

4x5
Commuter

The Job Eliminator

4x5
Commuter

The 4 x 5 has a 340 cc air-cooled engine, hydraulic disc brakes, automatic speed shifting transmission, forward and reverse gear box, 4-wheel drive posi-lock axles and a tilt box with a slide out tail gate.

Driving a 4 x 5 is easier than conventional type ATV's. It rides smoother, turns with less effort and is more stable climbing grades. The cargo box assures that loads are carried over the axles, not behind the wheels like racks on ATV's.

The 4 x 5 is a multi-purpose utility vehicle that can be used to do a wide variety of jobs.

Telephone and Powerline Checker

Irrigation Equipment Mover

Cemetery Workers' Pick-up

Railroad Yard Truck

Cross Country Ski Groomer

Citrus Growers' Wagon

SPECIFICATIONS FOR COMMUTER 4 x 5

ENGINE:

Type: Air cooled, 4 cycle single (Kawasaki)
 Displacement: 341 cc (20.89 cu. in.)
 Compression Ratio: 6.0:1
 Max. RPM: 4,000
 Horsepower: 9
 Max. Torque: 13.16 ft. lbs./2600 rpm
 Ignition: CDI (key switch)
 Starter: Electric (32 amp battery) Aux. rope pull
 Cylinder: Cast Iron
 Head & Crankcase: Aluminum alloy
 Balance: Independent Balance Shaft
 Bearings: Ball Bearings throughout
 Air Cleaner: Paper element with pre-cleaner

POWER TRAIN:

Transmission: Torque Converter with 1 1/4" wide belt
 Primary Drive: Gear driven transaxle with differential
 Secondary Drive: #50 O-ring chain with four-wheel drive lock-up
 Speeds: Forward, neutral, and reverse
 Ratio: Infinite from 62.5 low to 12.5 high
 Brakes: 8" hydraulic disk with 3.5 to 1 leverage
 Bearings: Sealed ball bearings throughout
 Axles: 1" spline driven
 Top Speed: 25 mph

CHASSIS:

Length: 8'6"
 Width: 48"
 Height: 41"
 Weight: 690 lbs. (dry)
 Ground Clearance: 10" at foot platform
 Cargo Box: 46" x 43" x 11" with spring assisted lift
 Tool Boxes: Two — 23" x 11" x 5" — (Lid optional)
 Load Capacity: Level terrain — 800 lbs. including driver
 Hilly terrain — 600 lbs. including driver
 Seating Capacity: 1 adult
 Tires: 22 x 11-8 front, 25 x 12-9 rear
 Fuel Capacity: 5.5 U.S. gallons
 Suspension: Hydraulic shocks — front
 Hitch: Solid drawbar type
 Throttle: Twist grip
 Brake: Hand lever w/parking brake
 Four-wheel lock-up: Foot operated pedal

OPTIONAL EQUIPMENT:

Tool Box Cover
 Padded Back Rest
 Hour Meter
 Winter Fairing

 55 Gallon Boom Sprayer

SAFETY:

The Commuter 4 x 5 is a work utility vehicle and is not a toy. Read the owner's manual before operating. The 4 x 5 should not be driven by children and is designed for adults only. The 4 x 5 is a one passenger vehicle and should not be used to transport people or kids in the cargo box. It is a off-road vehicle and should not be driven on hard surface roads. Always use extra caution when hauling heavy loads. Remember common sense is the safest way to avoid accidents.
