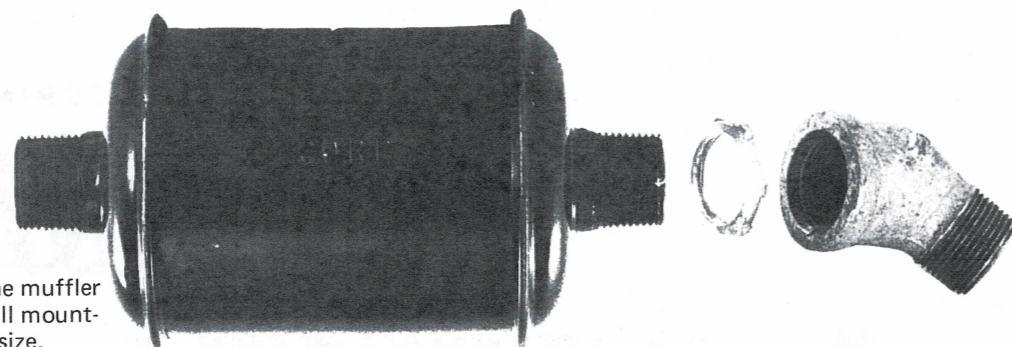

If you are going to ride in areas where there is a fire hazard you need the free flow spark arrester that does not get loaded up with carbon. It is U.S. Forestry approved and chrome plated.

Part No. AB-110 (Briggs)  
 Part No. AT-107 (Tecumseh)

## MANIFOLD AND BIG BORE CARBURATOR KIT

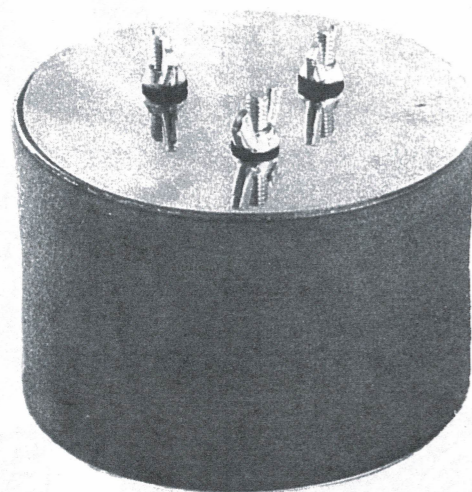

Part No. AB-115 (4-5 HP Briggs)  
 Part No. AT-113-4 (4 HP Tecumseh)  
 Part No. AT-113-7 (5-6-7 Tecumseh)

If you want power, this is the best start. The carburetor has a 3/8" bore and an adjustable idling and main jet. The manifold is heliarc welded and cad plated. Plus it comes with linkage. You don't have to buy a special throttle cable.

## HEAVY DUTY AIR CLEANER

### HEAVY DUTY AIR CLEANER KIT FOR BIG BORE CARBURETOR.

This uses the same air cleaner element that is used in the AB-107. It bolts right to the carburetor in minutes.

Part No. AB-116

### HEAVY DUTY AIR CLEANER KIT FOR 3 to 7 HP TECUMSEH.

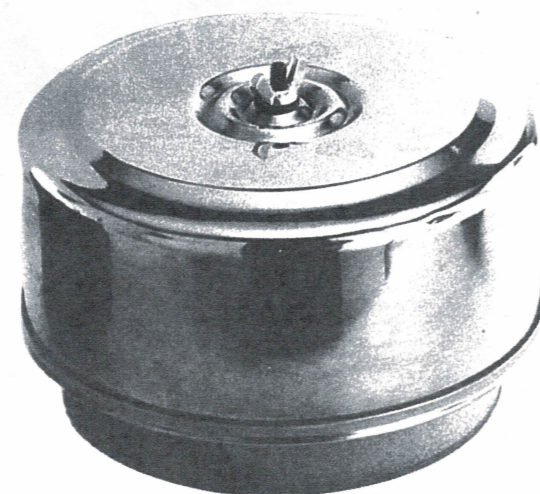

This Air Cleaner is washable (not a throw away like the stock one). It can be cleaned in about 15 minutes and will last for years. The filter element is the same as the AB-107.

Part No. AT-104

### HEAVY DUTY AIR CLEANER KIT FOR WALBRO AND TILLITSON CARBURETORS WITH A 2" MOUNTING BOLT CIRCLE.

This fine Air Cleaner has the same element as the AB-107. It has been known to give a 101-A McCulloch racing engine more than twice the ring life than a sock type air cleaner.

Part No. WT-101

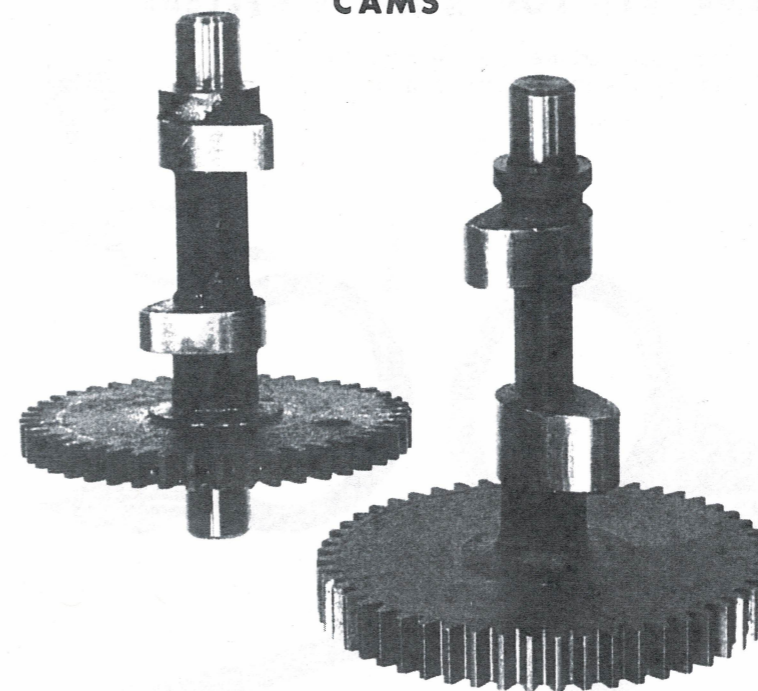

### HEAVY DUTY AIR CLEANER KIT FOR 3-4-5 HP BRIGGS.

Are you tired of cleaning the stock air cleaner after a couple hours of use? If so, the Heavy Duty Air Cleaner Kit is for you. It will run up to 5 times longer before cleaning, and gives up to 5% more power. The filter element is 2-3/4" high x 5" diameter with a 2-1/4" bore.

Part No. AB-107

## CAMS

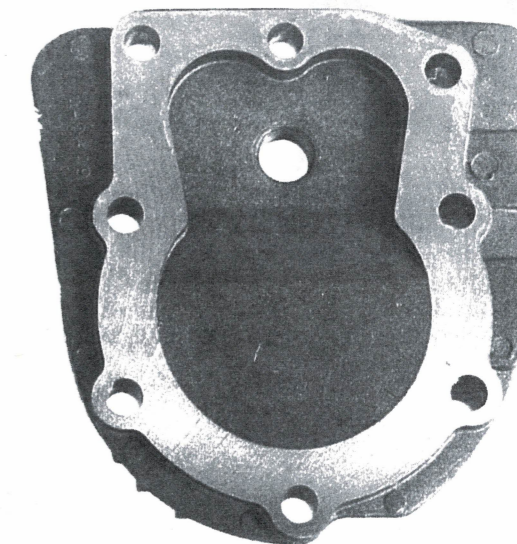

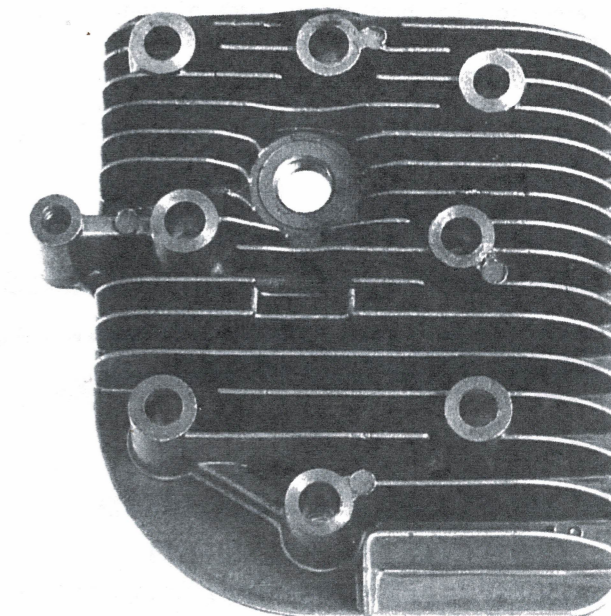

More power with less work, A.P.E.'s cam goes into your engine without extending the valves. This cam has been dyno tested for peak performance with a stock carburetor or the big bore carburetor. The cam has heliarc welded lobes that are reground for the best valve timing. This is not a reground used cam.

 Part No. AT-108-7 (5-6-7 HP Tecumseh)

## HIGH COMPRESSION HEAD

Instant power with a new head that is milled .060 for higher compression. Plus it will allow you to use Ethyl gas for top performance.

Part No. AB-108-3 (3 HP Briggs)  
 Part No. AB-108-5 (4-5 HP Briggs)  
 Part No. AB-108-8 (6-8 HP Briggs)  
 Part No. AT-105-3 (2 1/2-3 HP Tecumseh)  
 Part No. AT-105-4 (4 HP Tecumseh)  
 Part No. AT-105-5 (5-6-7 HP Tecumseh)

## RACING VALVES

A.P.E.'s Racing Valves are ground for the best possible air flow. They have the least amount of restriction by grinding down unneeded material on the valve and valve stem. Plus they are lighter than stock.

Part No. AB-119 (4-5 HP Briggs)  
 Part No. AT-117-4 (4 HP Tecumseh)

 Part No. AT-117-7 (5-6-7 HP Tecumseh)

## HIGH STRENGTH VALVE SPRINGS SET

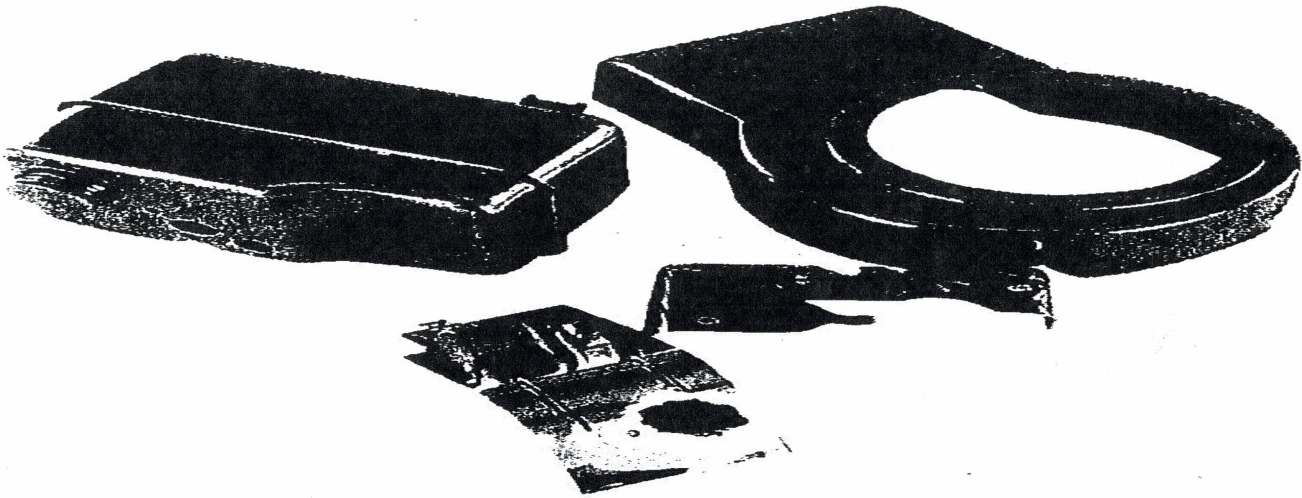

These are a must for the engine with a A.P.E. cam installed. They will help prevent valve float and give better cam following.

Part No. AB-112 (4-5 HP Briggs)  
 Part No. AT-109 (4 HP Tecumseh)  
 Part No. AT-109-7 (5-6-7 HP Tecumseh)
